Discussion

Playground updates

1) Galit shared conversations from parents

- Parents who have reached out ask for the door to be closed during the school hours but to keep the playground open outside of school hours.

2) Mrs. Briscoe shared updates on playground/safety

- Candler Park Festival weekend kids wrote inappropriate messages on chalk board. It was not considered vandalism, because there was no permanent damage. As a result, APS is going to update the cameras to scan the playground. Legally the fence/gate has to be locked during school hours.
- Student left Mary Lin's campus by using the back gate of the playground. As a result, we now have a playground post on the playground and we have developed a missing child safety drill.

3) Team discussion on security of playground:

- Keep open for public use during the weekend and school breaks/locked during weekdays.
- Suggestion to hang a sign outside of the playground with rules of the playground and warning that the area is 24-hour video camera monitoring. No dogs
- Galit and Melanie are going to draft a sign and submit to APS for approval
- Habitat gate: Should be open for people to reach garden beds

4) Policy Created:

The playground will be open during the weekend/ school break and closed during the weekdays (Monday- Friday). The habitat gate will remain open.
