Dear Atlanta Public Schools Stakeholders:

During our annual budget development cycle, Atlanta Public Schools strives to focus District spending on making deeper investments with specific parameters in lieu of attempting to distribute finite funds based on disparate priorities. Our goal annually is to continue to direct equitable and flexible spending closer to the classroom to ensure the responsible and effective use of taxpayer dollars. The adopted FY2024 budget represents the district's continued commitment to a consistent, transparent communications process that informs stakeholders of its plans for the upcoming fiscal year.

I'm proud of the continued work to maintain the Student Success Funding (SSF) formula, which focuses on an equitable and transparent distribution of funds to our schools. This strategy supports the charter system model to allow additional autonomy, flexibility, and site-based decision-making at our schools. I'm excited that the SSF taskforce reconvened this year to revisit the formula and adjust in support of our schools' needs.

With the FY2024 budget, we will continue our work to address ongoing, elevated needs which are in part ripple effects of the pandemic, including ensuring the social, emotional, and mental well-being of our students and staff; ensuring the safety of our students and staff; and addressing learning recovery, consistency, and accelerated growth. We will work to balance and prioritize current needs against stability of funding in future years.

Equity stands at the core of our 2020-2025 strategic plan and continues to guide our budget work. When the Atlanta Board of Education approved a district equity policy, it recognized: "Equity means the quality or ideal of being just and fair, regardless of economic, social, cultural, and human differences among and between persons. We believe that achieving equity requires strategic decision-making to remedy opportunity and learning gaps and create a barrier-free environment, which enables all students to graduate ready for college, career, and life."

Overall, the budget enables us to provide additional and strengthened educational opportunities for our students to achieve our mission to graduate every student ready for college, career, and life. We will continue to work hard to ensure that all resources – local, state, federal, and private dollars – are used to their fullest potential.

Yours in service,

Dr. Lisa Herring

STRATEGIC PLAN

GOALS AND OBJECTIVES

WE ARE APS
BUILDING ON OUR LEGACY

Strategic Plan
2020-2025
ATLANTA
PUBLIC
SCHOOLS

Foreword

We are excited to share our collective vision for the next five years. Our plan, titled “**We are APS, Building on Our Legacy**,” is about how we come together as a community to achieve our vision of a “high-performing school district where students love to learn, educators inspire, families engage, and the community trusts the system.” The plan provides an intentional focus and direction for all of us as we move through the next five years.

The 2020-2025 strategic plan creates a bold direction for our students and families centered on great public schools regardless of the neighborhood, zip code, or area of the city. This plan is ambitious because it places equity at the forefront of our work. We want it to serve as an important anchor of our work, as it focuses on increasing educational equity for all of our students.

Outlined in this plan are a set of equity commitments that provide a framework for staff to address educational equity in specific and impactful ways. This work will guide how we, as a school system, define and measure student success, support and elevate teachers, provide schools the resources they need to support every child, and create conditions that help students thrive regardless of which school they attend in APS.

The strategic plan includes a revised mission, goals, and priorities focused on improving educational outcomes and opportunities for all students.

The success of this strategic plan rests on everyone. When all of us work together as a community to carry out our mission and strategic plan, our students and graduates will have the tools and resources needed to have choice-filled lives. Through a caring culture of equity, trust, and collaboration, every student will graduate ready for college, career, and life – this strategic plan outlines the vision for this work in 2020-2025. ■

THE ENGAGEMENT PROCESS

Engaged Committees + Internal Employee Groups

We want to thank the APS community for your engagement and feedback throughout the development of this strategic plan. This plan represents countless hours of feedback from stakeholders around our community. Over the past six months, students, families, teachers, staff, leaders, and community members shared their vision, their hopes, their concerns, and their ideas for the next five years. Your feedback, in all the ways the APS community came together to provide it, was invaluable in informing where we are, where we need to go, and what we need to get there.

We are grateful that the APS community shared its experiences to ensure the strategic plan would reflect a diversity of perspectives. This strategic plan for 2020-2025 reflects your collective input and recognizes important priorities needed to achieve our mission and vision. ■

A strategic plan is a roadmap for an organization. It shows where everyone is starting, where they are headed, and all the possible pathways to get there. A good strategic plan keeps us aligned and focused, even if different schools take different paths.

The 2015-2020 strategic plan made the strengthening of our students, schools, staff, and system the focus. In that plan, we:

- Realigned our neighborhoods into collaborative clusters of schools with common signature programs,
- Reorganized our district into a charter system that gives schools greater flexibility to serve their families and students, and
- Refined our practices as a district to ensure that schools can identify and access what they need.

That strengthening enabled us to increase our graduation rate to 77.9% with a district high of 2,506 on-time student graduates in 2019. We are also proud of our investments to begin to address equity-related challenges. For example, APS has improved the facilities infrastructure; implemented a more flexible and equitable funding formula; executed a plan to improve chronically under-performing schools; expanded Pre-K seats; integrated Social and Emotional Learning throughout the curriculum; and addressed support and practices for special populations.

Now that we have strengthened the foundation, our community has made it clear that it is time to close gaps in opportunities between student groups and make a common expectation of excellence accessible to all. APS students, teachers, staff, families, volunteers, and advocates came together from across the city to provide their perspectives through online surveys, principals' meetings, neighborhood gatherings, and a variety of other activities to talk about what is working, what needs more work, and where we should be focused for the next five years.

With a greater focus on understanding and addressing school needs, we are ready for the next critical step in preparing every APS student for college, career, and life. Equity, ethics, engagement and excellence will continue to guide our work moving forward, we will lead with an equity lens. The strategic plan will prioritize raising the achievement of all students while minimizing the gaps between different student groups, ensuring access to opportunity across race, gender, household income, and special education status.

We are committed to using this plan to guide our collective vision for APS over the next five years. ■

PROFILE OF A GRADUATE

Our vision for teaching and learning, exemplified by the characteristics of the APS Profile of a Graduate, is an exciting step toward preparing each student for their journey into the future, and preparing our staff to help guide the way. As we prepare each student to graduate ready for college, career, and life, APS will use this Portrait of a Graduate to further define the knowledge, skills, and mindsets expected of our graduates. We believe the profile characteristics are critical skills for engaged citizenship, successful career paths beyond high school, and meaningful community involvement. We are excited to explore how each of the profile characteristics will be demonstrated at different ages. ■

ABOUT APS

Atlanta Public Schools is one of the largest districts in Georgia, serving more than 52,000 students throughout Atlanta. APS is organized into nine high school feeder patterns. The cluster model allows all students from the cluster elementary schools to matriculate to the same middle and high school. The cluster model ensures continuity for students from kindergarten through grade 12 and enables all students to have access to music, arts, foreign language and core academic programs. The cluster model also provides opportunities for curriculum alignment, college and career programming (i.e. Science, Technology, Engineering, and Mathematics (STEM), Science, Technology, Engineering, Art, and Mathematics (STEAM), International Baccalaureate (IB) and College & Career Prep) as well as strategies focused on student achievement. ■

LOOKING AHEAD

APS has made improvements over the past five years that speak to the tremendous hard work, commitment, and growth across our schools. APS has achieved its highest gains to date in the percentage of students who scored proficient and above across all subjects on the 2019 Georgia Milestones End-of-Grade and End-of-Course Assessments. On all 24 assessments of the Milestones tests, about a third of our students scored proficient or better. More students – 2,506 of them – graduated on-time from APS in 2019 than any other year since 2012. All 17 APS schools that received targeted or partnership support as part of the initial cohort of the APS Turnaround Strategy have improved their Milestones proficiency rates since 2016. These outcomes are the result of a focus on strengthening our students, schools, staff, and system over the last five years.

We are proud of these achievements, and we recognize that access to opportunity and excellence has not been equitably accessible in our district. As we made these gains, we also maintained persistent academic gaps. Our district cannot celebrate excellence until it can be accessed equitably by all. We are committed, as an APS family, to focus on the gaps in college and career readiness between students groups across our district. ■

Atlanta Public Schools | 2020-2025 Strategic Plan

EQUITY

Equity is at the core of the 2020-2025 strategic plan and will guide our work as a school system. The Atlanta Board of Education recognizes equity means the quality or ideal of being just and fair, regardless of economic, social, cultural, and human differences among and between persons. We believe that achieving equity requires strategic decision-making to remedy opportunity and learning gaps and create a barrier-free environment, which enables all students to graduate ready for college, career, and life. The aim of equity is to provide students with additional and differentiated resources based on their educational needs.

APS Special Olympics

Atlanta Public Schools | 2020-2025 Strategic Plan

Jackson High School, Class of 2019

We understand that achieving educational equity will require changes in how the district fundamentally operates so all students may have access to the opportunities and resources they need to achieve their full potential. Over the years, the district has taken a number of approaches to address pockets of inequities in the system. These initial efforts have included developing more equitable funding distribution strategies, strengthening the teacher workforce, and fostering inclusive policies and practices that validate the diverse backgrounds and identities of students.

To support our ongoing efforts to overcome educational inequities at scale within the district, the Atlanta Board of Education, working in collaboration with the community and the administration, has developed an APS Equity Policy to serve as a guiding document.

District leaders and staff will use this policy as a lens to become more effective in practices, operations,

and actions. Outlined here are our equity commitments that speak to several focus areas we believe are instrumental to creating a more equitable school system. This framework does not identify every opportunity to advance equity but highlights areas in which the board and district leadership will focus their efforts. These commitments identify the most pressing concerns and greatest opportunities and create a framework for an equity plan that allows efforts toward educational equity to be implemented, monitored, modified, and measured over the course of the strategic plan.

It is not feasible or realistic for us to implement all of these commitments at one time. In order to lead with equity, we must plan, develop, and implement a multifaceted strategic approach that is phased over time. Throughout the course of the 2020-2025 strategic plan, we shall develop a separate and detailed equity plan to support the district's new equity policy. ■

EQUITY COMMITMENTS

Leveraging School Improvement to Advance Equity

We commit to integrating school improvement efforts with effective strategies and interventions to help ensure that all students can reach their full potential.

Ensuring Equitable Funding

We commit to ensuring available funds are distributed equitably and appropriately to provide high-quality programming for all students and close resource gaps.

Increasing Access to Effective Leaders and Teachers

We commit to ensuring all students have access to high-quality leaders and teachers, with a priority on the students with the greatest need.

Partnering with Families and Communities

We commit to partnering respectfully and collaboratively with families and communities to address the needs of all students.

Supporting Special Populations

We commit to implementing targeted strategies to prioritize support for special populations such as English learners, students with disabilities, and socioeconomically disadvantaged students.

Increasing Access to Advanced Coursework

We commit to increasing access to advanced coursework for historically disadvantaged student groups.

Addressing Disproportionate Discipline Practices

We commit to promote equity in disciplinary practices to avoid disproportionate enforcement or punishment targeting any specific student group.

Integrating Social, Emotional, and Academic Practices

We commit to a comprehensive approach to addressing students' social, emotional, and academic development in order to meet the various needs of all students.

Improving Access to High-Quality Instructional Programming and Materials

We commit to using effective instructional materials in all classrooms so that all students have access to high-quality curricula and robust signature programming.

Expanding Access to Co-Curricular and Extra-Curricular Activities

We commit to expanding access to co-curricular and extra-curricular activities to historically disadvantaged student groups according to their interests.

Ensuring Equitable Learning Environments

We commit to providing safe, welcoming, and engaging learning environments for all students.

THEORY OF ACTION

A theory of action is a statement that outlines an organization's belief and assumptions in what will lead to long term success and change. The statement articulates how an organization will move from its current state to its desired future state.

10

STRATEGIC GOALS

Without clear measures of success, we will not know if we are successful in graduating students ready for college, career, and life. These strategic goals provide us indicators we can use to better understand where to focus attention. If we implement our strategy with fidelity, we should see positive results in increasing the percentage and closing the gaps in each of these strategic goals.

APS STRATEGIC PRIORITIES 2020-2025

APS is focused on four key priorities. The following pages communicate APS' five year strategy, highlighting the strategic priorities, objectives and work streams we will pursue to close the gap between current and desired performance. All components work together to ultimately achieve our mission and vision.

12

Atlanta Public Schools | 2020-2025 Strategic Plan

Garden Hills Elementary School

1

We are fostering academic excellence for all

We are closing the gaps in access that have disparate outcomes. We are identifying and addressing the needs of each student, regardless of background, so they have the skills, knowledge, and tools to succeed in college, career, and life.

2

We are building a culture of student support

Students are attending schools and learning in classrooms that bring a sense of belonging, inclusiveness, care, joy, safety, and collaboration. The student-centered culture fosters being a part of something bigger than oneself, which leads to a sense of responsibility and encourages the well-being and development of each student.

3

We are equipping and empowering leaders and staff

We are rallying teachers, staff, volunteers, families, and community members to create a cohesive coalition of support for each student, investing in his/her/their success. We are working together to enthusiastically champion each child, PK-12, through their academic journey at APS.

4

We are creating a system of support for schools

With a focus on capacity-building and growth, every staff member is given the training, support, coaching, and advocacy needed to build their skills and raise the bar for excellence. By providing staff with resources and autonomy, schools are better positioned to address the needs of their students and their community.

Mission

Through a caring culture of **equity, trust, and collaboration**, every student will graduate ready for college, career, and life.

Vision

A high-performing school district where students love to learn, educators inspire, families engage, and the community trusts the system.

1

We are fostering academic excellence for all

- Expand the impact of schools that are closing racial and socio-economic achievement gaps by sharing best practices and implementing program elements that have led to their success
- Focus on PK-12 literacy and mathematics
- Equip students for college and career readiness across the PK-12 continuum (eg. signature programming, advanced coursework, pathways)

2

We are building a culture of student support

- Provide services to address the social, emotional, mental, and behavioral well-being of all students (e.g. wraparound supports, SEL)
- Equitably increase opportunities and participation in enrichment (core and extended core) and holistic development based on individual student interest
- Invest in evidence-based 21st Century school learning environments, while monitoring implementation and effectiveness
- Promote environments that value inclusiveness and collaboration (e.g. students with disabilities, English learners)

3

We are equipping and empowering leaders and staff

- Attract, grow, support, and retain the highest quality leaders, teachers and staff
- Promote adult mindsets that positively impact the pursuit of equity and fairness
- Partner with families and our community to include business and non-profit organizations to support all schools
- Provide services to improve the engagement and overall well-being of all staff
- Create opportunities for outstanding staff to stay in APS and expand their reach through additional leadership roles

4

We are creating a system of support for schools

- Continually improve service and support to schools
- Adopt an equity-minded timeline for effective support and intervention strategies in each school based on school needs
- Enable school-level autonomy for all schools
- Set goals to equitably distribute and maximize resources to schools

The Alignment

BUDGETING - EXECUTIVE SUMMARY

School district budgets are not just about dollars and cents. They are about how well the district allocates its limited resources to the benefit of student achievement and outcomes. Therefore, a budget cannot just outline revenues and expenditures, it must set out the direction for the district. Here at APS, budgets are about increasing equity, instructional quality and efficiency while assuring the district reaches the mission to graduate every child, so they are prepared for college and career.

The fiscal year 2024 general fund budget not only outlines the APS revenue and expenditure plan for school year 2023-2024 but will also continue to follow a student-focused funding model that provides resources based on student attributes and continue a zero-based budgeting model to the district departments to promote focus on key priorities. Both the Student Success Funding (SSF) and zero-based budgeting models, empower school-based decision-making to effectively use resources that align with the APS strategic priorities set forth.

As the district prepares for FY2024 and beyond, we are positioning to take on challenges we are likely to encounter. Student success is our top priority, and our students and programs are seeing initial movement and are making headlines for improvements. Some of our most notable successes include:

- Aligning with our districts Strategic Priorities by allocating millions in support of investments in quality early childhood education (PAACT), leadership development, whole-child development, and investments in Pre-K through third grade to ensure all students are reading by the end of third grade
- APS compensation and retention efforts: General pay increase to salary schedules and step raises for all eligible full-time employees on non-teacher pay grade (5%), general pay increase to salary schedules and step raises for all eligible full-time employees on instructional pay scale (3%), increase base pay for all teachers in alignment with State's proposal to increase pay by \$2,000, \$1,000 to all part time/hourly and substitutes
- Atlanta Public Schools (APS) achieved an 83.1% graduation rate for cohort 2021, according to graduation data released today by the Georgia Department of Education. By achieving its all-time high graduation rate, APS has narrowed the gap with the state rate of 83.7% by 2.9 percentage points to a difference of 0.6 percentage points.

The FY2024 budget has been developed around certain expenditure parameters that align with the goals/guardrails developed and set forth by the Board. This budget strives to sustain and support changes in school enrollments, new schools, changes in school designs, and shifts in school programs, as recommended, and approved through the facilities master planning process. The budget supports a compensation strategy and central office structure that aligns district initiatives with the recommendations from internal and external reviews and audits.

The FY2024 budget also contemplates federally funded programs and positions, especially those funded through CARES, and begins the process of folding in or rolling off those expenditures as appropriate. In addition, the budget has taken into consideration the increase in the cost of services due to inflation. The FY2024 budget also supports enhancements to the school nutrition program.

The final adopted FY2024 budget includes an investment of approximately \$59.3 million dollars in employee compensation and rewards. The adopted budget for FY2024, contains pay increases to recognize and reward our hardworking staff, including but not limited to:

- New Base Salary pay structure for all employee groups incorporating 2023 Compensation Study findings and State-of-Georgia budget adjustments including the proposed \$2000 increase to the State's salary scale for Teachers,
- Market Salary Scale increases for all employee groups and step increments for all eligible employees on a pay grade/step (ranges from 6.5% to 8.4%),
- \$3,000 one-time payment for employees not eligible for step increments.
- Reinstate the doctorate degree band for the instructional support pay grade,
- \$3,000 retention stipends for special education, mathematics, dual language immersion, ESOL teachers,
- \$500 - \$2,000 retention stipends for all staff in high-poverty schools (with >65% direct certification),
- \$3,000 strategic early hiring incentives for Special Education, World Language, Dual Language Immersion, Art, and CTAE Teachers,
- \$3,000 retention stipend for Turnaround School Teachers,
- \$5,000 retention stipend for Turnaround School Principals, and
- Funding to sponsor teacher recruits seeking H1-B VISA sponsorship

INNOVATION IN RESOURCE ALLOCATION

Innovation in Resource Allocation

Student Success Funding Model (SSF) - School district leaders face several challenges when determining how to allocate limited resources. Shifting demographics, complex student needs, and uncertain tax base growth require school districts to think of innovative approaches to allocate resources. In this context, APS worked to develop a school funding formula that will maximize transparency, provide autonomy and flexibility to schools, and ensure equity for all students; Student Success Funding (SSF).

Goals of a Good School Allotment Formula - A good school allotment formula, such as SSF, allows APS to allocate funds in a way that better meets the specific needs of students, allows for principal and GoTeam innovation, and can be easily understood by stakeholders.

Equity - The previous APS funding model posed equity challenges in a few different ways.

- Similar sized schools received very different allocations due to enrollment thresholds. Very differently sized schools received identical allocations in some cases. Different populations with different needs received similar allotments. For example, a school with high mobility may need more clerks than a similarly sized school without that issue.
- Student Success Funding (SSF) smoothly scales with student enrollment and allocates similar resources to students with similar characteristics, regardless of which school they attend.

Autonomy & Flexibility - The previous APS funding formula limited the perception of school autonomy by distributing resources to schools in the form of staff and dollars designated for specific purposes. As a charter system, APS is in an excellent position to provide autonomy and flexibility to schools through our school allotment formula. Ideally, leaders in each school should have the opportunity to manage resources as they see fit to drive student achievement. The establishment of GoTeams and strengthened school governance provides the foundation upon which principals can leverage flexibility and autonomy to meet the unique needs of their school.

Transparency - APS provides transparency to the community and engages stakeholders at every step of the budget process. We have done this through our current school allotment guidelines and our Budget and Financial Advisory Committee (BFAC). However, Student Success Funding will provide additional clarity and better understanding of how and why dollars are allocated.

Comparing Funding Models - APS's model has positioned our school allotment formula to align with our strategic objectives, expand school autonomy and flexibility, and alleviate enrollment pressure points from the previous formula. As part of the current strategic plan, we are committed to improving efficiency and resource allocation in a manner grounded in strategic academic direction and data. A revised funding model has helped APS prioritize resources based on student needs thus meeting one of our key strategic objectives.

