

Volunteer/Internships/Training Opportunities

Biomedical Science and Engineering

Overview

The purpose of this Guide is to provide information on metro –area summer volunteer, internship, employment, training and enrichment opportunities in the areas of:

- **Math, Technology, Engineering**
- **Science, Biology, Chemistry, Biomedical Sciences**
- **Environment, Nature, Conservation**
- **Animal Care, Veterinary Sciences, Animal Husbandry**
- **Health Care, Public Health, Wellness, Social Services**

This Guide is not an exhaustive list of opportunities but is meant to highlight organizations with established programs targeted toward high school students. The Guide provides a description of the organization, relevant programs/services, and information about the application/registration process. Many of the opportunities require an application process so please note applicable deadlines on the provided websites.

For More Information

If you have any questions or are aware of additional opportunities that are not listed on this Guide, please contact Paige Cucchi at 404-931-0004 or p_cucchi@comcast.net

MATH, TECHNOLOGY, ENGINEERING

Organization	Description	Program/Services	Application/Registration Process	Location/Contact
Center for Education Integrating Science, Mathematics, and Computing - Georgia Institute of Technology	Center for Education Integrating Science, Mathematics, and Computing (CEISMC) is a partnership uniting the Georgia Institute of Technology with educational groups, schools, corporations, and opinion leaders throughout the state of Georgia.	CEISMC Summer P.E.A.K.S. (Programs for Enrichment and Accelerated Knowledge in STEM) are hands-on, interactive learning experiences. Summer P.E.A.K.S. give participants the chance to enhance learning during the summer in experiential activities on campus at Georgia Tech. P.E.A.K.S. cover many different Science, Technology, Engineering, and Mathematics (STEM) concepts. Past session topics have included Astronaut Cadet, The Chemistry of Biofuels, iPhone app/game development, and many more.	Check website in the Spring of 2013 for information about next PEAKS sessions	summerceismc@gmail.com (678) 929-7639 https://www.ceismc.gatech.edu/summerprograms
Engineering Career Conference (ECC) – Georgia Institute of Technology	The Georgia Tech Women In Engineering (WIE) Program presents the Engineering Career Conference (ECC) for current Sophomore, Junior and Senior high school students. This is a 2-day investigation of engineering majors and careers.	Two Day Conference	Contact conference coordinator	Georgia Institute of Technology, 225 North Ave. NW, Atlanta, GA 30332-0360 (404-385-7431) Catrice Cooper catrice.cooper@coe.gatech.edu
Exploring Engineering Academy - Georgia Institute of Technology	Engineering-themed summer camp at Georgia Tech for youth to explore hands on engineering activities.	Summer Camp focusing on activities related to a particular engineering discipline (electrical, industrial, transportation, mechanical, civil,		Stephanie Hynes 770-989-2860 shynes@atlantabsa.org

	Sponsored by the Atlanta Area Council	architecture, aeronautical).		
Hands-On-Tech - HOT Days @ Georgia Institute of Technology	Hands-On-Tech - HOT Days @ GT is a one-week long summer enrichment program designed to introduce metro Atlanta high school students to Electrical and Computer Engineering (ECE) concepts. Program attendees will be exposed to a wide variety of hands-on activities, including building a computer, working with robots, using music synthesis technology, building simple digital logic circuits, constructing a speaker from common household parts, and tours of various research labs.	<p>The H.O.T. Days @ Georgia Tech camp is a one-week-long summer program designed to introduce students to electrical and computer engineering (ECE) concepts. The goal of the program is to instill an interest in ECE and increase the number of high school graduates majoring in this field.</p> <p>Camp attendees participate in a wide variety of hands-on activities and projects, including building a computer, working with robots, using music synthesis technology, building simple digital logic circuits, constructing a speaker from common household parts, and tours of various research labs. ECE faculty and researchers design and teach the activities and are assisted by ECE undergraduate and graduate students.</p> <p>Two sessions of the program are offered each summer.</p>	<p>Program is open to rising sophomores and juniors.</p> <p>Twenty participants, rising sophomores and juniors, per session will be selected from a statewide applicant pool.</p> <p>Application Process The application fee is \$15 and is nonrefundable.</p> <p>Admitted students are charged a registration fee of \$150.</p> <p>A limited amount of need-based financial assistance is available.</p> <p>Students interested in participating in the program should download and complete the application and teacher recommendation forms and return them together with the application fee by deadline.</p> <p>*Application deadlines apply!!!</p>	<p>http://www.ece.gatech.edu/academics/outreach/hot-days/index.html</p> <p>Ms. Nirvana Edwards: nirvana.edwards@ece.gatech.edu</p> <p>Dr. Conrad: leyla.conrad@ece.gatech.edu</p>
Institute for Computing Education (ICE) – Georgia Institute of Technology				

