

“Adam’s grandmother was 10 times older than Adam’s sister when Adam was 4. Now, Adam is 24 and his sister is 26. How old is his grandmother now?”

“In a regular 52-card deck, what are the odds you pull 2 aces out in a row?”

*“Is 181 a prime number?
How many factors does 56 have?”*

If you like math and problem-solving

If you are competitive and like to be challenged

Join the D.T. Howard Middle School