Consolidation of Funds - As a charter district, Atlanta Public Schools has opted to participate in the Georgia Department of Education Consolidation of Funds Pilot. A school that consolidates and uses funds from different federal programs along with state and local funds to support a schoolwide program is not required to meet most of the statutory and regulatory requirements of the consolidated federal programs, provided the school meets the intent and purposes of those programs. Once these funds are consolidated, the federal funds lose their identity as federal funds, and expenditures of those funds are

no longer limited to the federal requirements for individual programs. Federal, state, and local funds in specific Title I schools that operate school wide programs are fully consolidated.

Benefits of Consolidation:

- Flexibility - Once funds are consolidated, the federal funds lose their identity as federal funds, and expenditures of those funds are no longer limited to the federal requirements for the individual programs.
- Allowability - A school wide program that consolidates federal program funds is not required to meet most statutory or regulatory requirements of the program applicable at the school level but must meet the intent and purposes of that program to ensure that the needs of the intended beneficiaries are met.
- Time and Effort - A schoolwide school that consolidates federal, state, and local funds is not required to keep any time and effort documentation on employees paid out of the consolidated pool of funds, unless otherwise required by the state and local district.

FY2024 Budget Parameters

As a standard process, the Board of Education approved budget parameters to guide the budget process from the start. This planning tool allowed requestors, recommenders, and users of the budget to focus proposals in areas in ways that achieve broad goals.

FY24 RESOURCE PARAMETERS

The district will:

1. Alleviate pressure from the general fund and taxpayers while supporting the continued operations of APS by:
 - maximizing all available funding streams including federal grants and other special revenue where appropriate and specific to the purpose of the program.
 - continuing to identify grant-generating opportunities.
 - seeking additional business, philanthropic and community partnerships in a manner that is data driven and equity guided to ensure we do not perpetuate inequities within and across clusters.
 - leveraging the OTIS Indexes, when available, to guide and prioritize partnerships and resource allocation.
 - assessing the required millage rate
2. Maintain a fund balance of 15% of the total general fund expenditure budget net of any committed, assigned, or reserved fund balance.
3. Strategically utilize the fund balance to ensure operational integrity of district programs, support expenditure parameters, and offset potential decreases in revenue.

FY24 EXPENDITURE PARAMETERS:

These budget parameters may represent an additional or recurring cost to the district.

The district will:

Expenditure Parameters	Goal/Guardrail
APS will commit to the 1-1 device strategy by building in a sustainable repair and replacement program for devices.	All Goals; Guardrail 1 - Equity
APS will commit to supporting our students & families by building a long-term strategy to address the digital connectivity divide at home	All Goals; Guardrails 1 & 4 – Equity & Innovation and Accountability
The CPI increased YOY (FY22 to FY23) by ~8%. Given the current inflationary track that we are experiencing, another large YOY CPI increase from FY23 to FY24 is anticipated. The annual budget process must consider inflationary pressures when necessary to pay for and provide comparable service levels.	
The budget must contemplate any changes to the school nutrition model that will also have an impact on general fund costs and staffing.	Guardrail 1 - Equity
The annual budget process must contemplate federally funded programs and positions, especially those funded through CARES, and begin the process of folding in or rolling off those expenditures as appropriate	All Goals; Guardrails 1 & 2 - Equity & Stakeholder Engagement
The budget must sustain and support changes in school enrollments, new schools, changes in school designs, and shifts in school programs, as recommended, and approved through the facilities master planning process.	Guardrail 4 - Innovation and Accountability
The budget should support a compensation strategy and central office structure that aligns district initiatives with the recommendations from internal and external reviews and audits.	Guardrails 1 & 3 - Equity & Culture and Climate

BUDGET PROCESS

THE BUDGET PROCESS

Planning

The planning activities include identifying and prioritizing educational needs and forecasting available resources to meet those needs. This segment requires intensive involvement of central office, instructional, and operational staff year-round.

Preparation

Tentative budgets from the school level are based on the projected enrollment associated with the full-time enrollment reports submitted to the Georgia Department of Education, instructional plans, estimated resources, contractual requirements, and anticipated inflationary issues. Forecasting available resources and requested appropriations will indicate whether the District's initial budget will suffer a shortfall or pledge undesignated reserves. All organizational units prepare their budgets during the fall and winter months of each year.

- **State Allocations/QBE-** Revenue assumptions are made based on Governor's State of the State Address
- **Preliminary Appraisal-** The tax commissioner provides the preliminary appraisal values
- **Tax Millage Rates-** The first read of millage rates are given and public meetings are held

Analysis and Review

The budget requests for the central departments are developed with the support and analysis provided by the Budget Services Department. The requests are reviewed for completeness, accuracy and compliance with established budget assumptions. The school budgets are consolidated with the program budgets into one file for reporting purposes. These various reports are then submitted, as the General Fund Draft Budget, to Senior Cabinet for review and revision. The Board Budget Commission and the Budget and Finance Advisory Committee (BFAC) meet regularly throughout the budget development process to gather input and to provide guidance for the budget process.

- ***School Allotment Guidelines-*** Developed with collaboration of SSF taskforce and based on Budget Commission discussions
- ***Principal Proposal-*** Principals align their strategic plans and new year earnings through a collaborative process with GOTeams
- ***Department Budgets-*** Departments use modified zero-line-item budgeting to support their strategic plans and new ongoing operations and initiatives

Adoption and Approval

In the latter part of the development process, a district-wide consolidated budget is drafted. This tentative budget reflects the results of an internal review of the budget requests conducted by the Superintendent, Chief Financial Officer, and Executive Director of Budget Services.

By law, the Board of Education shall hold at least two public hearings to receive public input on the proposed budget. After the budget hearings, changes can be made that reflect public input. Budget adoption at the next legislative meeting of the School Board is the final step.

- *GoTeam Input & Approval*- Go Teams assist in the decision-making process of maximizing the educational opportunities of students and aligning resources to strategy
- *Regional Public Meetings*- Regional public meetings are held to discuss the new fiscal year budget for tentative adoption.
- *Public Hearings*- Two Public hearings are held in alignment with both Tentative and Final budget adoption so that the Board can receive public input prior to acting on the proposed budget.
- *Tentative Adoption*- Superintendent presents the new Fiscal Year Budget to the Board of Education. The tentative budget provides a first glance of the investment plan for the upcoming school year. It evolves as the budget process advances and presents opportunities for input from key stakeholders including parents, students, citizens, and staff.
- *Final Adoption*- The budget is presented to the Board of Education for the final adoption. The Board conducts public hearings on the proposed budget and millage rate and then adopts the budget in the month of June.

Implementation

The fiscal year of Atlanta Public Schools begins July 1st and ends on June 30th. Atlanta Public Schools has an encumbrance driven accounting system that does not allow overspending of non-salary. The Human Resources Department works closely with the Budget Department in monitoring position control. The Budget Department also does reviews and modifications of individual budgets to ensure that the school district is on target with projected spending.

Review and Assessment

The budget is an important management tool for all stakeholders, to include taxpayers, the School Board, the administration, school level managers and teachers. Monitoring of staffing and expenditures enables Budget Center Managers to keep track of how well their programs are being implemented and the rate at which funds are being expended. The rate of expenditure is important for cash flow purposes to ensure that the District always has available assets to sustain daily operations. The success of the budgeting process depends on many individuals throughout the school system fulfilling their duties and responsibilities in a timely and appropriate manner.

Fiscal Responsibility

As custodians of public funds, our purpose and commitment is to manage those funds with honesty and integrity in order to ensure that the District continues to function smoothly, and to build and maintain public trust. In order to meet these criteria, budgets have been formulated using clear and precise directions to others in the construction of their budgets.

Budget Participants

The Atlanta Public Schools budgeting process has many individuals and groups participating throughout the process. On top of citizens, Board members, school staff, community members; certain groups of these individuals have significant roles in the budgeting process.

Board of Education: The Atlanta Public School System Board of Education is the governing authority that has the final vote on the system wide budget.

Budget Commission: This commission is a subset of the full Board and has continuous participation throughout the annual budgeting process.

GO Teams: These are our district's school governance teams. "Go" is short for governance and is the school level board which has final say on the individual school budget.

BFAC (Budget and Finance Advisory Committee): This committee is composed of school staff, parents, citizens, and other interested individuals to give feedback during the budget process.

BUDGET MANAGEMENT

Budget Management

Transfers of Appropriations (Budget Transfers) - Atlanta Public Schools has three (3) processes whereby appropriations are transferred. These processes are:

- Establishment/abolishment of positions. The creation of new positions and the abolishment of existing positions must be approved by the Board of Education.
- Transfer from line to line within the same program. School Board approval is not required in order to transfer funds from non-salary and fringe benefit lines to salary lines or vice versa. Atlanta Public Schools gives complete autonomy to Budget Center Managers and Principals to move discretionary funds wherever they need to within their area of management. This gives end users the authority to be progressive in improving operations.
- Transfers between programs under the control of the same Senior Cabinet Member can be made at the discretion of the Senior Cabinet. For example, there are several instructional programs under the auspices of the Deputy Superintendent of Instruction. S/he may transfer funds from a music instructional program to an arts instructional program without Board approval but can choose to inform the Board via an information item.

Monthly Review and Variances - Each month after the general ledger is closed; data are extracted from the on-line financial system and extrapolated to gauge the rate of expenditures against the approved budget. If the rate of expenditures appears high, a line of communication is opened between the Budget Department and the Budget Center Manager which brings the issue to their attention, requesting an explanation of the issue, and if necessary, a proposed resolution to get the program back on track. Occasionally, programs appear to be under spending appropriations. This instance is also brought to the attention of the Budget Center Manager for an explanation.

Monthly Financial Statements - The Superintendent shall provide the Atlanta Board of Education with monthly reports on the status of the budget and the expenditure of funds. The Board may, at any time during the school year, request an inspection of all receipts, expenditures, and properties of the Atlanta Public Schools.

Financial and Compliance Audit - The Board shall have an annual independent audit of the financial records of the Atlanta Public Schools.

Procurement - The procurement process, which includes the appropriation and encumbrance of funds, the staffing/employment process, the attainment of fixed assets and daily cash management, affects budget administration. As such, the processes are monitored daily as part of the budget management process. The appropriate procedures and operating manuals have been developed and are used to guide the administration in the processes.

Financial Records - Financial Records are secured and maintained in compliance with mandated record retention policies. Additionally, copies of budgets are presented on the APS website, <http://www.atlantapublicschools.us>

FINANCIAL EXECUTIVE SUMMARY

Adopted FY2024 Budget

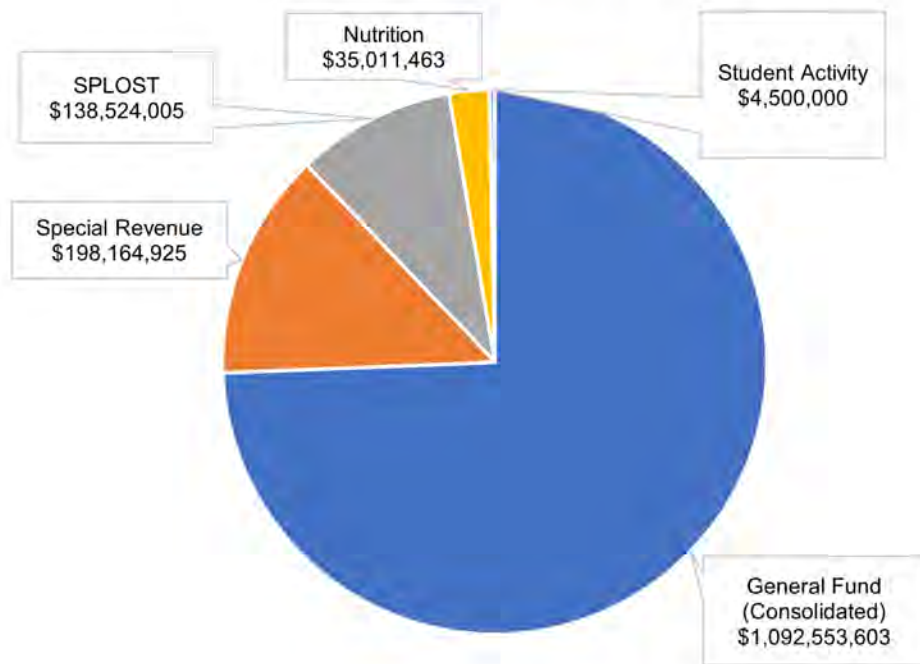

The efficiency and success of Atlanta Public Schools relies heavily on how we allocate funds to provide the necessary support needed to fulfill our mission of getting our students ready for college and career. Responsible and accurate funding estimates and strong fiduciary practices are a key element to the success of Atlanta Public Schools. The School System has four major categories of funding: General Fund, Special Revenue Funds, SPLOST (Capital Funds), and School Nutrition.

You can find the district's FY2024 adopted budget for all funds below.

The General Fund is the largest fund and reports accounting information related to general operation of the district. It has four major sources of revenue, including: local taxes, state grants, federal reimbursements, and miscellaneous sources.

FY2024 Budget by Fund-\$1.46 billion

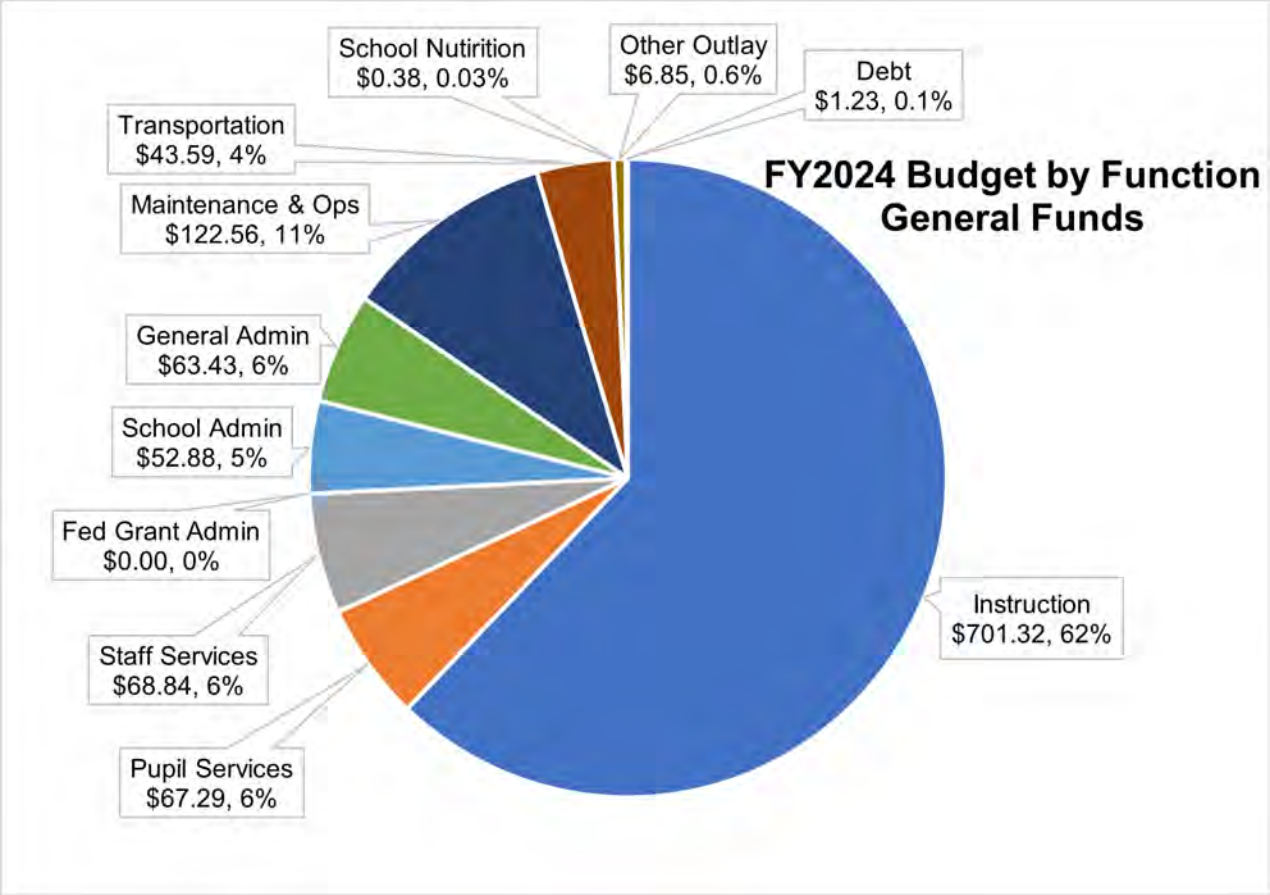

Special Revenue Funds are used to account for the proceeds of specific revenues that are legally restricted or committed for specific purposes. The School System's Special Revenue Funds have been established primarily based on program purpose and are broken out into three major categories: Federal Title, Direct Federal State, and Other Special Revenue Programs.

SPLOST Funds are a dedicated penny sales tax (Special Purpose Local Option Sales Tax) which can only be spent on capital improvements. The district recently renewed its penny tax for an additional five years. This sales tax frees up the district from issuing more debt. School Nutrition allocates funding toward nutrition efforts through the district.

Like most other large metropolitan school districts, most of the expenses of the district are in salaries and benefits.

Another large part of the budget are those functions that help to support services to students. Pupil Services, at 6% of the budget, are those services that support the districts wraparound services.

They include, guidance, counseling, testing, social work, health services and account for additional duties such as coaching or supervising extracurricular activities. Staff Services, 6% of budget, not only support educational media services, but also include staff professional development and learning opportunities for instructional and non-instructional staff. The district has committed to investing in its people and enhancing their skills and knowledge will enhance the experience and growth of the student. The district continues to fund instruction by a large percentage as part of our initiative to continue to put instruction as a main priority.

As a standard process, the Board of Education created the expenditure parameters to guide the budget process from the start. This planning tool allowed requestors, recommenders, and users of the budget to focus protocols in areas in ways that achieve broad goals.

The above forecast shows that:

Revenue Assumptions:

- Approximately 3% annual scaling in state revenue and 5% in local revenue (more conservative in out years)
- The forecast assumes a 5% growth in the tax digest annually. This growth is a combination of new development and also growth in assessed value of existing properties
- Title revenues have been grown by 3% and Other revenues by 2%

Expenditure Assumptions:

- Compensation and other compensation have been scaled at 3% annually
- Benefits have also been scaled at approximately 3%
- Most non-personnel expenditures have been increased by 3% annually and a 10% increase has been assumed for others based on the increase in prices
- City Pension liability fully funded by FY2027
- FY2025 expenditures includes the fold-in of some programs that have been funded by CARES

LOOKING FORWARD...

The 11-county Atlanta region is now home to 5,158,374 residents in 2023, up from 5,091,644 in 2022. This is according to a report released by the Atlanta Regional Commission (ARC). From April 1, 2022, to April 1, 2023, the region added 66,730 new residents. This represents an increase in growth compared to the 64,940 increase the region experienced 2021-2022, but still trails (but only slightly) the average annual increase in the 2010s, of 68,245.

The upward trend of growth this past year reflects strong permit activity and continued growth of our job base to levels that now well exceed the pre-pandemic levels. Housing demand is very high—and prices as a result very high—which does act as a brake on population growth. Single-family permits remain constrained, balanced by historically high multifamily permitting levels. From 2022 to 2023, Fulton added 18,500 new residents, the largest single-year numeric increase in the region. Next were Gwinnett with 13,510 new residents, Cherokee with 7,120 new residents, and Cobb with 6,100 new residents. The City of Atlanta set the pace in the leading county of Fulton, continuing the momentum from 2021-2022. With a year-over-year increases in single-family permits and an all-time high of multifamily activity, the city added 14,300 new residents between 2022 and 2023, up close to threefold from 5,070 last year. The 2022-23 increase exceeds the previous record increase of 2018-2019 (10,900)

Cherokee County leads the region in percentage increase, 2022-23, at 2.5 percent. Forsyth and Henry follow at 2.1, with Rockdale (2.0) following. The 2022-23 acceleration for Rockdale is notable, compared to 2021-22's 1.3% increase.

In 2022, there were 36,074 new residential building permits in the 11-county region, which was an increase of nearly 9,000 permits (far more multifamily but fewer single-family) from 2021 calendar year totals. Current building permit activity for the 11-county region remains lower than pre-Great Recession permit levels but did exceed the 1980-2022 average annual level of 33,540.

Enrollment has been declining for several years and the COVID 19 pandemic led to a sharp drop in enrollment numbers from 2020 to 2021. Enrollment fell roughly 2,000 students during the COVID 19 pandemic. APS predicts an increase during the FY2024 school year as shown below.