SCIENCE, BIOLOGY, CHEMISTRY, BIOMEDICAL

Organization	Description	Program/Services	Application/Registration Process	Location/Contact
Bio@Tech – Georgia Tech Institute of Technology	Georgia Tech School of Biology and Center for Education Integrating Science, Math and Computing offers BIO@TECH, an intensive three-week investigative biology experience for high school students with strong interests in the biological sciences.	Three week program that focuses on: Topics included in each session will vary, and include selections from the following: <ul style="list-style-type: none"> • "Glow Germs " - creating bacterial cells that glow in the dark. • "CSI: GT" - DNA forensics. • "Power of the Plankton" - ecology of oceanic and freshwater plankton (includes field trip). • "Daughters of Eve" - mitochondrial DNA ancestry. • "Life on the Edge" - microbes found in harsh and extreme environments. • "Breaking the Code" - DNA sequencing and identification. • "Green Genes" - detecting genetically modified foods. 	There is an online application process. The complete Application requires: <ul style="list-style-type: none"> • An Application Form • A Student Essay of Interest • Two (2) Teacher Recommendations • Application Fee of \$25 (mailed to address below) Selection Process and Fees <ul style="list-style-type: none"> • Fifteen to twenty-five rising 11th and 12th graders with a strong interest in biology, chemistry, or biomedical sciences will be selected based on a review of their portfolio. • Exceptional rising 10th graders will also be considered. • Interested students should have completed at least algebra and one year of high school biology. Applications are encouraged particularly from students historically 	Georgia Tech BIO@TECH Program ATTN: Benita Black Georgia Tech School of Biology 310 Ferst Drive Atlanta, GA 30332-0230 benita.black@biology.gatech.edu http://www.biology.gatech.edu/biotech.php

			<p>under-represented in the fields of science, mathematics, and engineering.</p> <ul style="list-style-type: none"> Students accepted into the program must submit a tuition fee. <p>*Application deadlines apply!!!</p>

ENVIRONMENT, NATURE, CONSERVATION

Organization	Description	Program/Services	Application/Registration Process	Location/Contact
Arabia Mountain National Heritage Area	The Arabia Mountain National Heritage Area in DeKalb County includes the Davidson-Arabia Nature Preserve and Panola Mountain State Park. These areas offer hiking, biking and AWARE, the Atlanta Wild Animal Rescue Effort rescues sick or injured wild animals, rehabilitates them at their facility and returns them to the wild.	Volunteers needed to help with outdoor activities, special events or daily support.		<p>3787 Klondike Road Lithonia, GA 30038</p> <p>http://arabiaalliance.org/</p> <p>770-847-6744</p>
Chattahoochee River National Recreation Area	The Chattahoochee River is a National Recreation Area (NRA). The NRA offer opportunities to float, fish, or play in 48 miles of river as it flows through the northern suburbs of Atlanta. The NRA also offers 15 land units and miles of trails.	<p>Volunteers needed for a variety of activities:</p> <p>Trash Clean-up Clear out truckloads of trash including but not limited to balls, cans, bottles, Styrofoam, chairs, ice chests, and treated lumber!</p>	Contact Volunteer Coordinator	<p>Dave Thomas, Volunteer Coordinator</p> <p>678-538-1244</p> <p>http://www.nps.gov/chat/supportyourpark/volunteer.htm</p>

