THE RAIDER REPORT

Celebrating Our Raiders

Our SGA hosted Breakfast with the Board Members today and it was a great success! Under the leadership of our SGA Co-Presidents Makeda Hailu, Termarr Johnson, and Senior Class President Jordan Campbell.

Students cannot order or have outside food delivered or brought to them during school hours.

Lost Laptops

If a student's laptop is lost, please fill out an obligation form and submit to Ms. Sales (dsales@apsk12.org). Please let your kids know that a lost laptop will cost them \$100.

Greetings Raider Family,

Thank you for an aMAYSing week on The Hill. This week, our students participated in College and Career Readiness Week celebrations. On Thursday, our students had the opportunity to speak with various industry leaders, entrepreneurs, lawyers, and a CEO of a company. It was great to see the smiles on the students faces as they interacted with our guest speakers. We are confident that the knowledge that our students gained from the guest speakers will inspire them to pursue their postsecondary aspirations.

March is Women's History Month. This is a month that we recognize the sacrifices and accomplishments of women leaders who have paved the way for current and future women. As the leader of "The Hill," I strive to model and exemplify the strengths and skills that our ladies will need as they grow into their potential.

As always, have an aMAYSing weekend!

Sincerely,
Doc

THE RAIDER REPORT

Raider Family,

Spring denotes the beginning of testing season and we want to make sure we communicate requirements for our Raider families. The two largest tests that will be given this Spring are the ACCESS for ELLs and the GA Milestones EOCs. Both tests are extremely important, as they provide essential data on the progress and readiness of our students. They also directly impact our schools College and Career Performance Readiness Indicator (CCRPI), which serves as our official school report card. All Juniors will also take the SAT and ACT in March. Please view the letter found [HERE](#) for more detailed information.
