Benteen Elementary

Where Brilliance Rises to the Top

Dear Benteen Parents,

Welcome to an exciting school year at Benteen Elementary! My name is Ms. I. Marsh, and I am thrilled to be your child's Gifted and Talented teacher for the 2024-2025 academic year. Classes will commence during the first week of school on August 1, 2023. This year, all students will engage in talent development as part of their special area curriculum. Students identified as gifted will receive instruction through a collaborative approach and small group settings in reading and/or math. Rest assured, both instructional models will emphasize differentiation aligned with the Georgia Standards of Excellence and incorporate the APS gifted standards.

Please remember to ask your child about their activities in talent development each day. I am eager to have a successful and productive year of teaching and learning with all of you. Should you have any questions or concerns, feel free to reach out to me.

Best regards,
Ms. I. Marsh
