Dear Parents or Guardians,

The computer/electronic device that your child is being issued is an educational tool and should be used only in that capacity. Before a student is granted permission to take their assigned technology device home, the student’s parent or guardian must sign the below Technology Agreement Form.

If a computer/electronic device is assigned to your child, he or she is expected to take care of the device. It is expected that all technology assigned to a student will be returned when school resumes. Failure to return the equipment on time may result in loss of the privilege of taking the equipment home again. All technology is the property of the Atlanta Public Schools. APS reserves the right to demand the immediate return of the equipment at any time. The technology should only be used by the student of the parent or guardian who has signed the agreement. If you, as the parent/guardian, would rather that the technology NOT be brought home, please inform the school by checking the appropriate box on the permission form and we will honor your request.

APS Technology Agreement

I agree to the guidelines and procedures outlined on this form and agree to take full responsibility for the laptop/electronic device.

I give permission for my child to sign out a technology device for use at home.

I decline permission for my child to sign out a technology device for use at home.
