It is my sincere honor to serve as the principal of Carver Early College. Having lived in the community as a child and having served as an educator on the Carver campus for 9 years, I am humbled to return and lead this dynamic institution. Through servant-leadership, I endeavor to empower the scholars, teachers, families, and stakeholders to continue the school's remarkable legacy of distinguished student achievement.

For the past 18 years, I have confidently served as an innovative educator and instructional leader. Throughout my career, I have challenged students to push themselves beyond their own limitations to meet and exceed their academic and social and emotional goals. As principal of Carver Early College, I will hold scholars accountable for academic and behavioral excellence. I will prioritize student safety to ensure the learning environment is conducive to meet the needs of all scholars.

I am adamant about providing our scholars with exceptional learning experiences, and I will be relentless in my efforts to build teacher capacity. As an instructional leader, I endeavor to empower teachers to become reflective practitioners as they continue to grow professionally. Of equal importance, I am a firm believer in building positive school culture that permeates throughout the community. I will marshal this effort and create teams of champion educators to promote and acknowledge the profound accomplishments of our scholars and our teachers at Carver Early College.

Finally, I will work in tandem with parents and stakeholders to secure resources and support structures that provide our scholars with unprecedented educational opportunities. On the same note, I aim to implement Social Emotional Learning into our daily curriculum, for I am an advocate for educating the whole child. I vow to work collectively with the Carver Community to manifest the mission of Atlanta Public Schools, "With a caring culture of collaboration and trust, all students will graduate college and career ready." Panther family, let us prepare for the best year yet!

Sincerely,

Christina Rogers