		<p><u>Trail Building and Maintenance</u> With over 50 miles of trails in 15 separate park units, there is no end to trail maintenance and ample opportunities to improve the sustainability of pre-existing trails.</p> <p><u>Non-native Species Control</u> Join other individuals, groups, and organizations working in teams removing non-native plants to make a noticeable difference in the parks environment.</p> <p><u>Trail Blazers</u> The goal of this program is to provide an additional set of eyes and ears for park staff along the 48- mile stretch of the Chattahoochee River.</p> <p><u>Special events</u> Greet visitors, haul boats, and staff booths are just a few of the many tasks that are accomplished by very energetic volunteers as special events in the park.</p> <p><u>Educational Programs</u> Help students learn and discover the cultural and natural lessons waiting for them in the park.</p> <p><u>Reoccurring Activities</u> The park sponsors a number of activities throughout the year.</p>		
Dunwoody Nature Center	Dedicated to inspiring a love of nature and cultivating	Volunteer needed for service-day projects (Hands On Atlanta day, etc)	Online application required	5343 Roberts Drive Dunwoody, GA 30338

	<p>environmental understanding and stewardship by:</p> <ul style="list-style-type: none"> • conserving and enhancing Dunwoody Park • educating children, families and adults of all ages about the natural world and our place in it • motivating environmental awareness and responsible action. 	<p>and ongoing service activities such as:</p> <ul style="list-style-type: none"> • Trail Maintenance • Wetlands Restoration • Composting • Maintenance • Special Events 		<p>http://www.dunwoodynature.org/Forms-Volunteer</p> <p>770.394.3322</p>
Fernbank Museum of Natural History	<p>Fernbank Museum’s mission is to inspire life-long learning of natural history through immersive programming and unmatched experiences to encourage a greater appreciation of our planet and its inhabitants.</p>	<p>The Fernbank Ultimate Naturalist program, also known as the FUN volunteer program, is an opportunity for youth ages 12-17 to be directly involved public events at Fernbank Museum. FUN volunteers staff discovery carts that teach museum visitors about dinosaurs, ancient sea life and archaeology. FUN volunteers also assist with special family event days, assist with educational programming and help with other special projects. FUN volunteers also attend educational and social events at the Museum, and have an opportunity to visit behind the scenes.</p>	<p>FUN volunteers must commit to the program for a minimum of one year and provide a minimum of 45 hours of service to the Museum.</p> <p>The 2012-2013 FUN program is full and we are no longer accepting applications. Information regarding the June 2013-May 2014 program will be available in early 2013.</p>	<p>Education Department at 404.929.6341</p> <p>fun@fernbankmuseum.org</p> <p>http://fernbankmuseum.org/give/volunteer/fun/</p>
Georgia Organics	<p>Non-profit dedicated to promoting sustainable foods and local farms in Georgia. 	school.			
Piedmont Park Conservancy	<p>The nonprofit organization, working with the City of Atlanta, to preserve historic Piedmont Park as a vital urban green space and as a cultural and recreational resource that enhances the quality of life for all Atlantans.</p>	<p>Volunteer programs include:</p> <p><u>Clean & Green Team</u> Landscape maintenance projects. Projects may include mulching, seasonal planting, pine strawing and general park beautification. Those under 18 years of age are required to have parental supervision.</p> <p><u>Green Market Brigade</u> A program in partnership between the Piedmont Park Conservancy and the City of Atlanta Parks, Recreation and Bureau of Cultural Affairs and offers fresh, locally grown produce, farm fresh meats, artisan cheeses, snacks for everyone, live music, chef demos, kids programs and plain fun for all in a weekly open-air farmer's market. Volunteers shifts are every Saturday between 7am and 2pm. Volunteers must be 13 years of age and older unless accompanied by an adult, able to communicate effectively with the public, lift up to 20 lbs., and work outdoors in various weather conditions (Market is rain or shine).</p> <p><u>Leash Free Alliance of Piedmont Park (LAPP)</u> Piedmont Dog Park Patrol – Help with park maintenance. Volunteers must be 13 years of age and older unless accompanied by an adult. Volunteer shifts are on the 3rd Saturday of each</p>	<p>Volunteers must register to become a volunteer through Hand on Atlanta (HOA): http://www.handsonatlanta.org/</p>	<p>Piedmont Park Atlanta, GA</p> <p>Piedmont Park Manager of Volunteer Services – Eli Dickerson volunteer@piedmontpark.org</p> <p>404.875.7275 x247</p> <p>http://www.piedmontpark.org/support/volunteer.html</p>

