July 08, 2024

To our continuing scholars, WELCOME BACK to the 2024/25 school year at Coretta Scott King Young Women's Leadership Academy. To our new parents and scholars, we are excited about your decision to become an official member of the CSK family! We are elated and highly anticipating what we know will be a phenomenal school year. Each year we strive to provide a true "private school experience in our public school setting." Although we are growing in numbers, we have worked to maintain small class sizes 18:1 in our core content classes.

Our goal for the upcoming school year is to continue in our strides to improve academic outcomes by embracing rigor, remediation, and enrichment through direct and explicit instruction. In making this goal a reality, we will proceed Full STEAM Ahead in our efforts to create empowering academic experiences and exposure that champions status quo. This year, we will expand our world language offerings with the inclusion of ASL (*American Sign Language*) ACT/SAT prep classes, and Intro to Engineering for middle and high school scholars. As an Early College/STEAM Signature/pathway school, each child will be able to follow a program of study that results in optimal academic performance and preparation for high school, college, and career.
