- **Teachers who teach different content classes will communicate with their students on Google Classroom the specific time and/or day for the live meeting within the assigned subject-area block.**
 - Teachers are required to facilitate & record a minimum of one live instructional session (Google Meet or Zoom) per week during the assigned block.
 - These live sessions will not necessarily be 60 minutes in length. They will be recorded and shared on the Google Classroom for students who miss them or have a conflict.
 - The other period of time within each block is to be utilized for online learning platforms, such as Edgenuity.
- **Student Participation will be recorded ongoing throughout the week in Infinite Campus Gradebook by each teacher. Please ensure that all assignments being assessed are turned in no later than Friday of each week.**
