Bill to Date = \$22,916,635

Current Completion Date:

July 10, 2019

## Project Overview

South Aerial View (6/25/19)

## Safety Sector

## “Wet Cutting Masonry”

Masonry Trade Partners are using an integrated water delivery system on their masonry saws. This system uses pumps to circulate a continuous stream of water onto the cutting blade. This system is used per OSHA recommendation to help reduce the creation and potential exposure to silica dust.