New growth in the City of Atlanta has attracted the young working professionals. Those individuals without children or those individuals downsizing from the suburbs. This statistic is another reason for some of the decline in enrollment for school-age children.

The City of Atlanta has been annexing properties from unincorporated Fulton and DeKalb County, which can greatly influence both student enrollment and District revenue.

According to the 2020 US Census data, the racial makeup of Atlanta was as follows:

- Black or African American: 49.8%
- White: 38%
- Asian: 4.8%
- American Indian and Alaska Native: 0.4%
- Two or more races: 3.2%
- Hispanic or Latino: 4.9%

Atlanta is also the 2nd largest majority black metro area in the country. Still, African Americans in the city have been moving to the suburbs over the last 10 years, and the city's black population shrank from 54% in 2010 to 49.8% in 2020.

INFORMATIONAL EXECUTIVE SUMMARY

Informational – Executive Summary

Student Enrollment - Student enrollment in Atlanta Public Schools has fluctuated over the past four years. Growth has been consistent in middle and high schools, while decreases have been found in elementary schools.

	2019	2020	2021	2022	2023	2024 projection

Tax Base Rate and Trends - The Atlanta Board of Education kept the millage rate constant at 20.740 from 2018 through 2021. Slight increases in the digest through reassessment of property and through new construction kept the district in operation with a consistent tax rate. For the FY2023 (2022) digest, we were able to provide some relief to taxpayers with a partial roll-back to a millage rate of 20.500 and for FY2024 (2023) we will maintain the same rate of 20.500.

The relief for taxpayers from a full roll-back will depend on their home value and whether they have a homestead exemption (as a reminder, the district worked with legislators to lock in a \$50,000 homestead exemption).

The proposed tax increase for a home with a fair market value of \$325,000 is approximately \$137 and the proposed tax increase for non-homestead property with a fair market value of \$625,000 is approximately \$429.

LONG-TERM DEBT AND OBLIGATIONS

Long-term Debt and Obligations related to governmental activities for the District was \$926.7 million at the end of FY2022. The table here provides a summary of long-term debt activity.

Outstanding long-term debt and obligations decreased in the current fiscal year primarily due to the decrease in the net pension and OPEB liability.

ORGANIZATIONAL SECTION

ORGANIZATIONAL STRUCTURE

ATLANTA PUBLIC SCHOOLS – ORGANIZATIONAL STRUCTURE

The Atlanta Public Schools System is governed by an elected nine-member Board of Education which selects the Superintendent of Schools. The primary duty of the Board of Education is to enact policy while the Superintendent and District Staff enforce the school system's strategic mission and board policies to ensure that each student has an equal opportunity for a quality education. Within the school system, the Superintendent oversees the operations of nine divisions. These divisions and their corresponding departments work together to support the instruction and well-being of all students, teachers and staff, and the schools.

In addition, Atlanta Public Schools is divided into nine Clusters – Carver, Douglass, Midtown, Jackson, Mays, North Atlanta, South Atlanta, Therrell, and Washington and two single gender academies B.E.S.T./Coretta Scott King Young Women's Leadership Academy. Organized geographically, the clusters allow a decentralized approach to school management and provide schools the opportunity to work more closely together and align resources. Each is managed by an Associate Superintendent.

The primary objective of the district has not changed from its early days. In the 21st century, APS has a renewed focus on student success, and strives to prepare every child for the future through effective and innovative teaching that meets the needs of the individual learner. Families, teachers, students, and the community are encouraged to fully participate in the educational process that offers rigorous academics, relevance to everyday life and builds strong relationships among students, peers, and adults.

LEVELS OF EDUCATION PROVIDED

Atlanta Public Schools is organized into nine high school clusters with distinct feeder patterns. Unlike split-feeder patterns, the cluster model allows all students attending a particular elementary school to matriculate to the same middle school, and students enrolled at that middle school will matriculate to the same high school. There are 88 learning sites and programs including two single-gender academies, two alternative programs and 18 charter schools.

Elementary Education – Grades K-5: Instructors utilize a wide variety of teaching tools, strategies, and modalities to establish critical thinking skills while challenging each student to do his or her personal best. The curriculum covers Language Arts, including reading, writing, speaking, listening, and thinking skills. In addition to courses in English and other spoken word languages, English to Speakers of Other Languages (ESOL) is offered. Mathematics instruction is designed to meet individual needs in concept analysis and deliver real world applications. Students are engaged in social studies, science and health, physical education, and the arts, including music.

Middle School Education – Grades 6-8: The Atlanta Public School System offers intensive instruction in Language Arts, science, mathematics, social studies, health and foreign language. Courses are designed to meet the needs of students transitioning from childhood into adolescence. Classes in

business education, family and consumer science, technology, speech, music, drama, and the arts are also offered.

High School Education – Grades 9-12: The Atlanta Public Schools provides a broad-based curriculum which supports further study in college or vocational training. Students' personal development is enhanced through co-curricular and extracurricular activities, including band, orchestra, student government, various clubs, interscholastic athletics, subject area fairs, and vocational youth organizations.

Alternative Education Services: The Atlanta Public School System operates two non-traditional programs. These programs provide a learning environment for students experiencing difficulty in the regular school program. These programs are designed to help students reach a level of academic achievement and social adjustment that will allow them to return to the regular school program.

Non-Traditional Schools serve “at-risk” students from the Atlanta Public School district. Individualized instruction, small class sizes, and various special programs are among the tools used to reach students who have difficulty functioning in a normal school environment. The programs provide a learning environment for sixth through twelfth grade students who, for whatever reason, have experienced a lack of success in a more traditional school setting.

Charter Schools are a public school that operates under contract with a local authorizer such as Atlanta Public Schools. Charter schools are governed by their own independent, non-profit boards with oversight from the authorizer and the State Department of Education. Charter schools have district-wide enrollment zones and are allowed flexibility in their programming in exchange for specific performance goals.

Partnership Schools in the Atlanta Public School district are schools that are still traditional schools but are operated by a for-profit or not-for-profit company. Atlanta Public Schools currently have five school partnerships.

DISTRICT OPERATING MODEL

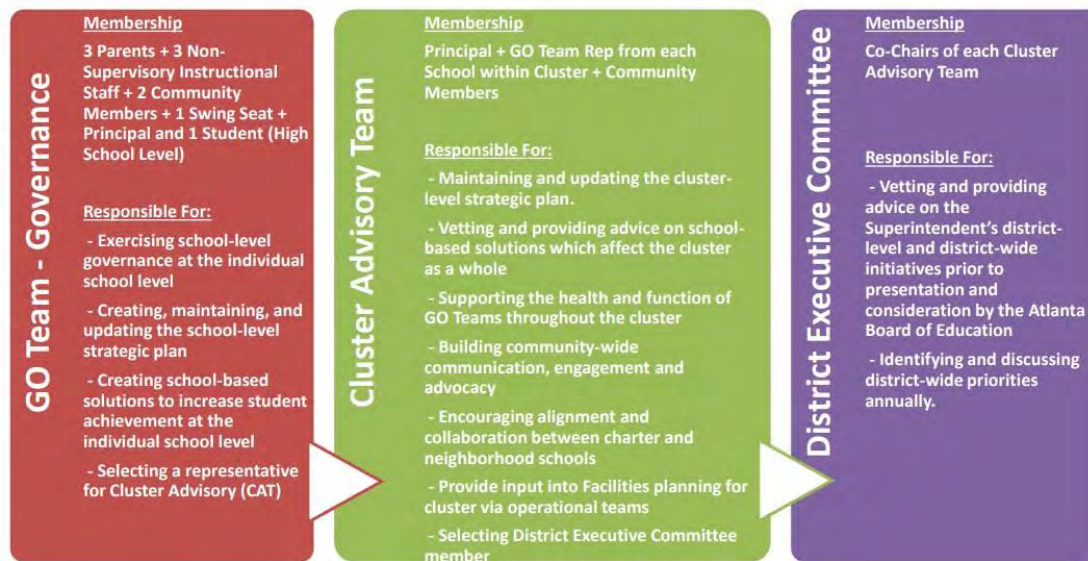

All school systems in the State of Georgia were required to select a new district operating model. As a result, beginning July 2021, Atlanta Public Schools renewed its Charter System operating model, which means our district is working to create more freedom and flexibility for our schools to find new ways to boost student achievement. The best part—parents, educators and community members now share in the decision-making process by joining the school's GO Team.

As a Charter System, Atlanta Public Schools has a five-year contract with the State Board of Education. A charter system is a school district that operates under a performance-based contract between the local board and the state board of education. Under the Charter System operating model, Atlanta Public Schools would gain freedom and flexibility from many state education laws and regulations in exchange for increased accountability for student achievement.

Additionally, charter systems must distribute meaningful decision-making authority to individual schools by maximizing school-level governance through local school governance teams.

A key element to charter system success is moving decision making closer to where learning takes place. That means leaving decisions to the school system and to the schools within the system. It also means involving more people in the decision-making process. Charter systems must also implement school level governance. At APS we have established A Local School Governance Team (GO Team) in each school with the continuous goal of APS striving to get the community, parents and teachers involved in decision making to maximize educational opportunities for our students.

Governance: APS Local School Governance Structure

THE CHARTER SYSTEM PHILOSOPHY

The Charter System Philosophy: A district must want to truly change how it does business and believe that, to increase student achievement, schools must be operated in a different way, with greater parent and community buy-in at every single school. Schools are empowered to develop solutions free from the established educational bureaucracy of legislature-driven education mandates, State Board rules, and even the district's own policies and practices. With this freedom from the law, the district and its schools in turn agree to be held accountable for significant increases in student achievement. Under the Charter System, Atlanta Public Schools gains freedom and flexibility from many state education laws and regulations in exchange for increased accountability for student achievement. A key element to charter system is moving decision making closer to where learning takes place. That means leaving decisions to the school system and to the schools within the system.

SCHOOL PROGRAMMING

Special Education Services- the Atlanta Public Schools Program for Exceptional Children offers a continuum of services for students three (3) through twenty-one (21) years of age. Programs include services for students with intellectual disabilities, emotional and behavioral disorders, specific learning impediments, visual, hearing, speech and language impairments, autism, traumatic brain injury, and significant developmental delays. Services provided to students include:

- Hospital/homebound instruction
- Educational evaluation
- Psychological evaluation
- Physical and occupational therapy
- Adapted physical education
- Health services
- Related vocational instruction

Classes serving students with special needs are in elementary, middle, and high schools. Services are also provided in psycho-educational centers. Delivery models for instruction include regular

classroom, resource self-contained, and home-based settings. All programs are not represented in every school. In these instances, students are assigned to and provided with transportation to a program nearest the home school.

The Program for Exceptional Children is required to provide a free, appropriate public education to eligible children in cooperation with parents and other agencies under the Individuals with Disabilities Education Act. Each eligible student must have an Individual Education Plan, which is developed by a team composed of teachers and other qualified school personnel, parents or guardians and the student, when appropriate. The Individual Education Plan is revised when necessary and reviewed at least annually.

The State of Georgia requires that all students referred for Special Education Services must first go through the Student Support Team process. This means that strategies in the regular education setting must be considered and documented before referral to Special Education. Waivers are limited to very special circumstances, which require sufficient documentation about the severity of the problem to justify the exception.

Vocational Education- Atlanta Public Schools provides several vocational programs. Career Education provides “real world” experiences and up-to-date instructional activities to heighten students’ career awareness, exploration, and preparation. The Program Exploration for Career Education (PECE) offers students career development guidance. Industrial Technology focuses on design, production, application and assessment of products, services, and systems. Business Education offers adaptable job market skills to students.

Vocational Home Economics prepares students for family and work life. **Distributive Marketing Education** provides work-site learning experiences for students through on-the-job (OJT) training with marketing professionals. **Comprehensive Business Education** provides OJT entry-level business and office skills training for a cooperative work-site experience. **Trade and Industrial Education** prepares students for entry-level trade and industrial occupations, including transportation, construction maintenance, electronics, health, and protective services.

Title I- Title I, Part A (Title I) of Every Student Succeeds Act (ESSA), provides financial assistance to local educational agencies (LEAs) and schools with high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. APS currently has 68 schools operating under Title I programming.

Gifted Education- The Georgia State Board of Education defines a gifted student as a person who demonstrates high levels of intellectual and/or creative ability as well as an exceptionally high degree of motivation. These students excel in specific academic fields and often need special instruction and/or ancillary services to achieve at levels commensurate with their abilities.

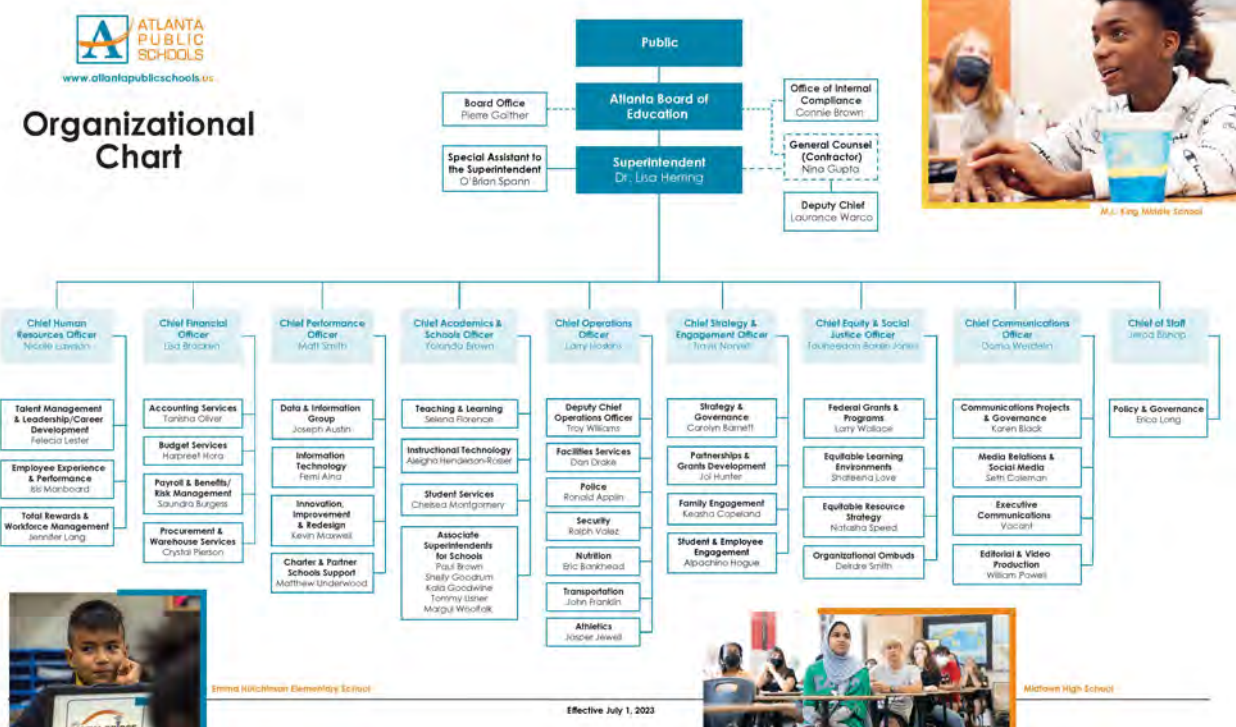

The Atlanta Public School System’s Program for Gifted and Talented Children is called the GATE Program, and it serves all identified students in grades kindergarten through twelve with a variety of programs and delivery models. These programs are designed to meet the individual needs of gifted students with the goal of enabling them to become future leaders and scholars in societies around the world. The GATE Program focuses on developing student talents and abilities at all grade levels. Program expectations are high and require the joint efforts of students, parents, and teachers.

Media Services- The school library media program supports and strengthens the curriculum, bridges the digital divide, and puts state and national standards into action. The school library Media Specialist encourages reading for learning, reading for pleasure, and reading for life. The school library Media Specialist is a teacher, an instructional partner, an informational specialist, and a school library media program administrator. The school library Media Specialist directly affects student achievement by collaborating and planning with teachers, teaching information literacy, designing assessment

procedures, and providing supplemental curriculum material. The school library Media Specialist creates, provides, and maintains an atmosphere conducive to learning and loving literature through books, storytelling, self-discovery, and inquiry. The school library Media Specialist teaches students the importance of accessing information and discerning its value using various forms of technology.

Technology Education- The Learning Technologies Department (LTD) consists of a team of innovative educators who specialize in the integration of technological resources into the instructional curriculum. LTD provides professional development, instructional resources, and support for educators to help them successfully integrate technology into a standards-based curriculum. The Learning Technologies Specialist (LTS) is responsible for coordinating, organizing, and facilitating the effective use of technology within the school to increase student performance. The Learning Technologies Department promotes:

- Collaboration with School Clusters
- Technology Integration Strategies
- Lesson Plan Development
- Coaching and Modeling
- School Achievement Planning
- Instructional Strategies
- Utilization of Current and Emerging Technology Best Practices
- Technology Solutions
- Media Service Alignment

MISSION AND VISION

Mission: Through a caring culture of equity, trust and collaboration, every student will graduate ready for college, career, and life.

Vision: A high-performing school district where students love to learn, educators inspire, families engage, and the community trusts the system.

GUIDING PRINCIPLES

Equity- in our approach to decision

Ethics- to demonstrate our integrity

Engagement- with our school community

Excellence- in everything we do

CORE VALUES

1. Put students and schools first
2. Commit to teamwork
3. Focus on communication
4. Demonstrate respect for each other
5. Be accountable
6. Act with integrity
7. Embrace and drive change

MEASURABLE OUTCOMES

Graduation Rates- increase the percentage and close the gaps of students graduating

SAT/ACT- improvement of students' scores and percentage of those taking the tests

Performance in AP courses- the number of students with AP test scores 3-5

Math/Language Arts- increase percentage and close the gaps of students' proficiency or above

ORGANIZATION MISSION AND GOALS

STUDENT OUTCOMES-FOCUSED GOVERNANCE

In 2020, The Atlanta Board of Education began a shift in the way we govern. We have begun a process that prioritizes our work to focus on student outcomes above all else. This "Student Outcomes Focused Governance" framework, developed and facilitated by leadership from the Council of Great City Schools, centers the work of the Atlanta Board of Education on the vision and values expressed by our community in support of what we want our students to know and be able to do. The Goals give the Administration specific targets for achievement in the areas of Literacy and Numeracy Proficiency, Post-graduation Preparedness, and College and Career Readiness. The goals will call for percentage increases from 2019 to be met by 2026.

The Guardrails reflect community values priorities and parameters in the areas of Innovation and Accountability. The Guardrails prioritize needs assessments and fully supports, as prerequisites to high-impact interventions, and address Equity, Culture and Climate, and Stakeholder Engagement.

Student Outcomes Focused Governance

A Continuous Improvement Framework

School systems exist for one reason and one reason only: to improve student outcomes.

The Atlanta Board of Education is implementing the Council of the Great City Schools' (CGCS) Student Outcomes Focused Governance framework in order to identify strengths and weaknesses as well as to track progress along the journey toward improving student outcomes.

FRAMEWORK

The framework is built around six research-informed competencies that describe school board behaviors and the degree to which they create the conditions for improvements in student outcomes:

Vision +
Goals

Values +
Guardrails

Monitoring +
Accountability

Communication
+ Collaboration

Unity +
Trust

Continuous
Improvement

The first steps to this framework is for the Board to adopt Goals and Guardrails:

Goals

- Reveal community's vision for student outcomes and describe what the community wants its students to know and be able to do
- Ideal Goals are Specific, Measurable, Attainable, Results-Focused, Time Bound (S.M.A.R.T.)
- Describe what the District is trying to accomplish and are only about student outcomes

Guardrails

- Based on the community's values and aligned to the community's vision and goals
- Operational strategic action the Superintendent may not use or allow in pursuit of the District's student outcome goals
- Inputs, not outcomes - relate to what adults will do to cause the goals to happen ("GO until we say STOP")

PLAN

Once the school board clarifies the priorities (Goals and Guardrails), the superintendent determines how best to implement them. From that point on, the work of the school board shifts to monitoring progress to ensure that reality increasingly matches the Goals and Guardrails.

Student outcomes don't change until adult behaviors change.

BOARD GOALS

GOAL 1: LITERACY PROFICIENCY

The percentage of students in grades 3-8 scoring proficient or above in reading, as measured by the Georgia Milestones, will increase from 36.9% in August 2019 to 47% in August 2026.

GOAL 2: NUMERACY PROFICIENCY

The percentage of students in grades 3-8 scoring proficient or above in math, as measured by the Georgia Milestones, will increase from 35.0% in August 2019 to 45.4% in August 2026.

