

# Welcome to Second Grade

As a new school year approaches, we want to ensure that all rising second graders are prepared. Your child's most important job is being the best learner that they can be! You can help your child achieve this goal by making certain they come to school equipped to learn. Below, you will find the materials that are encouraged for second grade. Please ensure that your student is prepared with supplies by August 10th. Being prepared to learn is an expectation in our classroom. Thank you for supporting your child's learning experience.