		month (except the month of April) and coincide with our 3rd Saturday Clean and Green Team volunteer opportunities.		
TLW Center for Natural Urban Agriculture	Non-profit urban farm that works to engage the community in developing local food systems through education and sustainable food production	<ul style="list-style-type: none"> • Internships • Summer Camps • Classes • Tours 		<p>Old Fourth Ward, 75 Hilliard Street N.E., Atlanta</p> <p>Truly Living Well P.O. Box 90841 East Point, GA 30364</p> <p>Phone: 678.973.0997 Fax: 678.973.2671</p> <p>admin@trulylivingwell.com</p> <p>http://trulylivingwell.com/index.html</p>
The Wylde Center (formerly the Oakhurst Community Garden Project)	Engages youth, families, and individuals in their environment and health within communities. Focuses on sustainable urban living, organic gardening, health and nutrition. The youth program is one of the largest youth service organizations in the metro-area and provides extensive youth education programs year-round focusing on developing creative skills in organic gardening as well as health and nutrition. In addition, the two managed garden	<ul style="list-style-type: none"> • Programs • Classes • Special events 		<p>435 Oakview Road, Decatur, GA 30030</p> <p>(404)-371-1920</p> <p>http://wyldecenter.org/programs/youth-programs/</p>

sites serve as demonstration gardens, gathering spaces, and wildlife habitats.

ANIMAL CARE, VETERINARY SCIENCES, ANIMAL HUSBANDRY

Organization	Description	Program/Services	Application/Registration Process	Location/Contact
Atlanta Zoo	An Association of Zoos and Aquariums (AZA) accredited zoological park founded in 1889. The zoo is Atlanta's oldest cultural destination and is one of the oldest continuously operating zoological institutions in the United States. The zoo houses over 1,300 animals representing more than 220 species. Home to the nation's largest collections of gorillas and orangutans, the zoo is also one of only four zoos in the U.S. currently housing giant pandas.	<p>Volunteer program focuses on growing leadership, interpersonal, and job skills while fostering responsibility, customer service and commitment. New Volunteers provide hands-on activities and answer questions about select animal exhibits. Over the course of the first year volunteers can get involved in areas such as Summer Safari Day Camp, Horticulture, and Special Events, including Boo at the Zoo and Party for the Planet.</p> <p>Returning Volunteers (second year and up) have the opportunity to work alongside Zoo staff performing animal care and husbandry.</p>	<p>Requires application/selection process.</p> <p>Applicants must:</p> <ul style="list-style-type: none"> • Be 14-17 years old by June 1, 2012 • Truly interested in making Volunteering a number one extracurricular activity of the year • Make a one-year commitment. • Keep a consistent schedule at the Zoo all year; teens must accumulate approximately 200 or more hours a year. • Attend orientation and training sessions on designated dates • Complete online application process by deadlines cited. <p>*Application deadlines apply!!!</p>	<p>800 Cherokee Ave. SE Atlanta, GA 30315</p> <p>(404) 624-WILD</p> <p>teenvolunteer@zoatlanta.org</p> <p>http://www.zoatlanta.org/home/volunteer/volunteer</p>
Fur Kids	FurKids is a non-profit organization that provides a cage-free, no-kill shelter for rescued	Furkids is one of the only shelters in Georgia that welcomes people of all ages to volunteer.	Volunteers must complete an online application	Belinda Kach volunteer@furkids.org.

	<p>animals where they can experience the best care in a loving environment until they are adopted. Each year they rescue, shelter, sterilize, rehabilitate, and place hundreds of animals in permanent, loving homes.</p>	<p>Volunteer opportunities include:</p> <p><u>Shelter Caretaker (open to all ages)</u> Children younger than 16 are welcome with a parent or guardian present. The Furkids shelter has about 200 cats living in a large, cage-free environment that feels more like a day-care center than an animal shelter. Responsibilities include working in the rooms to provide the cats with fresh food and water, cleaning litter boxes, and mopping the floors. In addition to cleaning the rooms, there is ample opportunity to engage with the cats by petting and playing with them and providing them with much needed human contact and TLC.</p> <p><u>Thrift Store Volunteer (ages 16-18)</u> This is an opportunity for teens to work on the fundraising side of Furkids at the Furkids Thrift Store, a 7,000 sq. ft. store that generates revenue to help cover the operating expenses of the shelter. Volunteers are responsible for receiving and sorting incoming donations and staging them onto the sales floor and/or tidying the merchandise on the display racks. This is a great opportunity for young volunteers that like working in a retail environment or who are allergic to cats.</p>		
--	---	---	--	--

