

Gifted Eligibility Report

Dear Parent/Guardian of Sample, Student Name,

The gifted eligibility team at your child's school recently reviewed assessment data gathered through the gifted eligibility assessment process. Your child's eligibility results are shown here. Assessment data are valid for two years. The following criteria are used to determine gifted eligibility status:

Option A: Mental Ability composite score threshold AND Achievement score threshold are met

- Mental Ability: Grades K-2 minimum Composite NPR = 99 OR Grades 3-12 minimum Composite NPR = 96
- Achievement: Minimum NPR = 90

Option B: Scores in three of the four categories must meet the threshold for eligibility

- Mental Ability: Minimum Composite or Component NPR = 96
- Achievement: Minimum NPR = 90
- Creativity: Minimum NPR/Score = 90
- Motivation: Minimum 8-12 Average/NPR/Score = 90

If your child is now eligible for gifted services, please print, sign, and return this report to your local school gifted contact teacher. Your child will be scheduled for gifted services at the beginning of the next semester.

If your child is not eligible at this time, district assessments will continue to be monitored for the next three semesters. If any of those district assessment scores result in future eligibility, you will be contacted by your local school gifted contact teacher. An ineligible student may receive another full battery of gifted eligibility assessments every other fall semester.

An absence of data in any one assessed area means the score from that area was not necessary/usable or additional assessment would not have resulted in eligibility, so assessing was stopped for this testing window.

This report is compiled, reviewed, and approved by a multi-member Gifted Eligibility Team at your child's current local school.

Student Name:	Student Number:	Date of Birth:
Sample, Student Name	9999999	03/05/2013 (Age: 11)

Based upon a review of the student's gifted assessment data within the past two years, the student is:

- Eligible through mental ability (appropriate composite NPR) and achievement
- Eligible through multiple criteria (3 of 4 categories must contain eligible scores)
- Eligible through _____ County. Date: _____
- Not eligible.

Parent Notification Date: 12/18/2024

Gifted Eligibility Report
