

UNDERSTANDING NWEA'S MAP GROWTH ASSESSMENT

WHAT IS IT?

NWEA's MAP Growth test is a computer-adaptive test that measures skills in Reading and Math. As students answer questions correctly or incorrectly, the test adjusts the level of difficulty based on individual performance. APS uses MAP Growth as a nationally normed assessment and as a universal screener in grades 9-12. Students' results will be made available to students and parents.

HOW IS IT USED?

MAP Growth is a nationally normed assessment, which provides schools with performance norms by utilizing data from more than 10 million U.S. students. Teachers can use the results to help inform instruction, personalize learning, and monitor the growth of individual students. Administrators can use the results to help see the performance and progress of a grade level, school, or the entire district. MAP Growth is not used as a part of a student's grade. MAP Growth can be used as a

WHO TAKES IT? WHEN?

HIGH SCHOOL
Grades 9-12

2022-23 MAP Testing Windows

- August 8-19
 - Reading 8-12
 - Math 15-19
- November 4-18
- March 6-7

HIGH SCHOOL students will take the MAP Growth up to three times per year.
