JANUARY, 2022

- Joy in the Story
- The Kids
- The Tale of 2 Buildings
- Questions & Discussion
- Future Principal Talks

Sometimes you have to
let go of the picture of what you
thought it would be like and learn
to find joy in the story you
are actually living.

QUESTIONS &

DISCUSSION

1. When will we see MAP results? Thanks!
2. When will Dec MAP Scores be distributed and will it be possible to get more comparisons by grade /school/district now that we have 2 sets of maps? Are MAP scores ever going to be on Infinite Campus? When will the next round of MAP testing take place as well as Milestones? Just looking for timing. Also did 1st semester grades get finalized and mailed? Sorry for all the questions! 😊
3. What % of students at MES are vaccinated per GRITS data in Jan 2022? (APS provided this data... but it was only a week or two after shots were approved for 5-12)
4. Do you know what the rationale was behind eliminating advanced math for 4th and 5th grade?
5. Given current infection rates at MES and the community, and now the opportunity not only for testing but vaccines available for all staff and students who choose, when will APS (and/or MES) propose a timeline for unwinding social distancing and masking policy. Open conversation about the whole child's well being/education in contrast to their risk of COVID is really needed.
6. Are you able to provide any information on the APS Summer Program at MES? Specifically will it be open to all students vs invitation only and do students have to attend all 4+ weeks or can they just go for the first 2? Any information would be much appreciated as we have to start registering for summer camps. Thanks
7. Is MES hosting a rising K summer camp 2022?
