Virtual Learning Environment

Completing Assignments

Go to MyBackpack to access your assignments in Google Classroom. You may use your one-to-one, desktop, and even your cellphone to complete your assignments! You will have a limited amount of time to complete the assignments, so be mindful of deadlines!

Bagged Meals

Bagged meals will be available for our students at Douglass High School Monday through Friday from 10am-12pm. Transportation to Douglass High School is not provided.

VIRTUAL LEARNING

John Lewis Invictus Academy will be participating in virtual learning during the school closure. Students will have the opportunity to engage in learning and complete assignments for grades in the digital platform Google Classroom. Teachers will have resources, assignments that need to be completed and the ability to interact with students through the platform. The Google Classroom code has been provided to your scholar, or they can access it through MyBackpack.

HOW TO CONTACT YOUR TEACHER

If you have questions or need assistance during the school closure, here are a few ways to contact your teachers.

- Send a message through Google Classroom.
- Email your teacher on their APS email account.
- To ensure that our students do not experience a disruption in learning if the school is closed for any reason, here is the plan for our students by grade level. Each day, during normal school hours, all students should access Google Classrooms for a letter from their teachers for instructions on their assigned lessons. These lessons may include more than the listed websites. Students should complete their lessons by following their daily class schedule.

Important Points to Remember:

- ❖ If you do not have access to technology, parents can pick up assignments in the front office. Please contact the main office at 404-802-6100.
- ❖ Be mindful of deadlines for your assignments.
- ❖ Comcast is offering assistance with Internet for Online Learning for 2 months. Contact Comcast for more information.
- ❖ **Parents please provide your most current contact information in order to receive district updates.**