		<p><u>Saturday Dog Handler (ages 9-18)</u> Furkids has a few dogs available for adoption. They can be meet potential owners on Saturdays at one of our PetSmart or PETCO adoption centers located throughout Metro-Atlanta. This opportunity is for young people that are comfortable handling dogs in a bustling retail environment. Dog handlers are responsible for walking the dogs and making sure they are secure at all times. There is some interacting with the public.</p> <p><u>Santa Photo Helpers (Seasonal) (ages 9-18)</u> Young volunteers are needed to help pet owners stage their dogs (and other pets) with Santa for a Christmas keepsake photo. This event takes place at select Furkids’ metro-Atlanta adoption centers. Helpers are needed the first three weekends of December. This is an important fundraiser for Furkids and a great opportunity for groups of young volunteers that enjoy working together. Several helpers are needed at once – people to welcome, people to stage pets, people for photographing, and people for assembling the photos – oh, and dads to fill in as Santa!</p> <p><u>Fundraising Team Captains (open to all ages)</u> Furkids welcomes the involvement of young people in our fundraising</p>		
--	--	--	--	--

		efforts. Children of all ages can initiate a number of projects to raise money for the shelter. From dog washes to lemonade stands and garage sales, children can have an important impact on the day-to-day expenses of caring for the homeless animals in the Furkids program.		
Georgia Aquarium	The world's largest aquarium, featuring more animals than any other aquarium in more than ten million gallons of water and sixty exhibits. The aquarium is a leading facility for aquatic animal conservation and research. It operates the Correll Center for Aquatic Animal Health, a state-of-the-art animal health facility and veterinarian teaching hospital. The Georgia Aquarium is a 501(c)3 organization.	<p>The Georgia Aquarium Youth Volunteer Program is a four month program that gives 14 & 15 year olds the chance to learn more about the oceans, their animals, & the Georgia Aquarium.</p> <p>During each session, teens will assist Camp H2O and spend time assisting in the following areas: (A minimum of 112 hours during the four month session)</p> <ul style="list-style-type: none"> • Aquarium Greeter positions • Mascot assistance • Birthday parties • Conservation Carts • Arts & Crafts assistance 	<p>Requires application/selection process.</p> <p>Applicants must:</p> <ul style="list-style-type: none"> • Be 14 or 15 years old by the application postmark deadline. (Anyone 16 years and above is eligible to become a volunteer by applying online. If you will be turning 16 within 2 months of the postmark deadline, please wait and apply as an adult volunteer.) • Submit two letters of recommendation from teachers, employers or community leaders that the applicant has known for at least a year. • Commit to 4 consecutive month period. • Commit to 112 hours during their 4 month session. One-time community court- 	<p>Georgia Aquarium 225 Baker Street NW Atlanta, GA 30313</p> <p>http://www.georgiaaquarium.org/support-us/volunteer/teen-volunteers.aspx</p>

			<p>appointed or school service opportunities are NOT available. Spring & Fall session youth volunteers will be required to volunteer for 24 hours each month (8 three-hour shifts per month) plus two full days assisting with Camp H2O</p> <ul style="list-style-type: none"> • Pay \$30 Youth Volunteer Membership Fee by start of program • Attend selected Information Session on designated date with a parent in attendance • Attend one full day of training at the Georgia Aquarium • Complete application accessible via the Aquarium website by the set postmark deadline for each session (Spring/Summer/Fall). <p><i>*Application deadlines apply!!!</i></p>

