Britannica Image Quest

Britannica Image Quest is a database of over 3.25 million pictures that can be safely used to enhance learning and demonstrate Visual Literacy standards in our classrooms. This is a great tool for virtual learning. Britannica is located in MY BACKPACK e-resources app. These images, templates and activities can be used in a variety of ways to enhance our students' visual literacy, such as **virtual timelines**, **see think wonder activities**, **gallery walks**, **best-in-search quests**, **image dictionaries** and **sequencing activities** and more!

Visual literacy is so important. Many times it opens 'new windows' of learning for students who may have difficulties with words. This resource is a safe place for students and teachers

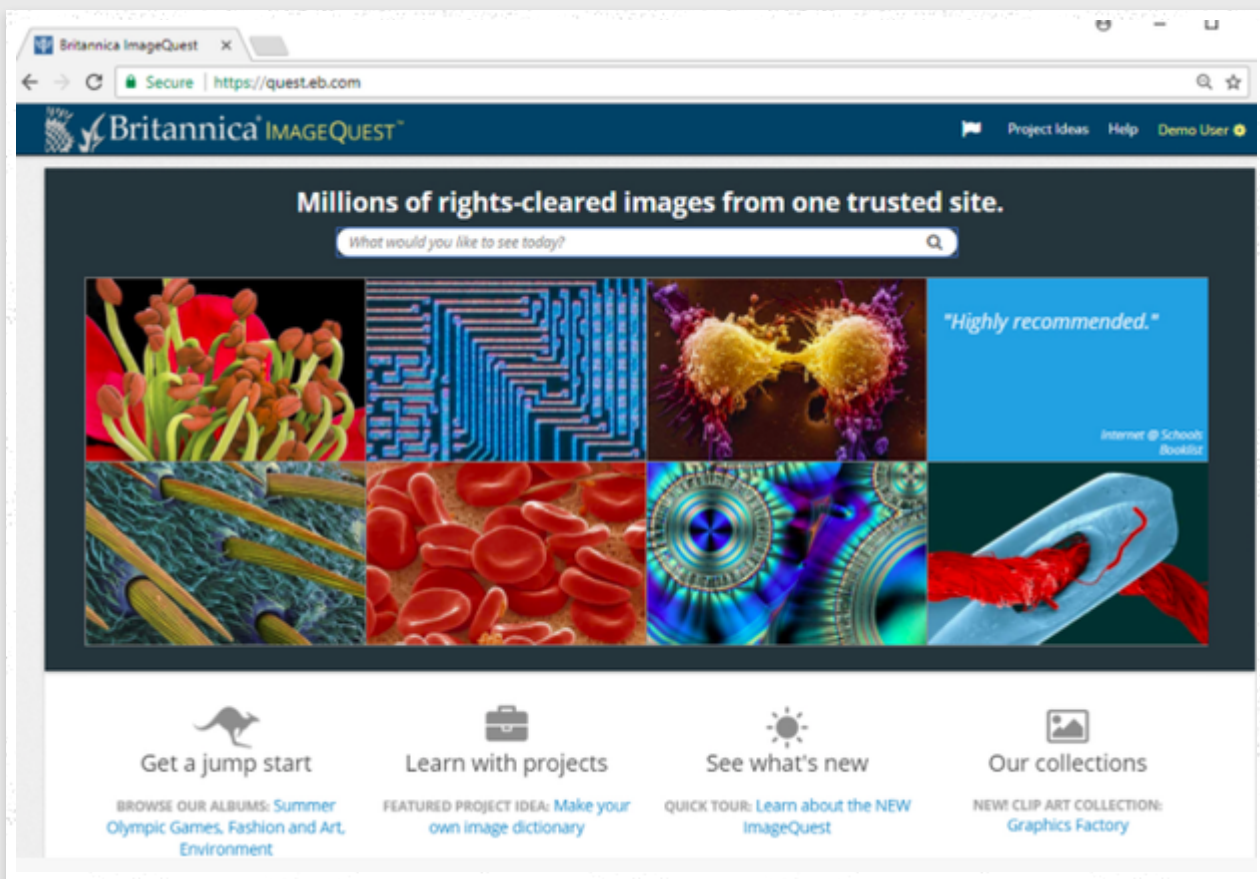

an objective. <https://www.georgiastandards.org/Georgia-Standards/Pages/ELA-K-5-Webinar-Visual-Literacy.aspx>

BRITANNICA IMAGE QUEST

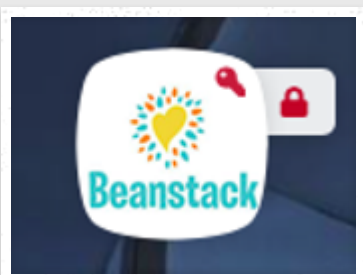

This visual literacy tool is great for images that are safe and copyright protected to be used in the classroom by teachers and students

Who knew there is such demand from parents and kids for desks at home where kids can attend school virtually?? The response to our offer to build free desks for kids in metro-Atlanta has been incredible! After our initial post, we've had over 500 families request over 1000 desks... we had no idea.
