Emily Fuller	Melanie Levs	Kimberly Dick	Stephanie Shumacher
Leda Everett	Karin Dusenbury		

### Members not in attendance

All members present

Minutes Read- Colin Heydt: Minutes approved

Public Comment- Moved to after the new business and discussion. Voted for public comment to be moved to the end of all discussion and planning meetings.

### Discussion

Discussion: Developing our school priorities

1) School Priorities: We discussed the proper shape and purposes of the school's strategic plan. This included identifying SMART (Specific, Measurable, Achievable, Relevant, Timely) priorities for Lin's academic program, talent management, systems, and culture.

Academic Program- We examined data on 2015-6 school performance, particularly the science and social studies scores, in order to determine relevant academic priorities.

Talent Management: Not Discussed

Culture: We discussed the importance of creating a "caring" culture, where morning meetings

are implemented and social emotional learning is taught regularly throughout the grade levels.

After discussing the data and potential priorities, it was decided that the team would look over data and come up with suggested school priorities by Monday, August 22. The suggestions will be compiled and discussed during the next Go Team Meeting.

### Public Comment:

Public Comment: Parent indicated that they would like to see achievable goals and national data comparison (Science/Social Studies not common core). She would also like to see school priorities that focus around our electives such as: Spanish, coding, music and arts.

A question regarding parent involvement in GO Team was asked.

Emily Fuller