			<p>year college or university; or any other accredited educational institution including home-school. [Students who are home-schooled must be participating in either an accredited home-school, or a home-school curriculum approved by the State.]</p> <ul style="list-style-type: none"> • provide proof of health insurance if volunteering in the research and study laboratories and facilities. • pass a background investigation conducted by CDC; • meet VISA requirements for non-citizens • 	
<p>Disease Detective Camp,</p> <p>Centers for Disease Control and Prevention (CDC)</p>	<p>CDC Disease Detective Camp gives rising high school juniors and seniors exposure to key aspects of the CDC, including basic epidemiology, infectious and chronic disease tracking, public health law, and outbreak investigations. The camp also helps students explore careers in public health.</p>	<p>Over the course of five days, campers will take on the role of disease detectives and learn first-hand how the CDC safeguards the nation's health. Teams will probe a disease outbreak using epidemiologic and laboratory skills and report their findings to a group of CDC scientists. Activities may include short lectures by CDC experts, a mock press conference in the CDC press room, and a look behind the scenes of CDC.</p>	<p>The program is selective. The field of applicants is narrowed based on an essay, and those who pass the essay phase are entered in a lottery for available spaces. The camp is free. Because of regulations, students must be 16 or older on the first day of camp.</p> <p>Online application required:</p> <p>http://www.cdc.gov/museum/camp/detective/</p>	

<p>Children's Health Care of Atlanta</p>	<p>Children's is a pediatric hospital and pediatric physician teaching site for Emory University School of Medicine and Morehouse School of Medicine. Children's offers facilities across Georgia including:</p> <ul style="list-style-type: none"> • Children's at Egleston • Children's at Hughes Spalding • Children's at Scottish Rite 	<p>The summer VolunTEEN Program at Children's is available for high school students ages 15 to 18. Volunteering can be done at Children's at Egelston, Hughes Spalding, or Scottish Rite.</p> <p>VolunTEENs are placed in areas throughout the hospital ranging from customer service to direct patient and family interaction (e.g.: Family Library, Gift Shop, Art Cart).</p> <p>Volunteers will not shadow any clinical staff, but will be supervised by Children's staff.</p>	<p>The program spans 8 weeks during June and July.</p> <p>Interested teens MUST be able to commit to volunteer at least one day a week for 5 hours, missing no more than two days.</p> <p>Application Process:</p> <p>STEP 1: Complete online applications - available on website in February 2013</p> <p>STEP 2: Complete Information packet available on website.</p> <p>In addition to the application, all of the following must be completed and returned to the appropriate campus of Children's Healthcare of Atlanta.</p> <ul style="list-style-type: none"> • <u>VolunTEEN packet</u> • Copy of photo ID (driver's license OR student ID) • Proof of immunity to MMR (two dates), chickenpox (documentation from healthcare provider of proof of 2 immunizations OR documentation of positive blood test results indicating immunity) and Tdap (one date) <p>After all forms are returned,</p>	<p>Children's at Egleston 1405 Clifton Road NE Atlanta, GA 30322</p> <p>Children's at Hughes Spalding 35 Jesse Hill Jr. Drive SE Atlanta, GA 30303</p> <p>Children's at Scottish Rite 1001 Johnson Ferry Road NE Atlanta, GA 30342</p> <p>http://www.choa.org/Support-Childrens/Volunteering/Hospital-Volunteers/Ways-to-Volunteer/VolunTEEN</p> <p>Hospital Volunteers: 404-785-VOLS</p>

Vivien Thomas Summer Research Program, Morehouse University School of Medicine	<p>The Vivien Thomas Summer Research Program (VTRSP) of Morehouse School of Medicine (MSM) is a six week program established in 2002 to recruit high school students to serve as apprentices in biomedical research laboratories. Students are mentored by an MSM research faculty and they conduct research by learning the content, process, and methodology involved in inquiry science. This immersion into authentic biomedical research coupled with being mentored by research faculty dramatically increases the transfer of knowledge, skills, and application of science.</p> <p>Mentors come from the following departments: Microbiology, Biochemistry and Immunology,</p>	<p>Students completing 9th-12th grade can attend this six-week program at the Morehouse School of Medicine, where they will serve as assistants in biomedical research labs.</p> <p>Students conduct research for six weeks under the direction of a medical school faculty member and learn the content, process, and methodology involved in inquiry science. The program culminates with the students presenting their research findings to the faculty and staff at MSM. The interaction with scientific role models to learn the content, process and methodology involved in inquiry science can result in increased student motivation and positive attitudes toward learning science.</p>	<p>Requirements:</p> <ul style="list-style-type: none"> • Interest in Biomedical Research • 3.5 overall GPA • Completed application • Report Card • Summary of Journal Article from Scientific American • Medical Information Consent Form • Letters of Recommendations 	<p>(404) 752-1843</p> <p>http://www.msm.edu/prospective_students/admissions/PipelinePrograms/VivienThomas.aspx</p>
