Greetings Raider Family,

As an Atlanta native, I am extremely proud of our Atlanta Braves in defeating the Houston Astros and becoming the MLB World Series Champions. This is a historic moment for our city and community. On Friday, our students will not have school due to the city-wide district closure in observation of this district wide holiday. We hope that you join us in celebrating this momentous occasion.

Title 1 is a federal program that provides funding to local school districts to help ensure that all children in the Title I school district meet the state's high academic standards. Title I, Part A provides for substantive parent and family engagement in grade K-12.

Benjamin E. Mays students participating in the Title I, Part A program, and their families agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the State's high standards.
