ACADEMIC FAMILY PARTNERSHIP

"When schools and families partner with purpose, students thrive in every direction."

Question: *What is academic family partnership?*

Answer: Academic family partnership is the mutual responsibility between our staff and families to work together on behalf of students.

UNDERSTAND YOUR STUDENT'S DATA

To know where we're going, we must understand where we are.

Student performance data, like MAP scores, gives us an idea of where your student is right now.

UNDERSTAND THE ACADEMIC GOALS

Teachers set goals for students.
Parents do too!

Talk about this year's goals with your student's teacher(s).

BUILD MEANINGFUL RELATIONSHIPS

With **data** & **goals** in mind, schools & families can create stronger connections.

Every connection is an opportunity to *partner with purpose!*

Why is parent involvement important?

Did you know that when a parent is engaged in their child's education, it can directly lead to their academic success?

Research has shown students with engaged parents are more likely to have higher self-esteem, lower absenteeism, and earn higher grades or test scores.

Campus Parent enables parents/guardians to understand, monitor, and participate in the educational process anywhere and at any time.

Tips for Families to Support ELA at Home

- Read Together: Read books, news articles, or stories. Ask questions about what they understood or liked best.
- Writing Practice: Short stories, journal entries, or even thank-you notes. It builds confidence and creativity.
- Talk About Their Day: Ask them to explain something they learned using full sentences.
- Listen to Audiobooks or Podcasts: This builds vocabulary and helps them hear how ideas are shared clearly.

Ask a staff member about our school's ELA program and how YOU can reinforce learning at home.

2025 - 2026 STUDENT HANDBOOK

PED POLICY (PERSONAL ELECTRONIC DEVICE)

PROHIBITED USE OF CELL PHONE

Code 14F, APS Student Handbook, pg. 57

Students PreK - 12 are not allowed to use cell phones during the school day, once the bell rings. This includes class time, hallways, lunch, recess, assemblies, and free periods. All personal devices must be turned off and kept out of sight.

If a student wears a smart watch or smart glasses to school, the device can not be used to make/receive calls. If a student uses a smart watch or smart glasses to make calls the rule will apply.

Exception: Students with an approved IEP, 504, or medical plan may use a phone only if it's clearly required in their plan.

What Happens If a Student Breaks the Rule:

1. **First time:** Verbal warning
2. **Second time:** Phone is taken and returned only to a parent during a meeting
3. **Third time:** Phone taken + no phone allowed at school for one semester
4. **Fourth or more:** Phone taken + no phone allowed at school for one year

MANAGE YOUR STUDENT'S ACTIVITY ON THE **SECURELY PARENT APP**

The graphic features a central blue and white app interface. At the top, the title 'SECURLY PARENT APP' is displayed in large, bold, white letters. Below this, the Atlanta Public Schools logo (a stylized 'A' in a square) is on the left, and the 'securly home' logo (a shield with a heart) is on the right. The text 'Parent App' is centered below these logos. Further down, a 'home' logo (a house with a smiley face) is centered. A small paragraph of text reads: 'Atlanta Public Schools is excited to announce its partnership with Securly in safeguarding our students, your children. Securly is the leading solution in keeping children safe online at school.' The entire interface is framed by a blue border with glowing light effects. Two robotic hands are shown on either side, with their index fingers pointing towards the app interface. The background is dark blue with a grid of glowing purple lines.
