A Note From Doc

Greetings Raider Family,

We are less than a month away from the end of school. I want to thank you all for your help and support this year. Together, we made the impossible possible by working together to chart a new path for our students. We have succeeded despite the challenges of the pandemic and virtual learning. One of my new favorite quotes is "It's not how you **start**, it's how you **finish**!". This quote reflects our current reality as it relates to making sure we finish strong. Also, it reflects the power of moving forward despite some of the challenges that hindered us in our past. Parents, unless your student is sick please make sure they are logging into their classes, participating in their classes, and turning in their assignments. We will be sending out letters next week to notify parents know if their student is failing one or more classes.

Senior Parents

Family, graduation is right around the corner. As we prepare to celebrate our senior walking across stage, please make sure you are reviewing your student's grades and contacting their counselor or teachers if you need our support. Remember that the **2021 Commencement is on May 24th at the Georgia Tech Bobby Dodd Stadium.**

Student Cameras

It is the expectation that all students have their cameras on during the first 15 minutes of instruction to ensure students are in attendance and engaged during direct instruction. It is also the expectation that all cameras be on while students take quizzes and tests.

If your student needs help getting their username and student number, please call 404-802-5100 for assistance. Have an aMAYSing week! Please check out our Weekly Parent Raider Report for additional news and information.

Sincerely,

Doc