GOAL 3: POST-GRADUATION PREPAREDNESS

Increase the percentage of high school students who graduate prepared for their next step as demonstrated on a multi-dimensional assessment based on the Profile of a Graduate. (BASELINE TARGET TO BE ADDED IN MAY 2022.)

GOAL 4: COLLEGE AND CAREER READINESS

The percentage of high school students who score at the college and career readiness level on career pathway assessments, IB, AP, Dual Credit, ACT or SAT, work-based learning, or entering TCSG/USG without needing remediation will increase from 51.5% in October 2019 to 59.3% by October 2026.

BOARD GUARDRAILS

GUARDRAIL 1: EQUITY

The Superintendent will not allow inequitable treatment of students as measured by student academic outcomes, discipline occurrences, and/or resource allocation.

GUARDRAIL 2: STAKEHOLDER ENGAGEMENT

The Superintendent will not make major decisions or bring major recommendations to the Board without first implementing a stakeholder engagement strategy, including students, parents, teachers, staff, governance teams, and community members.

GUARDRAIL 3: CULTURE AND CLIMATE

The Superintendent will not foster or allow a culture of fear, intimidation, or retaliation, or an unwelcoming environment.

GUARDRAIL 4: INNOVATION AND ACCOUNTABILITY

The Superintendent will not allow struggling schools to be without: a comprehensive needs assessment; supports aligned to that assessment; and, if the struggle persists for up to three years, a high impact intervention.

- Struggling Schools are defined as schools where there has not been growth: relative to the Board's relevant goals for that school; where the growth has not been sufficient to close gaps among the school's student groups; OR where the growth has not been sufficient to close gaps between the school's students and the district's students overall.
- High Impact Interventions include, but are not limited to, school redesign, reconstitution, student transfer options, turnaround, in-district innovation, school merger, partnerships, and/or school leadership transitions.

Atlanta Public Schools develops expenditure parameters for every budget cycle that align with the board identified goals and guardrails and guide the allocation of resources. The table below highlights the parameters for FY2024 and the costs associated with them.

Expenditure Parameters	Goals / Guardrails	Comments
APS will commit to the 1-1 device strategy by building in a sustainable repair and replacement program for devices.	Guardrail 1 - Equity	The funding for this parameter will be funded from underspent FY 23 funds.
APS will commit to supporting our students & families by building a long-term strategy to address the digital connectivity divide at home	Guardrails 1 & 4 – Equity & Innovation and Accountability	The funding for this parameter will be funded from underspent FY 23 funds.
The CPI increased YOY (FY22 to FY23) by ~8%. Given the current inflationary track that we are experiencing, another large YOY CPI increase from FY23 to FY24 is anticipated. The annual budget process must consider inflationary pressures when necessary to pay for and provide comparable service levels.		Increase cost related to inflation are budgeted at about 10.7% for a total of \$9.2M . Items include, trash services, custodial supplies, grounds/pest control, and diesel fuel.
The budget must contemplate any changes to the school nutrition model that will also have an impact on general fund costs and staffing.	Guardrail 2 - Stakeholder Engagement	The total cost to general fund to implement the new school nutrition model is \$1.7M . The costs for FY 24 include staffing and logistics equipment.
The annual budget process must contemplate federally funded programs and positions, especially those funded through CARES, and begin the process of folding in or rolling off those expenditures as appropriate	Guardrails 1 & 2 - Equity & Stakeholder Engagement	UKG software at \$340,000
The budget must sustain and support changes in school enrollments, new schools, changes in school designs, and shifts in school programs, as recommended and approved through the facilities master planning process.	Guardrail 4 - Innovation and Accountability	To support school enrollment an increase to SSF totaled \$2.7M . SSF Weight increases: REP funding \$3.3M, Transition policy \$1.1M, Special Education \$24K, English Learners \$348K New school investment \$4.1M
The budget should support a compensation strategy and central office structure that aligns district initiatives with the recommendations from internal and external reviews and audits.	Guardrail 1 - Equity	To total cost budget for compensation is \$49M . \$35M for certified staff and \$14M for all other staff.

POLICIES, PROCEDURES AND REGULATIONS

DISTRICT LEGAL AUTHORITY

The Board of Education of the City of Atlanta was established by the Georgia State Legislature and is composed of nine publicly elected members serving four-year terms. The City of Atlanta issues and services the general obligation debt. It is to be used for the School System. However, the Board is financially independent of the City as it has the authority to approve its own budget, to provide for the levy of taxes to cover the cost of operating and maintaining the School System, and to cover debt service payments on lease purchase agreements. Additionally, the Board has decision-making authority, the power to approve the selection of management personnel, the ability to significantly influence operations, and primary accountability for fiscal matters.

BUDGETS AND BUDGETARY ACCOUNTING

Atlanta Independent School System employs a formula-based budget for budget preparation. The process provides for the identification and prioritization of school system activities and resources and allows for schools to make better choices as to their program offerings and more autonomy to allocate funds for the needs of their individual students. Each school and district office budget are linked to the goals, objectives, and mission of the district. As the proposed budget moves through each level of the organization, program activities and goals are collected further and ranked according to its placement on the district priorities. The final budget produced, and presented is one, which includes the final approved district priorities, developed by the Board along with Senior Cabinet, and which align with the districts mission.

Atlanta Public School follows these procedures in establishing the budget:

1. Budget requests are normally completed in March.
2. Proposed budgets are consolidated and reviewed by the Budget Department, then submitted to the Senior Cabinet of the district and Budget Commission for additional review prior to the approval by the Atlanta Independent School System's Board.
3. Public hearings on the proposed budget are normally held in May and June.
4. The annual budget is legally adopted by the Board in June for the General Fund and Special Revenue Funds.
5. The administrative level of budgetary control upon adoption is at the program level. Transfer of budgeted amounts between object categories within programs requires the approval of the budget center manager.
6. Revenues and expenditures of the Five-year SPLOST Fund are budgeted on an annual basis.
7. The Atlanta Independent School System's Board approves the budget for the Special Revenue Funds as a whole, which is the legal level of budgetary control (the level at which expenditures may not legally exceed appropriations). The combined Special Revenue Funds budget to actual schedule does not include the Proprietary Fund, which is included when provided to the board for approval.

TITLE: SCHOOL BUDGETING

LAST REVISED: AUGUST 12, 2013

Site-Based Management

In order to encourage creativity and initiative by all staff members in the delivery of effective services to students, the Atlanta Board of Education affirms the concept that the decisions that affect the operation of local schools should be made at the school level to the maximum extent permitted by Board policies.

It is the intent of the Board to encourage and facilitate the implementation of site-based management, based on the following requirements:

1. All site-based management plans must be submitted to the Superintendent by a local school for approval or disapproval.
2. All such plans must be reviewed and evaluated by the Superintendent on an ongoing basis.
3. Any such effort must be solely for the purpose of increasing the efficiency and effectiveness of the delivery of educational services to the current and future students at the local school.
4. Nothing contained in any site-based management plan may adversely affect the status of the Atlanta Public Schools as a unitary system in accordance with all legal requirements.
5. Any such plan may not lessen the responsibility, accountability, or authority of the local school principal for the educational results at that school.

Nothing in this policy will have the effect of authorizing or permitting (a) any delegation of authority or responsibility for decision-making to any persons other than duly-appointed school officials, (b) any contracts with private entities to provide educational services unless specifically approved by the Board, or (c) any form of school choice that restricts the policies of the Board on admission to any part of the APS.

School Miscellaneous Funds/Student Activities Funds Management and PTA and Courtesy Fund Accounts

The Atlanta Board of Education provides that all of a school's monies not appropriated to its General Funds accounts, Grants accounts, Special Projects accounts, or Cafeteria account should be appropriated to the School Miscellaneous Account. No school or individual acting on behalf of a school is authorized to deposit school monies into any bank account or otherwise handle the monies other than through the School Miscellaneous Account of the school, unless approved by the Chief Financial Officer.

Bank Accounts

The only bank accounts other than the School Miscellaneous and Cafeteria Accounts (which are maintained by the Finance Division) that are authorized to be opened and to include the name of the Atlanta Public Schools or the name of a school or other work unit within the APS are accounts in the name of a Parent Teacher Association (PTA). Additionally, the faculty of a school and the personnel of a departmental unit may maintain a faculty/staff courtesy fund account.

PTA and Other Support Group Funds

PTA and other support group funds are not to be maintained in the School Miscellaneous Account.

No APS employee may hold a financial office in the PTA or have any financial responsibilities related to the PTA in the school in which he/she is employed. This includes check-signing authority. The same applies to the handling of funds of other school/APS support groups such as booster clubs.

When money is collected for fund raisers sponsored by various support groups such as the PTA and booster clubs, parent representatives from the respective organizations must be present to collect money on behalf of the organization.

Any PTA or other support group that uses the name of the Atlanta Public Schools or a school or other work unit within the APS will be required to prepare and make available in an appropriate way (to be determined as necessary by the Superintendent) a summary of its receipts and disbursements, no less frequently than once per semester.

Faculty/Department Courtesy Funds

Schools and departments have the option of maintaining their Courtesy Funds in the School Miscellaneous Account. When the School Miscellaneous Account is used, the Faculty/Department Courtesy Fund is subject to all the Miscellaneous Account accounting procedures. For example, receipts will be required to be submitted, and checks will be printed and distributed on the scheduled check distribution date.

When outside bank accounts are used, they may not contain the name nor refer to the Atlanta Public Schools. The APS federal tax ID number cannot be used for these accounts.

Annual Audit

An annual, internal audit of School Miscellaneous Account funds will be conducted.

Responsibility and Accountability

In exercising their responsibility in the handling of funds referenced above, APS employees should be actively aware that violation of the provisions of this policy will render the guilty employee subject to disciplinary measures up to and including termination and prosecution as provided in the applicable provisions of Board policy and state law.

TITLE: ANNUAL OPERATING BUDGET

CODE: DC

LAST REVISED: SEPTEMBER 5, 2017

In support of student success and the responsible stewardship of public funds, the Atlanta Board of Education shall annually approve a final, balanced budget for the Atlanta Public Schools and a millage rate for city of Atlanta school taxes prior to the beginning of the fiscal year.

The Budget Commission shall conduct pre-budgeting discussions with the superintendent to establish informal understandings about budget opportunities, challenges, and/or restrictions. Thereafter, the superintendent shall propose a performance-based budget for review by the board and the public that shall provide a complete financial plan for all operations of the Atlanta Public Schools.

The superintendent shall submit a draft budget to the board in sufficient time to allow thorough review and discussion of estimated revenues and proposed expenditures and to complete the steps necessary to assure adoption of a final budget prior to July 1. All budget documents shall comply with

Georgia Department of Education reporting requirements. The budget shall also indicate the estimated total number of full-time positions for each program category. The budget shall be adopted and approved by the board at the legal level of budgetary control which is the fund level.

Fiscal Year

The Atlanta Public Schools fiscal year shall begin July 1 and end June 30.

Public Comment and Budget Approval

Prior to approving the tentative budget, the board shall hold at least one public hearing to receive public input on the draft budget, in accordance with the charter.

After its tentative adoption, a budget summary shall be advertised for two consecutive weeks prior to its final adoption in a newspaper of general circulation in the city of Atlanta.

Following such hearing, the board may review and revise the tentative budget until a final budget is approved and the millage rate set prior to July 1.

Budget Administration and Changes

Once approved, the superintendent shall implement and administer the budget with the following conditions.

1. The superintendent shall have the authority to transfer appropriations within funds and between the consolidated funds.
2. Expenditures shall not exceed the total appropriation for any fund without board approval.
3. Changes in estimated revenue shall be certified by the board as prescribed in Policy AA, School District Legal Status, the charter governing the Atlanta Independent School System.
4. Special revenue fund or grant budget adjustments up to \$1,000,000 (one million dollars) may be made without Board approval, and shall be reported at the following Board meeting for informational purposes.

Accounting and Financial Reports

The Atlanta Board of Education (Board) shall maintain financial records, reports and statements in accordance with the Governmental Accounting Standards Board (GASB) Statements.

The Superintendent shall provide the Board with monthly reports on the status of the budget and the expenditure of funds. The monthly report shall reflect all transfers of appropriations that are not aligned with board-approved priorities (e.g. budget parameters, strategic plan, etc.). The Board may, at any time during the school year, request an inspection of all receipts, expenditures, and property of the Atlanta Public Schools. The board shall have an annual independent audit of the financial records of the APS. The board authorizes the superintendent to issue administrative regulations to implement this policy.

TITLE: ANNUAL OPERATING BUDGET - FIXED ASSETS

CODE: DC-R(1)

LAST REVISED: OCTOBER 6, 2014

ADMINISTRATIVE REGULATION

Annual Operating Budget - Fixed Assets

Atlanta Public Schools Chief Financial Officer shall establish guidelines and procedures to appropriately account for and classify eligible capital asset property, aligned with Government Accounting Standards Board (GASB) Statement 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments and GASB Statement 42, Accounting and Reporting for Impairment of Capital Assets and for Insurance Recoveries, GASB Statement 49, Accounting and Financial Reporting for Pollution Remediation Obligations, and GASB Statement 51, Accounting and Financial Reporting for Intangible Assets.

A fixed asset is property that meets all of the following requirements:

1. Is tangible or intangible and ready for its intended use.
2. Used in the operation of the school system's activities.
3. Has a useful life greater than one reporting period (one fiscal year).
4. Is of significant value.

CAPITALIZATION FOR FIXED ASSETS

Fixed assets may be acquired through donation, purchase, capital lease or may be self-constructed.

Based on the type of acquisition, the following valuation guidelines should be used:

- Donated property will be the fair market value at the time of the donation.
- Purchased property shall be the "historical" initial cost, plus the trade-in value of any old asset given up, plus all costs related to placing the new asset into operation. Costs could include, but not limited to, the following:
 - Freight charges
 - Legal and title fees
 - Closing costs
 - Appraisal and negotiation fees
 - Surveying fees
 - Land-preparation costs
 - Demolition costs
 - Relocation costs
 - Architect and accounting fees
 - Insurance premiums and interest costs during construction

Self-constructed property will include all costs of the actual construction. When a capital asset is acquired, the funding source will be identified as either a governmental fund, proprietary fund or component unit.

The minimum thresholds to be used in the determination of whether to capitalize or expense an item are the following:

Class of Fixed Asset	Significant Value
Machinery & Equipment; Furnishings; Vehicles	\$ 50,000 or more
Buildings	\$ 50,000 or more
Building Improvements	\$ 50,000 or more
Land	Any Amount
Land Improvements	\$ 50,000 or more
Software	\$1,000,000 or more
Intangible Assets	\$1,000,000 or more

The capitalization threshold is applied to individual units of fixed assets rather than to groups. For example 50 desks at \$1,000 each would not be capitalized even though the total of \$50,000 meets the threshold.

Land

Land acquired by purchase is recorded at cost to include the amount paid for the land itself and any other costs. Land acquired by gift or bequest is recorded at the fair market value at the date of acquisition. When the land is acquired along with erected buildings, total cost is allocated between the land and buildings with value proportionate at the date of acquisition. Land is not a depreciable asset. Land will be capitalized, regardless of cost.

Land Improvements

Land Improvements may include such items as site work, sewer systems, parking lots, outdoor lighting, covered walkways, tennis courts, running tracks, grandstands, soccer fields, and baseball or softball fields.

Buildings

Buildings will be recorded at either their acquisition or construction cost. If a building is acquired through purchase, the capitalized cost should include the purchase price and other incidental expenses associated with acquisition. If a building is constructed, the capitalized cost should include all constructions costs such as architect payments, contractor payments, engineering fees, and miscellaneous expenses. Cost to furnish the building such as furniture and equipment will not be included in the building's capitalized cost. The constructed building will be capitalized upon completion of the project when it is deemed ready for its intended use. All the major component units of the building, such as HVAC, plumbing system, sprinkler systems, and elevators may be included in the capitalized cost of the building.

Building Additions

Building additions can be defined as self-standing structures or extensions to a pre-existing building. The costs of the additions will include all construction costs. Building additions will be capitalized separately and depreciated over the remaining useful life of the original structure, not over the useful life of the addition itself.

Building Improvements

Component Units (HVAC, plumbing systems, sprinkler system, elevators, etc):

When building component units are replaced, the new component unit will be capitalized separately and each old component will be disposed removing it from the Asset Management system. However, if the original component unit was included in the original construction cost, it will not be removed since it was not a separately valued component. The new component unit will be depreciated over the remaining useful life of the building.

Major Renovations or Alterations:

Any major renovations or alterations within an existing building will be recorded at their construction costs and capitalized separately. These renovations or alterations will be depreciated over the remaining useful life of the original structure.

Repairs:

Costs deemed to be for maintenance or repairs will be expensed in the current period regardless of amount.

Construction in Process

This includes all construction costs for buildings, building additions, building improvements or land improvements that are not complete and ready for their intended use by the end of the current fiscal year.

Machinery & Equipment; Furnishings; Vehicles

Costs to purchase machinery, equipment, vehicles or furnishings that are \$50,000 or more per item and have an average life of more than one year will be capitalized.

Works of Art and Historical Treasures

The District's works of art and historical treasures will not be capitalized.

Leased Assets

Operating leases will be capitalized if one or more of the following criteria are met and the chance of cancellation is low:

- Ownership is transferred by the end of the lease term.
- The lease contains a bargain purchase option.
- The lease term is greater than or equal to 75 percent of the asset's service life.
- The present value of the minimum lease payment is greater than or equal to ninety percent (90%) of the fair market value of the asset at the inception of the lease.

Capital lease items are capitalized at the beginning of the lease period, regardless of when the title transfers. Capital leases are recorded at net present value of lease payments.

DEPRECIATION FOR FIXED ASSETS

Fixed assets will be depreciated over the estimated useful life of the asset. Factors that assist in determining an asset's estimated useful life include the following:

- Assets present condition
- Use of the asset
- Construction type
- Industry or historical standards on how long an asset is expected to meet service demands.
- The length of the agreement or contract under which the asset was obtained, such as a capital lease.

Depreciation will be calculated using the straight-line method. The District will record depreciation expense on all capital assets, except for land. Depreciation will be calculated over the estimated useful life of the asset. The District will use the following estimations of the useful lives for assets:

Class of Fixed Asset	Estimated Useful Life
Land	n/a
Land Improvements	10 to 20 years
Buildings	20 to 50 years
Building Improvements	10 to 30 years

Furniture and Fixtures	3 to 15 years
Vehicles	5 to 8 years
Equipment	3 to 15 years

DISPOSITION OR REMOVAL FOR FIXED ASSETS

Assets may be removed from the Asset Management system for various reasons. Reasons for the removal of an asset may include, but are not limited to, the following:

- Donated
- Exchanged
- Demolished
- Damaged beyond repair
- Sold
- Surplus
- Theft
- Obsolescence

When fixed assets are sold or otherwise disposed of, the Asset Management system should be relieved of the cost of the asset and the associated accumulated depreciation. The appropriate depreciation will be taken the year of the disposal. Losses should be included in general government-type expenses; gains should be reported as general revenue.

IMPAIRMENT FOR FIXED ASSETS

The District shall evaluate annually prominent events or changes in circumstances affecting assets to determine whether an impairment of a capital asset has occurred. If a permanently impaired asset will continue to be used by the APS, the organization must determine the amount of impairment for purposes of reporting for any assets with a net book value of \$100,000 or more.

Measurement of the impairment will be dependent on the District's continued use of the asset.

If the asset will no longer be used by the District, the lower of carrying value or fair value should be reported and disclosure should be made of the amount of the impaired assets that are idle at fiscal year-end.

If the asset will continue to be used by the District, the asset should be written down based on nature of impairment and a loss reported.

How the impairment loss is reported depends on whether the impairment is considered a program expense in the Statement of Activities or an operating expense in the Statement of Revenues, Expenses, and Changes in Fund Net Assets, a special item, or an extraordinary item. If the loss is reported as a program expense in the Statement of Activities, it should be reported as a direct expense of the program that uses or used the impaired capital asset.

TITLE : FUND BALANCE

CODE : DCA

ADOPTED: JUNE 6, 2016

The Board recognizes that the maintenance of a fund balance is essential to the preservation of the financial integrity of the school district and is fiscally advantageous for both the district and the taxpayer. This policy establishes guidance concerning the desired level of year-end fund balance to be maintained by the district and the management of fund balance levels and is applicable only to the General Fund of the School District.

