

# Top Reasons Why You Should Attend T.J. Perkinson Elementary

Perkinson Elementary is a place that represents the future we want our students to have. Perkinson will provide opportunities for our students to explore technology, college and career readiness, foreign language, STEM, and the fine arts.

2018-2019

**We Believe.**

**We Can.**

**We Will.**

*2018-2019 will be better than ever!*

## POSITIVE BEHAVIOR INCENTIVES

We utilize positive reinforcement to acknowledge students for their successes and build children up. Students can earn monthly parties for their house and their individual outstanding achievement and behaviors.

## SOCIAL-EMOTIONAL LEARNING

We teach Social and Emotional Learning lessons every morning to help students navigate through their emotions and build strong relationships with their peers and adults.

## EXTRACURRICULAR ACTIVITIES

We believe that providing exposure to various extracurricular clubs based on student interest is essential to building the whole-child.

**Carver Cluster:  
Preparing  
students to be  
College and  
Career Ready**

**WE BELIEVE ALL  
CHILDREN CAN LEARN  
AND WILL ACHIEVE!**

## READING INSTRUCTION

We provide students with individualized phonics instruction with a 1:6 teacher-student ratio to all students in K-2 every single day. This will help us ensure that all students enter 3rd grade on grade level in Reading.

## MATH INSTRUCTION

We will be implementing Eureka Math. Eureka Math connects math to the real world in ways that take the fear out of math and build student confidence—helping students achieve true understanding lesson by lesson and year after year.

## INSTRUCTIONAL PRACTICES

We utilize cyclical practices to teach our students to give students multiple opportunities to grasp new concepts. This allows for instruction on each standard to be ongoing so that even if students don't grasp a concept the first time around, they will have several additional opportunities for mastery.

## DUAL LANGUAGE IMMERSION PROGRAM

We are revamping our Dual Immersion Program to ensure the highest quality of Dual Language instruction beginning with Kindergarten.

## SPECIALS

Our specials schedule for students includes not only Art, Music, and P.E., but also Spanish and Technology. This helps students to engage in a 21st century learning experience and become well-rounded life-long learners.

## TECHNOLOGY

In addition to weekly technology courses, our students engage in various online experiences on a daily basis, as each grade level has their own designated technology cart for students to utilize during instruction.
