

January 19, 2023

Greetings TAG Parents and Families,

This morning we had a pipe burst in our building. We were able to address the issue onsite and our APS maintenance team quickly responded to the concern.

We did have to limit use of the restrooms in order to resolve the issue. Students took restroom breaks with their teachers to the Connally building located behind our school.

Staff and administration were available there for the remainder of the day to provide access to the restrooms as needs arose.

As a result of this issue, all after school activities were canceled this afternoon. This afternoon after our students were dismissed, we received official notice that the issue has been resolved and normal school operations will continue tomorrow. This includes the reopening of our afterschool CNG program.

We **WILL** be open tomorrow for face-to-face instruction at TAG Academy. We are looking forward to seeing each and every one of our bright scholars tomorrow morning beginning at 7:15 a.m.

Thanks always,

*Melanie Sithole*
