

# STEM Looks Like YOU.

## THE SUMMER AFTER 9TH GRADE AND BEYOND, YOU WILL:

- Live on a college campus as part of a 3-week hybrid residential and virtual STEM education program during the summer
- Build core computer science, technical, academic, and life skills needed to participate and succeed in STEM and the future workforce
- Connect with STEM professionals
- Have access to college and work readiness opportunities, including paid internships with leading companies in tech & other industries

# SMASH

## SMASH ACADEMY

100% FREE STEM immersive college prep program

Learn to thrive in STEM majors + tech careers

## APPLICATIONS OPEN NOVEMBER 1ST

9th grade students from underrepresented communities in STEM are encouraged to apply