Fund balance is a measurement of available financial resources defined as the difference between total assets and total liabilities in each fund. It is the goal of the School District to achieve and maintain an Unassigned Fund Balance in the General Fund at fiscal year-end of not less than 7.5% of budgeted expenditures, not to exceed 15% of the total budget of the subsequent fiscal year, net of any committed reserve fund balance for capital expenditures, in compliance with O.C.G.A. 20-02-0167(a) (5). Funds may be assigned for other purposes as determined by the Board.

Fund Balance Classifications

The Governmental Accounting Standards Board (GASB) Statement 54 distinguishes fund balance classifications based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. Beginning with the most binding constraints, fund balance amounts will be reported in the following classifications:

1. Non spendable Fund Balance – Fund balance reported as “non-spendable” represents fund balance associated with inventory, prepaid items, or long-term receivables. Non spendable indicates that the respective resources are not available to be spent in any way due to their very nature and/or their lack of availability.
2. Restricted Fund Balance – Fund balance reported as “restricted” represents amounts that can be spent only on the specific purposes stipulated by law through constitutional provisions or enabling legislation or by the external providers of those resources.
3. Committed Fund Balance – Fund balance reported as “committed” includes amounts that can be used only for the specific purposes determined by a formal action of the Board. The only way “committed” funds can be removed or changed is by a formal action of the Board.
4. Assigned Fund Balance – Fund balance reported as “assigned” represents amounts intended to be used for specific purposes, but not meeting the criteria to be reported as committed or restricted fund balance. At fiscal year-end, any appropriation of existing fund balance to eliminate a projected budgetary deficit in the next year’s budget is considered to be an assignment of fund balance.
5. Unassigned Fund Balance - Fund balance reported as “unassigned” represents the residual classification of fund balance and includes all spendable amounts not contained within the other classifications.

Except as provided in paragraph three, Committed Fund Balance, the Superintendent shall delegate to the Chief Financial Officer the authority to assign the fund balance.

When an expenditure is incurred that would qualify as an expenditure of either Restricted or Unrestricted Fund Balance, those expenditures will first be applied to the Restricted Fund Balance category. When expenditures are incurred that would qualify as a use of any of the Unrestricted Fund Balance categories (Committed, Assigned, Unassigned), those expenditures will be applied in the order of Assigned first, then Unassigned, and then Committed.

TITLE: LOCAL TAX REVENUES - TAX ALLOCATION DISTRICTS

CODE: DFA

LAST REVISED: AUGUST 12, 2013

Tax Allocation Districts

The mission of the Atlanta Public School, as set forth in Board Policy BA, is to ensure the lifelong achievement of every child through effective and innovative teaching that meets the needs of the individual learner; aims at daily success; engages families, teachers, students, and community in full participation; and capitalizes on Atlanta's global presence.

The Atlanta Board of Education also recognizes its ancillary role as an important and integral part of the larger Atlanta Community. The Board believes that having a healthy and vibrant community is beneficial to families and aids the learning process.

By adopting this policy on Local Tax Allocation Districts, the Atlanta Board of Education seeks to act consistent with its educational mission, while continuing to support community and neighborhood revitalization.

The Georgia Redevelopment Powers Law, O.C.G.A. § 36-44-1, et seq., provides means for the redevelopment of economically and socially depressed areas through the creation of tax allocation districts by political subdivisions. O.C.G.A. § 36-44-8.

The creation of a tax allocation district (TAD) permits the use of actual or anticipated increases in ad valorem tax revenues resulting from redevelopment activities to fund activities in furtherance of that redevelopment. Implicit in this financing method (which involves a commitment of public resources to what are generally private endeavors) is the expectation that but for the infusion of the public commitment, the increased property tax revenue would not occur.

Fulton County levies a tax millage rate for the Atlanta Public Schools educational purpose. Section 36-44-9(c) of the Redevelopment Powers Law provides that the school district component of tax revenue can be included in the computation of tax allocation increments if the board of education consents to such inclusion by resolution duly adopted by the board. However, Article 8, Section 6, Paragraph I(b), of the Georgia Constitution provides that:

(b) School tax funds shall be expended only for the support and maintenance of public schools, public vocational-technical schools, public education, and activities necessary or incidental thereto, including school lunch purposes.

The Atlanta Board of Education regards this constitutional provision as the creation of a fiduciary obligation of the highest order to ensure that the school district component of ad valorem property tax levies is used in a manner that is clearly and convincingly beneficial to the school district and its students. This Statement of Policy is intended to permit the Atlanta School District to support appropriate redevelopment under the Redevelopment Powers Law without detriment to the constitutional mission of education.

A. General Policy.

1. It is the policy of the Atlanta Board of Education to carefully and fully consider all applications for creation of a tax allocation district requiring consent of the Board under O.C.G.A. § 36-44-9(c).
2. The Atlanta Board of Education shall not consent to the creation of a tax allocation district unless, following careful review of the application, the evidence is clear and convincing that:
 - the redevelopment activities described in the redevelopment plan will occur, and
 - but for the use of TAD financing, the redevelopment activity and tax increment would not occur, and
 - the redevelopment activities will provide benefits to the Atlanta School District commensurate with the dedication of the school district component of the tax increment ("school district benefit").
3. "School district benefit" shall mean additional revenues resulting from a TAD that would otherwise be received by the School District (with or without regard to the existence of the TAD) are ultimately received or restored to the School District within a time and under terms and conditions set forth in the consent documents or, if not, such other benefits as would warrant any deferral or adjustment of receipt of increased tax revenues resulting from the TAD.

4. The Atlanta Board of Education will look with significantly greater favor upon applications for consent that involve specific projects, defined as projects with detailed descriptions, including information as to: the identity of the project redevelopment participants, the affected real property, the property improvements, redevelopment costs, the method of financing, the nature and status of participation and financing commitments, and such other information as may be required by the Board.

5. Applications that do not involve specific projects as described above shall not be approved unless the following criteria are clearly satisfied:

- the characteristics of the proposed district are such that the proposed described redevelopment offers unique opportunities for assured substantial increases in the assessed value of the proposed TAD;
- financial projections are detailed and supported by documented information, reliable models, and analysis from sources with recognized expertise; and
- there are identified special benefits, direct or indirect, for the school district beyond those projected as resulting solely from the increase in assessed value of the property in the TAD; and
- there are sound reasons why designation of a TAD and Board consent cannot await the creation of specific projects; and
- the projected time frames for milestones for the redevelopment are of such length; and
- sufficiently credible as to minimize risk to school district interests; and
- there are safeguards in place to assure the opportunity for Board scrutiny and involvement in decisions as the redevelopment occurs, including, at a minimum, the opportunity to approve specific projects; and
- there are safeguards to protect the use of the Board share of accumulated tax increments pending use for redevelopment costs.

B. Application Requirements.

1. Applicants seeking consent of The Atlanta Board of Education to a TAD shall provide the School District with five (5) copies of all materials submitted to the City of Atlanta at the time of that submission.
2. In addition, applicants shall submit a completed Application for School Board Consent to a Tax Allocation District in a form prescribed by the School District and provide such other information required by the District.
3. Applications for School Board consent shall be submitted to the Superintendent of Schools no later than August 1 of the year prior to the year in which the proposed TAD is to take effect. This requirement may be waived by the Board for good cause shown.
4. In order to mitigate the costs of processing the application, applications shall be accompanied by a nonrefundable fee of \$7,500.00 in the form of a check made out to Atlanta Independent School System. All successful applicants will be responsible for prompt payment of all out-of-pocket expenses that the School Board may incur in connection with the creation of the TAD (in excess of any expenses paid by the School Board from the Application Fee) or thereafter related directly to the TAD, including, without limitation, fees and expenses of any financial advisor and legal counsel employed by the Board.
5. Any conditions to Board consent to a TAD shall be included in a binding intergovernmental agreement or other contract containing terms sufficient to carry out these policies.
6. The Superintendent is authorized to establish regulations to implement this policy.

CODE : DFK

LAST REVISED: FEBRUARY 03, 2020

The Atlanta Board of Education is authorized to (1) establish funds or trusts for scholarships or educational assistance for students or graduates and (2) designate fund managers or trustees for them. The Board is authorized to accept and place in such trusts or funds any gifts, grants, bequests, and transfers of real or personal property that are made for scholarship purposes or for educational assistance. No funds or property of the Board derived from tax revenues, state grants, or appropriations shall be placed in any such trust or fund or be expended for its administration. The Board shall not act as trustee or manager of any trust or fund. No individual Board member is authorized to accept gifts, grants, bequests, or transfers of real property or to establish trusts or funds for the benefit of any Atlanta Public Schools student on behalf of APS.

The Superintendent shall establish procedures for managing the funds or trusts, establishing eligibility requirements for scholarships or educational assistance, and awarding scholarships or other educational assistance to eligible students.

Trusts or funds and the income derived from them may be expended only for scholarships and educational assistance for students or graduates of APS, except that funds may be expended for the reasonable costs of trust or fund administration.

Any such trust or fund shall be established under such terms and conditions as may be deemed appropriate by the Board, consistent with the use of funds and purposes herein described.

TITLE: INVESTMENT EARNINGS

CODE: DFL

LAST REVISED: JULY 7, 2008

In support of student success and the responsible stewardship of public funds, the Atlanta Board of Education (ABE) intends to invest its funds in a manner which will maximize the investment return with maximum security while ensuring adequate liquidity for the school district to meet its financial obligations in a timely manner, minimize the risk of capital loss and achieve the highest possible rate of return.

Investment activities shall be in accordance with federal and state law. The ABE authorizes the Superintendent to develop administrative regulations to implement this policy.

TITLE: INVESTMENT EARNINGS

CODE: DFL – R (1)

LAST REVISED: JUNE 20, 2016

Purpose

The Chief Financial Officer (CFO) of the Atlanta Public Schools (APS) shall establish and maintain a comprehensive Investment Plan to invest public funds to conform to all legislation governing the investment of public funds.

Prudence

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of capital as well as the probable income to be derived.

All participants involved in the investment process must refrain from personal business activity that could potentially conflict with proper execution of the investment policy or which could impair their

ability to make impartial decisions. Participants shall comply with board policy GAG, Conflict of Interest.

Delegation of Authority

The Chief Financial Officer is responsible for approving investment purchases and redemptions. This approval authority can, at the CFO's discretion, be delegated to an alternative designee; however, the CFO or an alternative designee must countersign all purchases within 14 days.

All investment redemptions executed prior to maturity, either to satisfy liquidity needs or to realize capital gains, must be approved by the Chief Financial Officer prior to authorization of transaction. In emergencies and in the absence of the CFO, the Superintendent may approve. In this case, the CFO must countersign such sales within 14 days. Should APS choose to use the services of an external investment manager; this provision shall require the approval of the CFO, along with the CFO's regular monthly review of investment activity.

Safekeeping and Custody

Securities purchased by APS shall be held for custodial safekeeping by an independent third party and the securities shall clearly specify APS as purchaser or owner.

Eligible Investments

The investments of APS must comply with O.C.G.A. § 36-83-4 and all relevant state and federal laws and guidelines. Funds may be invested in the following:

- (1) Obligations issued by the State of Georgia or by other states,
- (2) Obligations issued by the United States government,
- (3) Obligations fully insured or guaranteed by the United States government or a United States government agency,
- (4) Obligations of any corporation of the United States government,
- (5) Prime banker's acceptances,
- (6) The Local Government Investment Pool administered by the State of Georgia, Office of Treasury and Fiscal Services,
- (7) Repurchase agreements, and
- (8) Obligations of other political subdivisions of the State of Georgia.

Risk Management

Custodial Credit Risk for investments is the risk that, in the event of a failure of the counter party to a transaction, APS shall not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

APS shall manage custodial credit risk by requiring all bank deposits to be collateralized at 110 percent (110%). All investments shall clearly specify APS as the purchaser or owner and fall under Category 1 of the custodial credit risk categories noted below.

Additionally, Atlanta Public Schools must conform to O.C.G.A. § 45-8-12 and 50-17-59, or any other state statutes that govern the collateralization of public funds. Investments are classified as to custodial credit risk by the categories described below:

- Category 1 - Insured or registered, or securities held by APS or the District's agent in APS' name.
- Category 2 - Uninsured or unregistered, with securities held by the counter party's trust department or agent in APS' name.
- Category 3 - Uninsured or unregistered, with securities held by the counter party's trust department or agent, but not in APS' name.

Funds invested in U. S. Treasury Money Market Mutual Funds (open-end mutual funds) are not required to be classified by categories of custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investment shall adversely affect the fair market value of an investment. APS shall manage interest rate risk by limiting portfolio maturities to three years.

Credit Risk

Credit Risk is the risk that an issuer or other counterparty to an investment shall default in the payment of interest and/or principal on a security. APS shall manage credit risk related to certificates of deposit and repurchase agreements that such investments shall only be purchased through banks having at least an AA rating by Standard & Poor's (S&P) or Moody's. Certificates of Deposits with local community banks shall be subject to reviews and satisfactory ratings by Bankrate or Bauer Financial rating agencies. APS shall further manage credit risk for all other investments by requiring the counterparty banks to maintain a senior bond rating of A/A1 or higher. Broker dealers authorized to conduct business with APS must certify financial status, National Association of Securities Dealers (NASD) certification and senior bond rating of A/A1 or higher to the Board on an annual basis.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of a government's investment in a single issuer. APS shall manage concentration of credit risk by limiting the amount that may be invested in any one financial institution.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates shall adversely affect the fair market value of an investment. Foreign investments are prohibited by law in Georgia.

In addition to the aforementioned control techniques, any investment manager who is retained to manage Atlanta Public Schools' investment assets is also required to participate in the risk management process and adhere to the standards outlined in this regulation.

Definitions

Banker's Acceptance: A draft or bill of exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the issuer.

Certificate of Deposit: A time deposit with a specific maturity evidenced by a certificate.

Collateral: Securities, evidence of deposit or other property which a borrower pledges to secure repayment of a loan. Also refers to securities pledge by a bank to secure deposits of public monies.

Comprehensive Annual Financial Report (CAFR): The official annual report for APS. It includes five combined statements for each individual fund and account group prepared in conformity with GAAP. It also includes supporting schedules necessary to demonstrate compliance with finance related legal and contractual provisions, extensive introductory material, and a detailed Statistical section.

Concentration of Credit Risk: The risk of loss that may be attributed to the magnitude of a government's investment in a single issuer.

Diversification: a process of investing assets among a variety of security types by sector, maturity, and quality.

Federal Agencies: Agencies of the federal government set up to supply credit to various classes of institutions and individuals. They issue debt instruments that are not general obligations of the U.S. Treasury but are sponsored by the government and therefore have high safety ratings.

Federal Deposit Insurance Corporation (FDIC): A federal agency that insures deposits in financial institutions, currently up to \$250,000 per deposit.

Investment Policy: a concise and clear statement of the objectives and parameters formulated by an investor or investment manager for a portfolio of investment securities.

Liquidity: an asset that can be converted easily and quickly into cash.

Local Government Investment Pool (LGIP): an investment by local government in which their money is pooled as a method for managing local funds, e.g., the "One Fund".

Market Risk: the risk that the value of a security will rise or fall as a result of changes in market conditions.

Market Value: the current market price of a security.

Maturity: the date on which payment of a financial obligation is due. The final stated maturity is the date on which the issuer must retire a bond and pay the face value to the bond holder.

Mortgage Pools: Participation certificates and pass-through certificates of Government National Mortgage Association (GNMA), Federal Home Loan Mortgage Corporation (FHLMC), and Federal National Mortgage Association (FNMA).

Municipal Securities: Securities issued by local governmental subdivisions such as cities, towns, villages, counties, or special districts, as well as securities issued by states and political subdivisions or agencies.

Principal: the face or par value of a debt instrument or the amount of capital invested in a given security.

Prudent Person Rule: an investment standard outlining the fiduciary responsibilities of public funds investors relating to investment practices.

Repurchase Agreement: An agreement between a seller and a buyer of government securities, whereby the seller agrees to repurchase the securities at an agreed upon price and at a stated time.

Safekeeping: holding of assets such as securities by a financial institution.

State of Georgia – Georgia Fund 1: The combined general fund and local government investment pool managed by the Office of Treasury and Fiscal Services. The fund maintains a weighted average maturity of 60 days or less and offers daily liquidity.

Tax Anticipation Note (TAN): Short-term debt securities issued in anticipation of future tax collections.

U.S. Treasury Bills: Short-term securities with maturities of one year or less issued at a discount by the U.S. Treasury.

Yield: the current rate of return on an investment security generally expressed as a percentage of the security's current price.

Yield-to-maturity: the rate of return yielded by a debt security held to maturity when both interest payments and the investor's potential capital gain or loss are included in the calculation of return.

FY2024 BUDGET BASIS OF ACCOUNTING

Basis of accounting refers to timing of the recognition of revenues and expenditures or expenses in the accounts and in the financial statements.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter in order to pay liabilities for the current period. For this purpose, the School System considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, and interest associated with the current fiscal periods are all considered to be susceptible to accrual and as such have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the School System.

General Fund Budget

The General Fund is used to account for all transactions related to the district's operations except those required to be accounted for in other funds. Major revenue sources include local property taxes and State Quality Basic Education Funds.

Expenditures include all costs relating to the day-to-day operations of the district except those expenditures for programs funded by Federal, State and Local sources for designated purposes, payment of bonded debt, capital facility acquisition and construction.

Consolidated Fund Budget

The Consolidated Funds is used to account for the consolidation of state, local, and federal funds in support of a Title I Schoolwide Program. Fund 150 is used, for the accounting of the consolidated pool of federal, state, and local funds. The use of a separate fund will allow the LEAs (Legal Education Authority) to consolidate all expenditures for each school in support of a schoolwide program and track expenditures separately from non-consolidated activities.

Fund Descriptions

The district uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

An important principle that the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards includes within the code is the “Basis of Accounting” which refers to when revenues, expenditures, expenses and transfers, and the related assets and liabilities, are recognized in the accounts and reported in the financial statements.

When budgeting for revenue and expenditures, the district uses one of two methods that GASB approved: accrual basis or modified accrual basis. The accrual basis of accounting recognizes transactions in the accounting period that when they occur. That is the revenue becomes objectively measurable and earned, and the expenditure is measurable and incurred. Under the modified basis of accounting, the expenditures are recognized while they are measurable and incurred; and the revenues must meet two criteria: measurable and available. Available means that the revenue was collected during the year or will be collected within a specified period of time after year-end. The district considers revenues available if they are collected within 60 days after year-end. The basis of budgeting is the same as the basis of accounting used in the District’s Annual Comprehensive Financial Report (ACFR) for both Governmental funds and Proprietary funds.

Governmental funds are those through which most governmental functions of the district are financed. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when measurable and available. “Measurable” means the amount of the transaction can be determined; and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The district considers revenues available if they are collected within 60 days after year-end. Property taxes, sales taxes and interest are considered to be susceptible to accrual. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Expenditures are generally recognized when the related fund liability is incurred, except for the principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured.

The district appropriates budgets for governmental funds including the following fund types: The general fund is the district’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Major revenue sources include state funding under the Quality Basic Education Act (QBE) and local property taxes. Expenditures include all costs associated with the daily operations of the schools, except for federal and state grant funded programs, school construction, debt service, lunchroom operations and interdepartmental services.

The special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The district has three categories of special revenue funds depending on the revenue source and program purpose.

1. Funds which are funded primarily through fees and tuitions to provide extracurricular activities and special services to the students and citizens of the district.
2. Funds which are funded with State revenues to provide programs and services specified by the State of Georgia.
3. Funds which are funded with Federal revenues to provide programs and services specified by the Federal government.

The debt service fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The primary revenue source is local property taxes levied specifically for debt service.

The capital project funds account for financial resources used for the acquisition and construction of major capital facilities. The district has three funds used for that purpose: County-Wide Building Fund, SPLOST III Fund (Special Purpose Local Option Sales Tax III) and SPLOST IV.

Proprietary funds - the district appropriates budgets for proprietary funds which are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Proprietary funds include the following fund type:

Agency funds - the fiduciary funds report only assets and liabilities, are custodial in nature, and do not present results of operations or have a measurement focus. It focuses on net assets and changes in net assets. The district has two individual Agency funds, the Club and Class Fund and the Payroll Withholding Fund. The funds are used to account for assets held by the district as an agent for special school groups and clubs and for salary withholdings collection agencies. The district does not appropriate budgets for these funds.

The budget process is the responsibility of the Budget Commission of the Atlanta Public Schools.

