MIDDLE SCHOOL

May 18, 2022

Dear Parents,

We've finally come to the end of the 2021-2022 school year. It has been a successful year of teaching and learning. We are appreciative and thankful for your efforts in making this year one of positive academic and social growth. It is important that our scholars continue to work hard and act as positive role models as we finish the school year.

In preparation for the last week of school, we wanted to reiterate the importance of all students maintaining appropriate behavior and attending school regularly. Teachers will continue to provide engaging activities to students in the classroom for the remainder of the year. It also continues to be our expectation that students make good behavior choices for the remainder of the year.

While we hope that all students are able to enjoy our end of year activities, as a reminder, participation is a privilege. Students in violation of our school's code of conduct as stated in the APS Student Handbook will be **ineligible** to participate in end of the year activities. Please see below a reminder of the criteria for participation.

Any instance in which a student receives

- 1 Saturday School**

- 2 or more Detentions**

will be ineligible to participate in end of the year activities.
