Virtual School Social Work Guidance

Who We Are: School social workers serve as a link between the home, school, and community to ensure students remain in school and graduate, reach their fullest academic potential, and grow socially and emotionally.

What We Do: School social workers support students' thriving in schools by removing barriers that hinder student performance. We provide services to students who face serious challenges to school success such as: mental health and behavior difficulties, access to basic necessities, abuse and loss of a loved one.

How to Contact Your School Social Worker

- Email your school social worker (see list on this flyer)
- In your email include your full name, student ID and your concern/question.
- The school social worker will respond to you either through email or will send you a link for a virtual meeting.

For mental health emergencies, please contact 911 or the following resources:

- Suicide Prevention Lifeline: 1-800-273-TALK (8255)
- Georgia Crisis and Access Line (GCAL): 1-800-715-4255
