Instructions

***1st time per device**

How to Authenticate your account when you log into Zoom

Note: Your screen may not look exactly like this when you attempt to join as an unauthenticated user. Do not click leave. Click “Sign in” or “Join.” If you do not see those options close the pop-up window. You will then be prompted to select your method of signing in. See the next slide.

Note: This will happen the 1st time logged in per device

(and won't happen again until your device resets, which may occur periodically)

Be sure to select "Sign in with SSO"

You will then be prompted to sign in again. Depending on your device, you may be asked more than once. Each time, Sign in as described, here.

If you see this prompt, Check the “Always allow ...” and click OPEN

The screenshot shows a browser window with the URL https://atlantapublicschools-us.zoom.us/saml/mobile_success?status=success&token=223322a6. A dialog box is displayed in the center, titled "This site is trying to open Zoom Meetings." It contains the text "https://atlantapublicschools-us.zoom.us wants to open this application." and a checked checkbox labeled "Always allow atlantapublicschools-us.zoom.us to open links of this type in the associated app." Below the checkbox are two buttons: "Open" and "Cancel".

Below the dialog box, the text "Sign in with SSO" is visible. Further down, there is a text instruction: "Click Open Zoom Meetings on the dialog shown by your browser. If you don't see a dialog, click Launch Zoom below." At the bottom of the page, there is a blue button labeled "Launch Zoom".

You can now *return to your teacher's google classroom* and click the link to join their Zoom meeting!!
