Dear APS Graduating Senior,

Congratulations! As you embark on the next phase of your journey, your commitment to community service does not have to be affected after you cross the stage. During the summer months, June-August 2023, you will be able to continue to use your current login credentials to access your MyVoluntier account. Instead of logging into MyBackPack to access your community service hours, please proceed to myvoluntier.com to login. Some time on, or before, September 15, 2023, you will be prompted to **add your personal email address to replace your APS username**. You can keep the same password, but we highly recommend that you change your username and password at the same time.

Step 1: Go to the MyVoluntier website, www.myvoluntier.com.

Step 2: Log into the MyVoluntier platform with your APS credentials.

Username → email address

Password → lunch number
