

Third Grade Supply List

Your child's most important job is being the best learner they can be! You can help your child achieve this goal by ensuring they come to school prepared to learn each day with the proper learning tools, a positive attitude, and a willingness to learn. Below, you will find the required materials for third grade. It is essential that your child come prepared to learn with these materials during the first week of school. I also included a list of supplies that your child will need to complete homework and projects at home. **Please bring all supplies August 4th.** This will ensure that he/she has the appropriate materials for all class assignments. Being prepared to learn is an expectation in our classroom. Thank you for supporting your child's learning experience!