Budget Commission - There shall be a Budget Commission of the Board consisting of the chairperson of the Board, a member of the Board appointed by the Chairperson of the Board to serve as the Chairperson of the Commission, and two other members of the Board. Every year, the Chairperson and other members of the Board shall be nominated by the Board Chairperson and confirmed by the members of the Board. The Superintendent and the Chief Financial Officer shall serve as ex-officio members of the Budget Commission.

Duties of Budget Commission - The Budget Commission shall:

- (1) Annually prepare and file with the Board for submission to the Superintendent the anticipated revenues for the school system, provided that such anticipated revenue shall not include more than 99 percent of the normal revenues collected during the previous fiscal or calendar year, with appropriate adjustments for changes in the property digest, the millage rate, and any contractual agreement with the city. Also, the anticipated revenues shall include the amount of funds reasonably expected from the state; taking into consideration any projected changes in student enrollment, as well as any other definable and expected sources of general revenue. However, the budget shall reflect all anticipated revenues from each source and shall designate all of such anticipated revenues undesignated. The term "normal revenues" shall include recurring income but not proceeds from the sale of real estate or from insurance thereon or from other nonrecurring sources of revenue. When such anticipated revenues have been filed, they shall be binding upon the Board without any further action.
- (2) Allocate sums sufficient to provide for debt service, including a sinking fund and interest on bond indebtedness, and any other appropriations required by law, which sum shall not be diverted to any other purpose.
- (3) Immediately adjust the anticipated revenues to account for decreased revenues in the event the income of the school system should be decreased by law, either by an Act of the General Assembly or action of the Board. In the event of a change in the millage rate or other changes in state or local law, the Budget Commission may revise the budgeted anticipated revenues; accordingly, and

(4) Before appropriating any other sum for any purpose other than the interest and sinking fund on bonded indebtedness, to lower its estimate of anticipated revenues to immediately discharge any deficit which has accrued during the preceding year if, at any time during any year, the expenditures exceed the revenues collected and a deficit results.

Powers of Budget Commission - In the event the Board receives more money, income, or revenue from any extraordinary source, either by sale of real property, gift, grant, or otherwise, which has not been considered in the preparation of the anticipated revenues or other normal revenue in excess of appropriations, the Board may immediately allocate such increased revenue for lawful purposes. However, during the preparation of the budget for the next year, no such extraordinary revenue shall be considered as part of the normal revenue of the Board.

Preparation of Budget - The Superintendent shall prepare a proposed budget for review by the Board and public. In doing so, the Superintendent shall obtain or cause to be obtained from the Chief Financial Officer and the various subordinate officers of the school system estimates for matters within their jurisdiction in sufficient detail to prepare a program budget based on performance standards and other supporting data as may be necessary and proper. The proposed budget shall provide a complete financial plan for all operations of the school system and shall be based on performance standards.

Economic Factors – For the past 7 years, the state of Georgia has faced tremendous financial challenges which have resulted in significant budget reductions for several school districts. In order for the state of Georgia to balance its states budget, the state passed on austerity reductions to all school districts in Georgia. Atlanta addresses these state cuts by implementing a variety of budget expenditure reductions.

Legislative Challenges – Each year, Atlanta Public Schools must stay abreast of proposed bills being considered in the Georgia General Assembly. For the FY2014 Budget, legislation focused on providing school districts with more flexibility in the wake of declining revenue. Measures passed included the option of larger class sizes for school districts and waivers for certain types of financial expenditures requirements so that the school district can have more flexibility on how they can spend State of Georgia education funding.

Policy Factors – The Atlanta Public Schools must develop a balanced budget within the framework of financial policies approved by the school board.

Fund Types

Atlanta Public Schools maintains a General fund, a Special Revenue fund which includes funds for the management of special activities and functions, and a Proprietary fund.

General Fund

This fund provides the primary day-to-day operations of the school system and is funded by local, state, and federal revenue.

Consolidated Schoolwide Fund

A governmental fund type to be used to account for consolidation of state, local, and federal funds in support of a Title I Schoolwide Program.

Special Revenue

Federal

This fund accounts for the federal categorical grants such as Title I, Title II, Title VI-B, and other federal funds.

Lottery

This fund accounts for State of Georgia lottery grants which pass through the State of Georgia Department of Education for various programs established by the State.

Other Special Projects

This fund accounts for other state and local funds that are for specified purposes.

Capital Projects

This fund contains resources, including Special Local Option Sales Tax (SPLOST); a voter approved 1% sales tax used exclusively for acquiring school sites, constructing, and equipping new school facilities, and renovating existing facilities.

Proprietary

School Nutrition

This fund accounts for the activities of the School System's school breakfast and lunch programs, which are funded primarily by the United States Department of Agriculture and are passed through the Georgia Department of Education.

Debt Service Fund

This fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Revenues are classified according to source:

Federal

Impact Aid – Revenue provided through the U.S. Department of Education to offset the exemption of federally owned property from the local tax base.

Indirect Cost – Reimbursements from federal projects to cover a portion of the administrative costs associated with the programs.

R.O.T.C – Proceeds from military salary reimbursements for district R.O.T.C. employees. This represents one-half of the difference between retirement pay and the active duty pay of R.O.T.C. personnel.

State

Quality Basic Education Program – The revenue provided to the District by the State of Georgia, which is allocated to the district based upon enrollment, program weights, teaching, and experience factors.

Local

Taxes levied on real and personal property are based upon assessed values as of January 1. The real estate tax is an excise tax on the privilege of selling property that is based upon the sale price of property. This tax is distributed by the Georgia Department of Revenue to the City of Atlanta for allocation between the City and the Atlanta Independent School System based upon gross millage rates.

Other Local

Tuition – Payments from non-resident students attending Atlanta Public Schools (APS). This represents the non-state reimbursed cost for education of each student.

Investment Interest – Revenue earned from the district's short-term cash management activities.

Rental of Facilities – Revenue produced from rental of facilities owned by the school district.

Sale of School Assets – Proceeds from the sale of school equipment that is no longer serviceable.

Lost and Damaged Reimbursements – Proceeds from payments for lost and/or damaged books.

Other Local Sources – Represents funds from various sources such as transfers from other funds, field trip revenue, reimbursement from professional organizations, etc.

Expenditures are classified by major object:

Salaries – Regular salary costs related to personnel positions, overtime, temporary employees, supplemental pay, etc.

Benefits – Expenditures associated with health insurance, retirement plans, Social Security, life insurance, worker's compensation, etc.

Professional Services – Services performed only by persons or firms with specialized skills and knowledge.

Purchased Property Services – Expenditures for repair and maintenance, rental of land, buildings, or equipment, etc. Other Purchased Services – Expenditures for communications, travel, and insurance other than employee benefits, etc.

Supplies & Materials – Expenditures for textbooks, instructional materials, office and custodial supplies, computer software, transportation and maintenance supplies, reference materials, etc.

Property – Expenditures associated with land or building acquisition, land improvements, purchase, and lease of equipment, etc.

Other – Expenditures associated with registration fees, professional dues, etc.

Other Uses – Charter Schools – Expenditures associated with Charter Schools

Expenditures are classified by Function:

Instruction- Instruction includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process. Note: Counselors and Technology Specialists funded through QBE are allowable charges to this function for expenditure control purposes.

Pupil Services - Activities designed to assess and improve the well-being of students and to supplement the teaching process. Activities include guidance, counseling, testing, attendance, social work, health services, etc. Also include supplemental payments for additional duties such as coaching or supervising extracurricular activities.

Improvement of Instructional Services - Technical and logistical support activities designed to aid teachers in developing the curriculum, preparing, and using special curriculum materials, and understanding the various techniques that stimulate and motivate students. These services facilitate, sustain, and enhance instruction techniques. Includes costs associated with technology personnel (Technology Specialists), contracted support services, systems planning and analysis, systems application development, network support services, and other technology-related costs that relate to the support of instructional activities. Training and professional development for other, non-instructional employees should be reported in their respective functions.

Instructional Staff Training - Activities associated with the professional development and training of instructional personnel. These include such activities as in-service training (including mentor teachers), workshops, conferences, demonstrations, courses for college credit (tuition reimbursement), and other activities related to the ongoing growth and development of instructional personnel. Training that supports the use of technology for instruction should be included in this code. The incremental costs associated with providing substitute teachers in the classroom (while regular teachers attend training) should be captured in this function code. All costs should be charged to this code regardless of whether training services are provided internally or purchased from external vendors. It should be noted that the salary of a teacher who is attending training would still be reported in function 1000.

Educational Media Services - Activities concerned with directing, managing, and operating educational media centers. Included are school libraries, audio-visual services, and educational television.

Federal Grant Administration - Activities concerned with the demands of Federal Programs grant management. Federal Indirect Cost Charges should continue to be charged to 2300-880.

General Administration - Activities concerned with establishing and administering policy for operating the LUA. These include the activities of the members of the Board of Education. Local activities in interpretation of the laws and statutes and general liability situations are charged here, as are the activities of external auditors. Also recorded here are activities performed by the superintendent, administrative support personnel and deputy, associate, or assistant superintendent having overall administrative responsibility.

School Administration - Activities concerned with overall administrative responsibility for school operations. Included are activities of principals, assistant principals, full time department chairpersons and clerical staff.

Support Services – Business - Activities concerned with the fiscal operation of the LUA, including budgeting, financial and property accounting, payroll, inventory control, internal auditing and managing funds. Also included are purchasing, warehouse and distribution operations, and printing, publishing, and duplicating operations.

Maintenance and Operation - Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools. Property insurance expenditures are recorded in this function.

Student Transportation Service - Activities concerned with the conveyance of students to and from school and trips to school activities. These activities include supervision of student transportation, vehicle operation, servicing and maintenance, bus monitoring and traffic direction. Transportation insurance expenditures are charged to this function.

Support Services – Central - Central Office activities other than general administration and business services. Included are personnel services, data processing services, strategic planning including research, development, and evaluation on a system-wide basis; and public relations activities, such as writing, editing and other preparation necessary to disseminate information to students, staff, and the public.

Other Support Services - All other support services not properly classified elsewhere in the 2000 series.

School Nutrition - Activities concerned with providing food to students and staff in a school or LUA. This service area includes the preparation and serving of regular and incidental meals or snacks in connection with school activities and delivery of food. Activities should be recorded in Fund 600 (School Nutrition Program) except when paid by federal funds from fund 100 on behalf of the food service operation due to a shortage of funds or by special arrangement.

Facilities Acquisition and Construction Services - Activities concerned with the acquisition of land and buildings; renovating buildings; the construction of buildings and additions to buildings, initial installation or extension of service systems and other build-in equipment; and improvements to sites.

Other Outlays - Outlays which cannot be properly classified as expenditures but require budgetary or accounting control.

FY2024 SCHOOL ALLOTMENT GUIDELINES

ABOUT THE SCHOOL ALLOTMENT GUIDELINES

The School Allotment Guidelines (SAG) is a document that houses all of the formulas and guidelines used to develop the base budget for each school. Formulas for earned dollars for programs such as core teachers, extended core, special programs, school-based administration and support, and non-personnel allotments are all housed in this document. The SAG are reviewed yearly by Budget Services, Senior Cabinet, and program managers and are updated and edited based on principal feedback and new initiatives of the district.

INTRODUCTION

Each fiscal year as directed by the Board, Atlanta Public Schools (APS) develops allotment formulas and guidelines for all schools within the district. Budget Services uses these allotment guidelines to develop school-based budgets. It is essential that school-based programs be adequately and equitably provided for all students.

The Budget Services Department seeks necessary assistance and direct support from Associate Superintendents, Principals, and staff from various departments including, Human Resources, Planning/Forecasting, Organizational Management, and various Schools and Academic departments to develop and update the SAG.

BUDGET BASICS

School Based Budgets:

Based on these allotment guidelines, the Budget Services Department develops school-based budget outputs. Principals and other school leaders should understand the rationale behind the development of the school budgets and be able to effectively communicate this rationale to the public they serve.

Teacher allocations for special programs such as Special Education, EIP/ REP, and ESOL, are based on needs as assessed by the various program managers, in collaboration with the Associate Superintendents, as defined by the allotment formula for each of these areas. All formulas used in allotments are applied the same way to all schools regardless of a school's Title I status and Every Student Succeeds Act of 2015 (ESSA).

The number of special education segments are included in the general education enrollment to calculate the number of general education teachers to support efforts to collaborate and mainstream.

Staffing Flexibility:

APS uses site-based budgeting and site-based management through its “Bottom-Up” budget development approach. Each principal is fully empowered through a budgeting process that provides reasonable flexibility, high accountability, innovation, and results-driven budget recommendations aligned with each school’s strategic plan and the district’s overall mission. This flexibility enables each principal to deploy staff according to their school’s needs. Each principal works with their leadership team, Associate Superintendent, and Local School Governance Teams (GO Teams) to develop a budget that meets the needs of the specific student population at their school. As a part of this flexibility, some personnel units may be converted to other positions and non-personnel dollars may be used to purchase additional personnel. Such conversions must not cause an increase in the overall budget allocation for the school. Staffing flexibility is afforded to all schools regardless of a school’s Title I status.

Principal Accountability:

The principal is responsible for the fiscal management of all funds included within these school allotments. Principals will be provided with a monthly budget report (MBR) for their school allotments to assist with the management and monitoring of each line item. This is a monthly report that shows a school’s budget line-by-line and identifies any accounts that are in deficit. This report is designed to help principals and other school personnel balance and track their school budgets and actual expenditures in an accurate and timely manner. The financial stability of a school is reflected in the management of resources, expenditure trends, transfer of funds, accuracy of records and overall judgment in the general management of all school allotment funds. It is the responsibility of the principal to conclude the year with the school allotment having a positive ending balance. A negative ending balance in the overall school allotment budget may result in a corresponding decrease of the following year’s allotment. Therefore, no expenditures should be made in excess of the current budget and staff hired must correspond to the approved budgeted positions.

Local School Governance Team (GO Team):

GO Teams must approve the final recommendations for the school budget, to ensure alignment of resources with the school’s strategic plan. GO Teams receive budget and finance training, then participate in the budget and resource allocation process by making recommendations for use of discretionary school funds aligned to the school improvement/strategic plan and to support approved GO Team school-based solutions for implementation.

The GO Team is responsible for the following: 1) Developing and managing requests for funding to support approved GO Team school-based solutions; 2) Monitoring use of funds received to support approved GO Team school-based solutions; 3) Monitoring school budget; 4) Designating a Budget Chair for the GO Team, if desired.

Title I Comparability:

Comparability is one indication that a school system is using Title I funds to supplement and not supplant other funding sources. Meeting comparability means that the district provides services in the Title I schools that are at least comparable (equivalent) to that which the district provides in the non-Title schools. Demonstrating comparability is a prerequisite for receiving Title I, Part A funds. Because Title I, Part A allocations are made annually, comparability is an annual requirement. School districts must be comparable each year by July 1.

Consolidation of Funds:

As a charter district, Atlanta Public Schools has opted to participate in the GaDOE Consolidation of Funds Initiative. The purpose of consolidating funds is to help a school wide program school effectively design and implement a comprehensive plan to upgrade the entire educational program in the school based on the school’s needs identified through its comprehensive needs assessment. Consolidation of funds means that each schoolwide school treats the funds it is consolidating as a single “pool” of funds. Funds from the contributing programs lose their identity – but not all the benefits and the school uses funds from this consolidated schoolwide (SW) pool to support any activity of the SW Plan.

Average Salary & Benefits:

Salaries are calculated based on a district wide average salary scale. Salaries are not adjusted based on the actual person occupying the position. Therefore, schools are not penalized for higher salaries and schools cannot recoup funds for employees with a salary that is lower than the average salary. In addition, benefits are calculated using a standard base rate for the district. Schools will not recoup any portion of a position's benefits including employees not receiving benefits. Salary calculations are applied identically to all schools regardless of a school's Title I status.

Schools may use any remaining salary from full-time positions that were vacated prematurely to satisfy a specific need. Generally, this need should be in support of the same purpose as the salary that was originally budgeted. These situations are rare and require approval from the Chief Financial Officer.

Leveling:

Leveling is the process APS utilizes to balance school budget allotments and the potentially corresponding staff assignments based on actual student enrollment versus projected student enrollment, as projected enrollment is utilized to staff schools for Day One readiness. After monitoring the student enrollment data closely, APS is committed to executing leveling in a manner that is least disruptive to the instructional program. The APS leveling process will use a combination of performance and seniority to determine the selection and eligibility of staff to be leveled. The 15th day student enrollment count will serve as the basis for leveling school budget allocations. The student enrollment data from Infinite Campus as of noon on the 15th day will be used to determine the appropriate allocation earned for each school as determined by the formulas contained in this SAG. It is the responsibility of each school principal to ensure that all enrollment data is accurately reflected in Infinite Campus. This includes withdrawing students from the count who are not enrolled in school. Data accuracy and integrity is a critical component of the leveling process, as this data point will inform the district of which schools are over, even, underfunded or understaffed.

Turnaround:

The APS School Turnaround strategy was developed in 2014 to provide the additional critical support to our lowest performing schools need and deserve. To meet these needs, Atlanta Public Schools has developed a strategy of support across key priority areas which includes a two-year phase out for schools that have transitioned from Intensive to Targeted Tier.

Partner Schools:

The initial per pupil funding amount is calculated according to the following formula (all items as contained in the Official Budget approved by the Board of Education for the upcoming school year): the total APS General Fund Budget; less any Unfunded Pension Liability Expense; less the Direct Turnaround Services Funding allocated to APS schools identified as requiring Intensive Support or Targeted Support. Such costs currently include the following direct service expenses: Wraparound Services, Tutoring, Professional Learning Communities, Specialists Training in Reading and Math, Social and Emotional Learning, Targeted Professional Learning, and the Vacation Academy.

The result is divided by the Weighted Average APS Enrollment using the most recent total October FTE count with a weight of 1.75 and total APS March FTE count of the current school year with a weight of 1, found in the published GADOE Student Enrollment by Grade level reports, resulting in an initial per pupil funding amount.

Then added to the Initial Per Pupil Funding Amount is the portion of the Direct Turnaround Services Funding, stated on a per pupil basis, that is allocable to the Turnaround Schools; and the Title I funding earned by each Turnaround School, stated on a per pupil basis (using the same number of students as used for Direct Turnaround Services Funding); and without duplication of any other amount included in the APS General Fund Budget, any other federal or state funding allocated by APS to similarly situated schools - that is not currently both received and allocated by APS to similarly situated schools as of July 1, 2016- stated on a per pupil basis (using the same number of students as used for Direct Turnaround Services Funding). This shall not apply to any new federal or state grants to other similarly situated schools for which the Turnaround Schools are not eligible pursuant to the terms of the grant.

The total is added to the Initial Per Pupil Funding Amount and shall be the "Supplemented per Pupil Funding Amount".

APS subtracts from the Supplemented Per Pupil Funding Amount an administrative fee equal to 2% of the Supplemented Per Pupil Funding Amount. The resulting figure shall be the "Per Pupil Funding Amount". The calculation of payments will be based upon the student enrollment counts of October with a weight of 1.75 and March with a weight of 1. The partner school's weighted average FTE count will be multiplied to the per pupil funding amount to get the Total funding due to partner school.

Charter Schools:

Funding for a charter school's instructional and administrative programs will comply with the Georgia Charter Schools Act of 1998, Article 31 of the Official Code of Georgia Annotated. APS start-up charter schools receive a proportionate share of the district's state and local revenue. Budgets are calculated using each charter school's QBE School Allotment sheets and Salary and Operation Detail report for the revenue amount for the year. The allotment calculation is based on the QBE Salary and Operation Details report, the 3 FTE count weighted average using the 2 most recent October and March enrollment and a proportionate share of the district's state and local revenue earning for each school. An additional adjustment is made to account for anticipated enrollment growth throughout the school year. Atlanta Public Schools charter schools are listed below. APS subtracts from the allotment calculation an administrative fee equal to 2% of the funding amount. Write a title for the content below

STUDENT SUCCESS FUNDING (SSF)

FOCUS THE BUDGET ON STUDENT NEED

Student Success Funding (SSF) is the districts funding formula that will allocate funds based on the attributes of students. The process can uncover hidden inequities in a district's allocation of funds and serve as a catalyst for broader analysis to respond to student needs.

