May 21, 2024

Dear Carver STEAM Families & Community,

We are thrilled to announce that Niomi Henry has been named principal at Carver STEAM Academy beginning the 2024-25 school year. Ms. Henry will immediately begin working with Principal Andrew Fuller to set in motion the transition process before Mr. Fuller leaves at the end of this school year after serving successfully in the role for the past two years.

Ms. Henry is an engaging, innovative and experienced school administrator and educator, most recently serving as Assistant Principal of Instruction at Carver STEAM Academy. Her expertise in leading positive change within schools was further honed through her work at the Georgia Department of Education and Clayton County Public Schools as a School Effectiveness Specialist at the Georgia Department of Education and as a K-12 Academic Coordinator for Clayton County Public Schools. These experiences have equipped her with a deep understanding of instructional best practices, school improvement strategies, and the impact of local, state, and federal policy on school operations.

During her six-year tenure at Carver STEAM, Ms. Henry played a critical role in the school's academic achievement in recent years. Her contributions were instrumental in the removal of Carver STEAM Academy from all Georgia Department of Education school improvement lists in 2023. She has demonstrated exceptional leadership skills, dedication, and an unwavering commitment to the success and well-being of our scholars, and I am confident that Ms. Henry will sustain the momentum built by the entire Carver STEAM team.

We will be hosting a “listening tour” over the summer to celebrate this new appointment and provide an opportunity for students and families to meet Ms. Henry. More details about these events will be shared soon.

Please join me in wishing Mr. Fuller all the best in his future endeavors, and welcoming Ms. Henry to the principal role at Carver STEAM Academy.

With gratitude,
