Principal's Message

As we have completed 6 weeks of school, the teachers and staff at Brown Middle School remain committed to student success. We will continue to work diligently with all stakeholders to foster an atmosphere that promotes a learning community characterized by top-notch instruction, academic excellence and community involvement.

As we prepare our students to be successful with "The Georgia Milestones Assessment System", we are very proud of our teachers at Brown Middle School and excited to inform you that all of our teachers are highly qualified and certified for their grade level and content area for which they provide instruction. With continued parental and community support, student success is inevitable. Below email addresses have been provided, so you can remain connected to your child's progress as we matriculate through the school year.

Educationally Yours,

Mrs. Crooms