GOALS OF STUDENT BASED BUDGETING

1. Equity: "Dollars follow the student." The SBB model ensures that resources are distributed equitably based on student need and helps to address the equity issues listed below.
 - Allocations based on enrollment tiers create large disparities in funding with schools with similar need and similar enrollment
 - Allocations that are distributed one per school create inequities in schools based on enrollment size
 - Allocations do not tightly align with need, especially poverty.
 - Allocations are subject to "hold-harmless" decisions or rolling-over prior year decisions which create unintentional inequities and put the district at risk of not funding per the guidelines
2. Transparency: "The formula tells you what you get." SBB uses a formula and has clear and easily understood rules for where, how, and why dollars flow, helping eliminate the deficiencies in the traditional funding system.
 - Previous formulas were difficult to understand and explain
 - Previous formulas contained language such as "distributed by program manager"
 - Lack of history or understanding of formulas original intent; "That's just how we've always done it"
3. Empowering: "Principals own their budgets." By distributing funds rather than staff, SBB enables school leaders to define the resources they need to drive student achievement.
 - Principals don't always know where they have flexibilities with current allotments and where they don't
 - Adjustments from the allotments are small and incremental; the current formula does not lend itself to significant innovations

Transitioning to the SSF formula puts APS's funding formula in alignment with our strategic objectives, expand school autonomy, and alleviate enrollment pressure points in the previous formula. As part of the current strategic plan, APS is committed to improve efficiency and resource allocation in a manner grounded in strategic academic direction and data. The SSF formula will prioritize resources based on student needs, meeting one of our key strategic objectives.

BASE ALLOCATION

The base per pupil allocation in this year's Student Success Formula is \$5,193.

STUDENT ATTRIBUTES

Among the various districts utilizing a student-based funding formula, there are many different combinations of attributes used to best meet the needs of students. Student attributes that are supplemented through SSF this year are:

- Grade Level
- Incoming Performance
- Poverty
- Concentration of Poverty
- English Language Learners
- Special Education
- Gifted

WEIGHTS

Grade Level

Weights have been applied to incoming kindergarteners, 1st graders, 2nd graders, 3rd graders, 6th graders and 9th graders. Elementary school weights are in alignment with the district's budget parameter regarding "investments in Pre-K through 3rd grade to ensure all students are reading by the end of 3rd grade." The weight for 6th and 9th grades were added as transitional funds. The weights for each grade level are:

Grade Level	Weight
Kindergarten	0.6
1 st Grade	0.25
2 nd Grade	0.25
3 rd Grade	0.25
4 th Grade	-
5 th Grade	-
6 th Grade	0.03
7 th Grade	
8 th Grade	
9 th Grade	0.03
10 th Grade	
11 th Grade	
12 th Grade	

PRIOR ACADEMIC PERFORMANCE

School Level	Weight
Elementary	0.1
Middle	0.1
High	0.05

Typically, weights have been applied to the percentage of rising 5th and 8th graders performing at beginning level on milestones from the previous school year applied to total enrollment.

POVERTY

School Level	Weight
Elementary	0.5
Middle	0.5
High	0.5

Weights have been applied for students from low-income households. The data used for poverty are the direct certification data as provided by the Data Information Group. The weights for each grade level are above.

School Level	Weight
Elementary	0.05
Middle	0.05
High	0.05

ENGLISH LEARNERS

School Level	Weight
Elementary	0.2
Middle	0.2
High	0.2

Weights have been applied for ELL students. The weights for these students are provided in the table above.

SPECIAL EDUCATION

School Level	Weight

EARLY INTERVENTION (EIP) AND REMEDIAL EDUCATION PROGRAMS (REP)

In recent years, EIP and REP allotments were allocated as positions. These positions were determined by taking the most recent October segment count for each school and dividing it by 130. The allocation would then be rounded up to the nearest whole.

Under the new formula, remedial allocations are determined by using the following calculation:

1. First the weighted average for remedial segments is determined by taking October 2022 times 2 + March 2022= Total segments divided by 3.
2. Then, we do the same thing with total enrollment for the school for both of these counts. This is done to determine the percentage of total enrollment for each of those counts that were served previously.
3. Total for #1 is then divided by total for #2 to determine the percentage of total segments that are identified as remedial.
4. This percentage is then applied to the forecasted enrollment for FY2024 to determine the approximate student count for REP for the upcoming year.
5. The base allotment in SSF for FY2024 is \$5,193. The weight for EIP/REP is 1.05 for Elementary and 0.40 for Middle and High School which is applied to the total enrollment projection calculated in step 4.

SUPPLEMENTS

Atlanta Public Schools has a diverse collection of schools, which require consideration in the formula. There are also considerations for attributes of the schools.

NEW SCHOOL POLICY

School Level- ALL	Weight
New School Policy	\$500 per student

This policy is only for FY24.

TRANSITION POLICY

School Level- ALL	Weight
Transition Policy	FY24 only. Provide 50% of lost funding from projected student enrollment.

This policy is to accommodate schools affected by new school opening for FY24.

SMALL SCHOOL SUPPLEMENT

School Level	Threshold	Weight
Elementary	450	0.3
Middle	550	0.3
High	650	0.3

Schools below a certain threshold receive an additional weight applied to each incremental student between the school's enrollment and the threshold amount to ensure school viability in a per pupil allotment.

BASELINE SUPPLEMENT

Baseline allocations are resources that a school must have in order to operate. There may be some schools that do not receive enough funding through the Student Success Funding Formula to cover its minimum costs. Baseline allocations are the mechanism to solve for that challenge.

The baseline supplement ensures that each school gains enough funding through SSF to adequately fund specific positions and other non-staffing allocations, as indicated below.

GIFTED SUPPLEMENT

Historically, schools with low gifted populations were allocated at least a 0.5 FTE allocation. In an effort to afford those schools an opportunity to increase their number of gifted students, weights have been applied to supplement the gifted allocations. Schools with less than 5% of their total population identified as gifted students had weights applied to the difference. The weights are as follows:

School Level	Weight
Elementary	0.6
Middle	0.6
High	0.5

HOW WILL THE LEVELING PROCESS BE IMPACTED?

Through the SSF model, schools earn dollars instead of positions. The dollars include a base amount for each student plus additional weights based on student attributes. This is then multiplied by the forecasted enrollment. During the leveling process, schools will gain or lose funds depending on the number of students above or below what was projected multiplied by only the base amount, to avoid large swings in funding and to minimize disruption. Proration of losses may take place in an effort to minimize disruption to instructional models.

ADDITIONAL SCHOOL ALLOCATIONS

In addition to funding earned through the Student Success Funding Formula (SSF), there are positions that are allocated to schools by Program Managers. The methodology behind each allocation is listed below.

Program	Methodology/Formula
ESOL Teachers	This is a formula-based allocation. At the elementary level, allocations are determined by total number of identified English Learners for scheduled support services for one segment and for two segments of support at the middle and high school level. Slight adjustments are made to pair schools that must be served by an itinerant ESOL teacher. Additional adjustments may be made after ESOL program exit decisions are made in May. As this is a highly transient population and federal law requires that all identified English Learners receive direct ESOL support services, adjustments will be made again after the 30-Day ESOL Program Student Count in September.
Special Education	Staffing Allocations are based on students' IEPs. Generally, there should be 8-12 students with disabilities in special education or co-taught classes. Specific class size maximums exist for different disability areas. Please contact the Department of Special Education if you have questions regarding class size for different disability areas.
Career, Technical and Agricultural Education (CTAE)	For CTAE, positions (FTEs) are assigned to schools depending on the pathways offered by each school and the number of students enrolled in each pathway. Schools may earn .5 or a full FTE based on significant enrollment increases, pathway expansion efforts based on school needs and/or vertical alignment between middle and high school.
Nurses	1.0 RN or LPN assigned to schools based on student medical acuity, clinic volume, school size, and/or cluster size. There is 1 RN assigned to support 3-5 hourly RN/LPN positions. Some positions were reassigned to address the nursing support needs for each cluster. The National Association of School Nurses (NASN) recommends a nurse-to-student ratio of 1:750; 1:225 that requires interventions such as special education inclusions, 1:125 for complex health care needs, and 1:1 for individual students with multiple disabilities.
School Resource Officers	Middle schools are allotted 1 school resource officer per school. Middle schools with enrollment over 1,500 are allotted 2 school resource officers. High schools were allotted 2 school resource officers per school. High schools with enrollment below 800 were allotted 1 school resource officer per school.
Psychologists	Schools earn allotments based on student population and special needs/programming (e.g., bilingual populations, special education units). Student populations of 700 or above earn 1 full-time psychologist; student populations 500-699 earn .50; 499 and under earn .25.
JROTC	1. Cadet Command Regulation 145-2 governs JROTC instructor authorizations: (1) Staffing levels are as prescribed in paragraph b(1): a minimum of one Senior Army Instructor and one Army Instructor for any school with an enrollment of 150 or fewer Cadets, an additional Army Instructor at 151 to 250, and an additional Army Instructor authorized for each increment of 100 Cadets. 2. JROTC instructors are allocated to high schools based upon the current and forecasted cadet enrollment numbers per school. Schools with 75 - 150 cadets enrolled are allocated 2 instructors, enrollment between 151-250 allocated 3 instructors, enrollment 251-350 allocated 4 instructors. If a school cadet enrollment is greater than 351 cadets, the school is authorized 5 instructors.

Program	Methodology/Formula
Operation Managers, Site Managers, and Custodians	Based on school size, complexity, and student populations, we assign one Operations Manager per high school. One Operations Manager assigned to each traditional and alternative High School. Campuses housing two different schools share an Operations Manager at .5 FTE per each of the schools inhabiting the building. We assign one Site Manager per middle school. We make Site Manager Assignments at elementary schools based on the school size, student population, and past experience. Elementary schools with small student populations and near another school will typically get 0.5 Site Managers. Schools with larger populations or where there has been a history of maintenance and repair issues will typically be allocated a single Site Manager. Established a baseline floor of 2 custodians at each location. Additional assignments are based on school square footage, number of assigned students, and past usage history.
Turnaround	APS Turnaround schools experience a range of 44% to 81% of students performing at the Beginner performance band. The highest priority is building teacher's capacity to deliver Tier 1 instruction to address the challenge of an overwhelmed MTSS system. An effective group size is 3 to 6 students to be served in a group for an intervention specialist. The APS Turnaround objective is to build capacity. <ul style="list-style-type: none"> 1 Specialist (Reading or Math) 1 Coach (Reading or Math) Extended Learning Funds to Accelerate Learning 1. Academic Supports - Instructional Coach works on building the capacity of teachers, Reading and Math Specialists work directly with students in small groups to build foundational skills in reading and/or math based on data. 2. Extended Learning Time - Provide direct academic support to students through opportunities for extended learning. This includes, additional reading and math specialists, teacher tutors, paraprofessionals, intervention block, after school/Saturday school, curricular resources, and transportation. It also allows for improving opportunities for expert-led collaborative planning and professional learning for instructional staff. 3. Whole Child Supports- Expand opportunities to work directly with students and families to increase multi-tier systems of wraparound support to address nonacademic needs. This includes a full-time social worker, clinical therapist, counselor, behavior specialist, or a position crafted with the support of the Department of Student Services.
Media Specialist	Each school campus is required to have a certified library media specialist to provide instruction and resources for students and teachers. This practice directly supports the APS School Board Goal #1 of improving literacy for APS students. This staffing practice ensures equitable access to books, reading opportunities and other learning experiences for students throughout the district. Schools with dual campuses are staffed with a media specialist at each campus.
Social Worker	National Association of Social Workers recommends a ratio of one school social worker to each school building serving up to 250 general education students (1:250). Student enrollment is also factored to ensure staffing can manage the workload.

DUAL CAMPUS SUPPLEMENT

Schools with more than one campus have been allotted additional funds to support the operations of the second campus. The supplements are based on the average salaries of specific positions deemed essential for maintaining these dual campuses: Program Administrator, Counselor, School Secretary and/or School Clerk. The supplements for these schools are as follows:

School	Amount
Brandon ES	\$472,237
Jackson ES	\$472,237
Smith ES	\$472,237
Toomer ES	\$365,590
Hollis Innovation Academy	\$472,237
Sutton MS	\$478,024
Douglass HS	\$478,024

SIGNATURE PROGRAM ALLOCATIONS

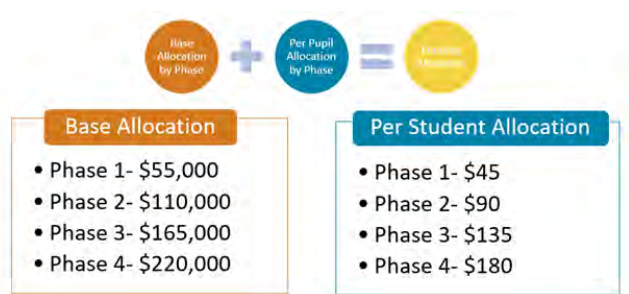

Signature programming is a core component of our charter system strategy and funds are allocated based on grade span and phase of implementation. Cluster planning was set in place to provide flexibility and autonomy at the cluster level for schools to invest resources in alignment with the district's academic standards of service.

It specifically addresses each cluster's academic programming needs and support for signature programming. These programs work to ensure college and workplace readiness for all students thus complementing the district's mission statement. Since signature programming inception in 2015, it has aligned to the APS strategic plan, supported authorization/certification requirements from agencies, focused on three phases of progression based on level of implementation (1--Beginning, 2--Intermediate and 3--Advanced), and paid close attention to phase 3 which focuses on schools that are progressing toward and/or have achieved certification/authorization. Moving forward, signature programming is implementing an additional phase (phase 4) and including a new funding formula. This new concept will add the additional phase and reassign schools based on level of implementation (1--Beginning, 2--Intermediate, 3--Advanced and 4—Post Authorization/Certification), it assesses implementation every year using the new phasing rubric and it will adjust the school phase designation based on progression and observation.

The breakdown below shows the current funding formula for signature programs.

Allocation Notes

- Base Allocation equates to the salary of an Instructional Coach; P1= 1 Part Time Coach, P2=1 Full Time Coach, P3=1 Full +1 Part Time Coach; P4= 2 Full Time Coaches
- Per Student Allocation equates to a percentage of the APS Base Rate per Pupil of \$4,506.00; P1=1%, P2=2%, P3=3%, P4=4%

NON-TRADITIONAL SCHOOL ALLOCATIONS

The following allocations have been developed to provide an adequate funding model to serve the non-traditional programs as approved by the Board. No other schools will receive the funding structure as shown below unless such a school is designated as non-traditional school as recommended by Schools and Academics and approved by the Board. These allocations will not be adjusted as long as they stay within an acceptable range as shown below:

FINANCIAL SECTION

ALL FUNDS OVERVIEW

ALL FUNDS OVERVIEW

The State Department of Education and the Governmental Accounting Standards Board (GASB), requires that the accounts of Atlanta Public Schools are organized and operated on a fund basis. Each fund is an independent fiscal and accounting entity, and is considered a separate reporting entity, with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. Fund accounting is designed to demonstrate legal compliance, greater accountability, and to assist financial management by segregating transactions related to certain government functions or activities.

Atlanta Public Schools uses the accrual and modified accrual basis of accounting. The districtwide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. The primary fund types are:

General Fund - \$1,128,354,750

This fund is the school system's primary operating fund. The General Fund is used to account for all financial transactions of the School System except those required to be accounted for in another fund. Ad Valorem taxes and State QBE funding represent the major revenue sources for the General Fund.

Special Revenues Fund - \$212,082,324

This fund accounts for the federal categorical grants such as Title I, Title II, Title VI-B, and other federal funds that must be spent for the specific purposes identified in the grant agreements.

Capital Projects Fund - \$311,110,520

SPLOST supports the district's ongoing efforts to enhance educational opportunities for our students. SPLOST provides the resources to upgrade school campuses through addition and renovation construction projects. Special Purpose Local Option Sales Tax (SPLOST), is a voter approved 1% sales tax used exclusively for acquiring school sites, constructing, and equipping new school facilities, and renovating existing facilities.

School Nutrition \$35,011,463

This fund accounts for the activities of the district's school breakfast and lunch programs, which are funded primarily by the United States Department of Agriculture and are passed through the Georgia Department of Education.

School Activity Funds - \$4,500,000

School Activity Funds are bank accounts at individual schools under the control of school principals or club advisors. These funds are a combination of sums of money, that flow through in the form of school board funds, student-generated funds, receipts, and disbursements related to athletics, and the myriad co-curricular and extracurricular events sponsored by school districts. These funds are not managed in the APS financial system of record, the schools use an exclusive ERP designed for school funds record keeping.

ALL FUNDS REVENUE OVERVIEW

The Atlanta Public Schools system receives revenue funding from three major sources - state sources, local sources, and federal sources. Each source is comprised of multiple items which are accounted for separately. State sources are derived mainly through Quality Basic Education (QBE) funds and local sources come mainly through property taxes. This section provides a breakout of revenue by source for APS for FY23.

Revenues are classified according to source:

STATE

Quality Basic Education Program (QBE) – The revenue provided to the district by the State of Georgia, which is allocated to the district based upon enrollment, program weights, teaching, and experience factors. Funding from the State was reduced during the Great Recession through a process called austerity reductions.

LOCAL

Taxes levied on real and personal property are based upon assessed values as of January 1st. The real estate tax is an excise tax on the privilege of selling property that is based upon the sale price of property. This tax is distributed by the Fulton and DeKalb County Commissioners' Offices based upon gross millage rates.

OTHER SOURCES OF REVENUE

Tuition – Payments from non-resident students attending Atlanta Independent School System. This revenue represents the non-state reimbursed cost for education of each student.

Investment Interest – Revenue earned from the district's short-term cash management activities.

Indirect Costs Charges – Reimbursement from federal programs with an approved indirect cost rate.

Rental of Facilities – Revenue produced from rental of facilities owned by the school district.

Sale of School Assets – Proceeds from the sale of school property and/or equipment that is no longer serviceable.

E-Rate – Is the commonly used name for the Schools and Libraries Program of the Universal Service Fund, which is administered by the Universal Service Administrative Company (USAC, a subsidiary of NECA) under the direction of the Federal Communications Commission (FCC).

Lost and Damaged Reimbursements – Proceeds from payments for lost and/or damaged books and property.

Intergovernmental Agreement – Revenues related to Intergovernmental Agreement with the City of Atlanta and Beltline Tax Allocation District (TAD).

Other Local Sources – Represents funds from various sources such as transfers from other funds, field trip revenue, reimbursement from professional organizations, etc.

In general, most other revenue is small in nature and revenue estimates are kept conservative during the budgeting process.

ALL FUNDS EXPENDITURE OVERVIEW

Educating our students is priority one. Educating students is labor intensive. The district diligently manages and maintains a productive, positive educational environment that is responsive to a diversified student population. A large portion of the Atlanta Independent School System annual budget is expended for personnel costs.

Salaries – Regular salary costs related to personnel positions, overtime, temporary employees, supplemental pay, etc. The district has had steady increases in salaries as it has implemented a compensation plan with regular annual steps.

Benefits – Expenditures associated with health insurance, retirement plans, life insurance, workers' compensation, etc. Benefits consist primarily of employee pension and benefits.

Professional Services – Services performed only by persons or firms with specialized skills and knowledge. Due to an increase in contracts with partnership schools and Charter schools this object has seen an increase over the last two years.

Purchased Property Services – Expenditures for repair and maintenance, rental of land, buildings, or equipment, etc.

Other Purchased Services – Expenditures for communications, travel, and insurance other than employee benefits. The fiscal year 2014 charter school funding was reclassified from Other Uses to Other Purchased Services starting in fiscal year 2015 and 2016.

Supplies & Materials – Expenditures for textbooks, instructional materials, office and custodial supplies, computer software, transportation and maintenance supplies, reference materials, etc.

Property – Expenditures associated with land or building acquisition, land improvements, purchase, and lease of equipment, etc.

Other – Expenditures associated with registration fees, professional dues, etc.

Other Uses – Includes expenditures such as transfers to other funds, sale of capital certain capital assets and other expenditures that require budgetary or accounting controls.

General Fund Expenditure by Function Overview: The General Fund expenditures are grouped into seven functions.

Instruction – Instruction includes activities dealing with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities.

Pupil Services – Activities designed to assess and improve the well-being of students and to supplement the teaching process. Activities include guidance, counseling, testing, attendance, social work, health services, etc. Also include supplemental payments for additional duties such as coaching or supervising extracurricular activities.

Staff Services – Activities which are designed primarily for assisting instructional staff in planning, developing, and evaluating the process of providing challenging learning experiences for students. These activities include curriculum development, techniques of instruction, child development and understanding, staff training and professional development.

School Administrative Services – Activities concerned with overall administrative responsibility for school operations. Included are activities of principals, assistant principals, full time department chairpersons and clerical staff.

Maintenance and Operations – Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition and state of repair. This includes the activities of maintaining safety in buildings, on the grounds, and in the vicinity of schools. Property insurance expenditures are recorded in this function.

General Administrative Services – Activities concerned with establishing and administering policy for operating the Local Units of Authority (LUA). These include the activities of the members of the Board of Education. Central offices functions are recorded here, such as the superintendent, administrative support personnel, fiscal operations, human resources, data processing, strategic planning, and public relations.

Transportation Services – Activities concerned with the conveyance of students to and from school and trips to school activities. These activities include supervision of student transportation, vehicle operation, servicing and maintenance, bus monitoring and traffic direction. Transportation insurance expenditures are charged to this function.

CURRENT YEAR CHANGES AND TRENDS

The FY2024 budget has been developed around certain expenditure parameters that align with the goals/guardrails developed and set forth by the Board. This budget strives to sustain and support changes in school enrollments, new schools, changes in school designs, and shifts in school programs, as recommended, and approved through the facilities master planning process. The budget supports a compensation strategy and central office structure that aligns district initiatives with the recommendations from internal and external reviews and audits.

The FY2024 budget also contemplates federally funded programs and positions, especially those funded through CARES, and begins the process of folding in or rolling off those expenditures as appropriate. In addition, the budget has taken into consideration the increase in the cost of services due to inflation. The FY2024 budget also supports enhancements to the school nutrition program.

The final adopted FY2024 budget includes an investment of approximately \$59.3 million dollars in employee compensation and rewards. The adopted budget for FY2024, contains pay increases to recognize and reward our hardworking staff, including but not limited to:

- New Base Salary pay structure for all employee groups incorporating 2023 Compensation Study findings and State-of-Georgia budget adjustments including the proposed \$2000 increase to the State's salary scale for Teachers,
- Market Salary Scale increases for all employee groups and step increments for all eligible employees on a pay grade/step (ranges from 6.5% to 8.4%),
- \$3,000 one-time payment for employees not eligible for step increments.
- Reinstate the doctorate degree band for the instructional support pay grade,
- \$3,000 retention stipends for special education, mathematics, dual language immersion, ESOL teachers,
- \$500 - \$2,000 retention stipends for all staff in high-poverty schools (with >65% direct certification),
- \$3,000 strategic early hiring incentives for Special Education, World Language, Dual Language Immersion, Art, and CTAE Teachers,
- \$3,000 retention stipend for Turnaround School Teachers,
- \$5,000 retention stipend for Turnaround School Principals, and
- Funding to sponsor teacher recruits seeking H1-B VISA sponsorship

Additional Highlights of Atlanta Public Schools' FY2024 budget include:

School Highlights

- Increases to Special Education by \$9.2 million
- Increases to Extended Learning programs by \$1.9 million
- Increases to Counseling services by \$685,000 (Up 7%)
- Increases to K- 5 Grade Level by \$1.8 million
- Increases to Math by \$1.3 million
- Increases to Reading and ELA by \$1.2 million
- Increases to Social Workers by \$872,000 (Up 12%)
- Increases to Signature Programs by \$880,000
- Increases to the fine arts programs including Art, Music, PE, World Language, etc. by \$2 million

Other Operational Enhancements

- An Increase of \$4.5 million for safety and security including \$800,000 for SRO's.
- \$1 million for the continuation of Athletic trainers
- Increases in Academic Supports including Special Education contracted services (\$700k), Fine Arts transportation (\$425k), Learning Dev (\$495k), PAACT (\$1m), Reading/ ELA (\$530k)

- Increases for Software purchases and system upgrades \$2.6 million)
- A little over \$4 million for Board elections
- An additional \$10 million to support inflationary costs on contracts and facility supplies.

GENERAL FUND OVERVIEW

GENERAL FUND EXPENDITURE OVERVIEW

The General Fund is the primary operating fund of the district. It consists of consolidated funding from both local property taxes and Title I funding. Almost three quarters of the district's annual budget is in this fund. It can be viewed in two ways: by object or by function.

GENERAL FUND EXPENDITURE BY OBJECT OVERVIEW

Educating our students is priority one. Educating students is labor intensive. The district diligently manages and maintains a productive, positive educational environment that is responsive to a diversified student population. A large portion of the Atlanta Independent School System annual budget is expended for personnel costs.

General Fund Revenue Overview

General Fund revenue comes from two major sources, state & local. State sources are derived mainly through Quality Basic Education (QBE) funds and local sources come mainly through property taxes.

Local Tax Revenue

Real property and personal property, recorded as local taxes, are the primary revenue sources for the Atlanta Independent School System. All combined local revenue is projected at \$855 million and will be used to support the fiscal year 2024 general fund. A major portion of the local revenue comes from local property taxes. The local digest has been growing over the last few years and this is mainly due to new construction and an increase in the assessed value of properties.

Taxes levied on real and personal property are based upon assessed values as of January 1. The real estate transfer tax, which is based upon the sales price of property, is an excise tax on the privilege of selling property. This tax is distributed by the Fulton and DeKalb County Tax Commissioners' Offices based upon gross millage rates.

LOCAL REVENUE- GENERAL FUND

STATE REVENUE

The Atlanta Independent School System receives minimum education funding from the state through the Quality Basic Education (QBE) program. State funding normally consists of support for the QBE program and categorical aid for specialized programs and initiatives. The Atlanta Independent School System is budgeted to receive \$209 million in state funding in fiscal year 2024. The chart on the right depicts an increase in the revenue from the state over the last few years. At the start of the pandemic, when sales tax revenues were anticipated to drop, the state implemented austerity measures and the QBE earnings decreased. But as sales tax revenue increased, the state removed the austerity measures and the QBE earnings are now at pre-pandemic levels.

Quality Basic Education Program – The revenue provided by the State of Georgia is allocated to the district based upon enrollment, program weights, teaching, and experience factors. State Grants – This fund contains resources which are state awarded grant funds.

OTHER SOURCES OF GENERAL OPERATING REVENUE

Revenue of \$8.2 million from various sources is projected to support the fiscal year 2024 operation of the Atlanta Independent School System. These sources include tuition, investment income, fees from rental of facilities, sale of school assets, and reimbursements for lost and damaged assets.

Tuition – Payments from non-resident students attending Atlanta Independent School System. This revenue represents the non-state reimbursed cost for education of each student.

Investment Interest – Revenue earned from the district's short-term cash management activities.

Indirect Costs Charges – Reimbursement from federal programs with an approved indirect cost rate.

Rental of Facilities – Revenue produced from rental of facilities owned by the school district.

Sale of School Assets – Proceeds from the sale of school property and/or equipment that is no longer serviceable.

Lost and Damaged Reimbursements – Proceeds from payments for lost and/or damaged books and property.

Intergovernmental Agreement – Revenues related to Intergovernmental Agreement with the City of Atlanta and Beltline Tax Allocation District (TAD).

Other Local Sources – Represents funds from various sources such as transfers from other funds, field trip revenue, reimbursement from professional organizations, etc.

General Fund Forecast

The General Fund is almost three quarters of the district's budget. Budget Services focuses most of its effort on the forecasting of that area. Most other funds are tied to dedicated funding where what is expensed only relates to available revenue, so forecasting would be dependent upon changes in income.

Revenue forecasting can be affected in a few ways:

Tax allocation districts (TADs), also called tax incremental financing in some areas, takes property growth from an area and value in taxes generated from it and dedicates it to economic development efforts. This inherently takes away from current operations in hopes of a long-term return. APS participates in five TADs, none of which have closed since they started. Only after closing, can the district see the benefit of the property growth.

Tax Abatements- in these instances, property taxes are fully or partially forgiven, for a period of time to spur economic development. They are intended to be used only when it must happen in order for the project to proceed. In most instances, the district cannot override this tax forgiveness even though they are half the tax bill.

Below is the General Fund forecast.

The above forecast has been built upon certain assumptions for both revenues and expenditures that are listed below:

Revenue Assumptions:

- Approximately 3% annual scaling in state revenue and 5% in local revenue (more conservative in out years)
- The forecast assumes a 5% growth in the tax digest annually. This growth is a combination of new development and also growth in assessed value of existing properties
- Title revenues have been grown by 3% and Other revenues by 2%

Expenditure Assumptions:

- Compensation and other compensation have been scaled at 3% annually
- Benefits have also been scaled at approximately 3%
- Most non-personnel expenditures have been increased by 3% annually and a 10% increase has been assumed for others based on the increase in prices
- City Pension liability fully funded by FY2027
- FY2025 expenditures includes the fold-in of some programs that have been funded by CARES
- There is an increased use of fund balance in FY2025 and FY2026 which reduces the ending fund balance in the forecast years. The district plans to be strategic in the allocation of resources towards those programs that have the most impact. One methodology that is currently being piloted by the district to achieve efficient allocation of resources is called Academic Return on Investment.

OTHER FUNDS BUDGET SUMMARY

Atlanta Public Schools receives supplemental funding for instructional programs provided by grants from various outside agencies and organizations, including state and federal agencies, and private organizations. Most of the federal, state, and local grants that the district receives are accounted for in the special revenue fund and must be spent and accounted for according to the specific grant requirements. Should the funding for most of these programs be eliminated, it is likely that the services would also be eliminated unless another funding source is identified. The following is a summary of early estimates of special revenue and grant programs expected for FY2024.

All grant proposals are tentative pending final approval by the grantors. This document does not list all grants that the Atlanta Public Schools may pursue during the year, nor does it represent the total amount that will be awarded by the grantors during Fiscal Year 2023-2024. As the State provides final allocations, the Board will be presented with updated grant budget proposals. Final revised grant budgets, as approved and amended by the State and other grantors are presented in the monthly board report.

SCHOOL NUTRITION - FUND 600

FY2024

Chief: Larry Hoskins

BCM: Eric Bankhead

PURPOSE

The Atlanta Public Schools Nutrition Department provides all students healthy school meals that meet their daily nutritional needs and support optimal academic performance for student success during in-person and virtual learning models. Currently, all student meals are provided through the USDA Seamless Summer Option (SSO) program, a federally funded meal program that provides well-balanced free meals to all children in the City of Atlanta ages 1 – 18. Atlanta Public Schools has been awarded the USDA Fresh Fruit and Vegetable Program (FFVP) Grant, promoting the distribution of fresh fruits and vegetables not offered as part of the current meal service menu. FFVP is available to all APS Virtual and In-person students.

SPLOST IV - FUND 354

FY2024

Chief: Larry Hoskins

BCM: Dan Drake

PURPOSE

An E-SPLOST is a Special Purpose Local Option Sales Tax (SPLOST) for education. It is a one-cent sales tax on all retail purchases. This means that everyone who makes a purchase in the school district county, including visitors, contributes to the support of local schools. Atlanta Public Schools participates in an E-SPLOST in both Fulton and DeKalb Counties as outlined by state law. SPLOST 2017 is sales tax revenue collected July 2017 through June 2022, while SPLOST 2022 will be collected July 2022 through June 2027.

TITLE IV - FUND 462

FY2024

Chief: Tauheedah Baker-Jones

BCM: Larry Wallace

PURPOSE

The Nita M. Lowey 21st Century Community Learning Centers (21st CCLC) program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children, particularly students who attend low-income and low-performing schools.

Title IV, Part A is commonly known as the Student Support and Academic Enrichment program. This program allows for the creation of activities aligned to one of three focus areas: Well-Rounded Education, Safe and Healthy Students, and Effective Use of Technology.

FISCAL YEAR 2024 BUDGET & FINANCIAL POLICIES SUMMARY

The following budget and administrative policy summaries of the Atlanta Independent School System Board of Education guide the preparation and administration of the district's budgets.

BUDGET OPERATING POLICY

The budgeting process is a year-round process involving all budget managers of the district. The major budget activities of planning, preparation, adoption, and implementation occur according to the planned budget schedule prepared by the Finance Department.

The planning activities include identifying and prioritizing educational needs and forecasting available resources to meet those needs. This segment requires intensive involvement of administrative, instructional, and operational staff.

Tentative school site budgets are based on the projected enrollment associated with the 40th day enrollment reports submitted to the Georgia Department of Education, instructional plans, estimated resources, contractual requirements, and anticipated inflation increases. All organizational units prepare their budgets during the winter months of each year.

A district-wide consolidated expenditure budget is prepared and submitted to the Budget Commission by the Superintendent. After approval by the Board of Education, one public hearing is held a minimum of two weeks before adoption of the proposed budget. Following the budget hearing, changes can be made to reflect public input. The budget adoption at the next legislative meeting of the School Board is the final step.

FUND BALANCE AND RESERVE POLICY

Reservation of fund balance is reported for amounts that are not available for appropriations or amounts that are legally restricted by outside parties for use for a specific purpose.

ENCUMBRANCES

Encumbrances that are outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

BUDGET MANAGEMENT

Monitoring of staffing and expenditures enables the Budget Center Manager to keep track of the rate at which funds are being expended. The rate of expenditures is important for cash flow purposes in order to ensure that the district has available assets to sustain daily operations.

FUNDING FOR STUDENT POPULATION CHANGE

The Department of Operation – Facilities, provides enrollment data to the Budget Department once the enrollment information has been certified by the State of Georgia. The certification normally occurs as the result of 40th day enrollment information submitted to the State in October of each year. The total enrollment by grade and student attributes, excluding Pre-Kindergarten, is used to calculate the budget allocation earned via Atlanta Public Schools Student Success Funding formula for each school.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING POLICIES

The district prepares monthly financial reports with variance analyses and explanations. An independent certified public accounting firm performs an annual audit and issues opinions on the district's financial statements.

SPLOST PROJECTS BUDGET OVERVIEW

SPLOST PROJECTS BUDGET OVERVIEW

Atlanta Independent School System receives SPLOST (Special Purpose Local Option Sales Tax) proceeds from Fulton County and DeKalb County.

It is a penny levied on purchases and sales that is used exclusively for capital efforts of the District. This tax must be voter approved for a limited time duration.

This funding is kept separate in a SPLOST fund. The current SPLOST is time limited for five years. Each "SPLOST" must be voted on independently and those funds are not comingled, with the exception of projects planned to be funded over a long time. SPLOST allows for a regular source of capital funding.

Capital projects funded by SPLOST proceeds are specifically identified in Referendum. The City of Atlanta is within two counties. Therefore, the use in each county is different.

Fulton County SPLOST Activities:

- Upgrading security/safety issues at all schools.
- Providing athletic fields and play fields improvements to support the physical education and athletic programs.
- Providing staff development and instructional support facilities

DeKalb County SPLOST Activities:

- Construction
- Renovations
- Modifications
- Additions
- Priorities deemed priorities set forth in the Build Smart Master Facilities Plan.

Capitalization for Fixed Assets:

Fixed assets may be acquired through donation, purchase, capital lease or may be self-constructed.

Based on the type of acquisition, the following valuation guidelines should be used:

- Donated property will be the fair market value at the time of the donation.
- Purchased property shall be the "historical" initial cost, plus the trade-in value of any old asset given up, plus all costs related to placing the new asset into operation. Costs could include, but not limited to, the following:
 - Freight charges
 - Legal and title fees
 - Closing costs
 - Appraisal and negotiation fees
 - Surveying fees
 - Land-preparation costs
 - Demolition costs
 - Relocation costs
 - Architect and accounting fees

- Insurance premiums and interest costs during construction

Self-constructed property will include all costs of the actual construction. When a capital asset is acquired, the funding source will be identified as either a governmental fund, proprietary fund, or component unit.

The minimum thresholds to be used in the determination of whether to capitalize or expense an item are the following:

Class of Fixed Asset	Significant Value
Machinery & Equipment; Furnishings; Vehicles	\$ 50,000 or more
Buildings	\$ 50,000 or more
Building Improvements	\$ 50,000 or more
Land	Any Amount
Land Improvements	\$ 50,000 or more
Software	\$1,000,000 or more
Intangible Assets	\$1,000,000 or more

Land: Land acquired by purchase is recorded at cost to include the amount paid for the land itself and any other costs. Land acquired by gift or bequest is recorded at the fair market value at the date of acquisition. When the land is acquired along with erected buildings, total cost is allocated between the land and buildings with value proportionate at the date of acquisition. Land is not a depreciable asset. Land will be capitalized, regardless of cost.

Land Improvements: Land Improvements may include such items as site work, sewer systems, parking lots, outdoor lighting, covered walkways, tennis courts, running tracks, grandstands, soccer fields, and baseball or softball fields.

Buildings: Buildings will be recorded at either their acquisition or construction cost. If a building is acquired through purchase; the capitalized cost should include the purchase price and other incidental expenses associated with acquisition. If a building is constructed, the capitalized cost should include all constructions costs such as architect payments, contractor payments, engineering fees, and miscellaneous expenses. Cost to furnish the building such as furniture and equipment will not be included in the building's capitalized cost. The constructed building will be capitalized upon completion of the project when it is deemed ready for its intended use. All the major component units of the building, such as HVAC, plumbing system, sprinkler systems and elevators may be included in the capitalized cost of the building.

Building Additions: Building additions can be defined as self-standing structures or extensions to a pre-existing building. The costs of the additions will include all construction costs. Building additions will be capitalized separately and depreciated over the remaining useful life of the original structure, not over the useful life of the addition itself.

Building Improvements

- **Component Units (HVAC, plumbing systems, sprinkler system, elevators, etc.):** When building component units are replaced, the new component unit will be capitalized separately, and each old component will be disposed removing it from the Asset Management system. However, if the original component unit was included in the original construction cost, it will not be removed since it was not a separately valued component. The new component unit will be depreciated over the remaining useful life of the building.
- **Major Renovations or Alterations:** Any major renovations or alterations within an existing building will be recorded at their construction costs and capitalized separately. These renovations or alterations will be depreciated over the remaining useful life of the original structure.

- Repairs: Costs deemed to be for maintenance or repairs will be expensed in the current period regardless of amount.

Construction in Process: This includes all construction costs for buildings, building additions, building improvements or land improvements that are not complete and ready for their intended use by the end of the current fiscal year.

Machinery & Equipment, Furnishings or Vehicles: Costs to purchase machinery, equipment, vehicles, or furnishings that are \$50,000 or more per item and have an average life of more than one year will be capitalized.

Works of Art and Historical Treasures: The District's works of art and historical treasures will not be capitalized.

Leased Assets: Operating leases will be capitalized if one or more of the following criteria are met and the chance of cancellation is low:

- Ownership is transferred by the end of the lease term.
- The lease contains a bargain purchase option.
- The lease term is greater than or equal to 75 percent of the asset's service life.
- The present value of the minimum lease payment is greater than or equal to ninety percent (90%) of the fair market value of the asset at the inception of the lease.
- Capital lease items are capitalized at the beginning of the lease period, regardless of when the title transfers. Capital leases are recorded at net present value of lease payments.

Depreciation for Fixed Assets: Fixed assets will be depreciated over the estimated useful life of the asset. Factors that assist in determining an asset's estimated useful life include the following:

- Assets present condition
- Use of the asset
- Construction type
- Industry or historical standards on how long an asset is expected to meet service demands.
- The length of the agreement or contract under which the asset was obtained, such as a capital lease.

Depreciation will be calculated using the straight-line method. The District will record depreciation expense on all capital assets, except for land. Depreciation will be calculated over the estimated useful life of the asset. The District will use the following estimations of the useful lives for assets:

Class of Fixed Asset	Estimated Useful Life
Land	n/a
Land Improvements	10 to 20 years
Buildings	20 to 50 years
Building Improvements	10 to 30 years
Furniture and Fixtures	3 to 15 years
Vehicles	5 to 8 years
Equipment	3 to 15 years

Disposition or Removal for Fixed Assets: Assets may be removed from the Asset Management system for several reasons. Reasons for the removal of an asset may include, but are not limited to, the following:

- Donated

- Exchanged
- Demolished
- Damaged beyond repair
- Sold
- Surplus
- Theft
- Obsolescence

When fixed assets are sold or otherwise disposed of, the Asset Management system should be relieved of the cost of the asset and the associated accumulated depreciation. The appropriate depreciation will be taken the year of the disposal. Losses should be included in general government-type expenses; gains should be reported as general revenue.

Impairment for Fixed Assets: The District shall evaluate annually prominent events or changes in circumstances affecting assets to determine whether an impairment of a capital asset has occurred. If a permanently impaired asset will continue to be used by the Atlanta Independent School System, the organization must determine the amount of impairment for purposes of reporting for any assets with a net book value of \$100,000 or more.

Measurement of the impairment will be dependent on the District's continued use of the asset. If the asset will no longer be used by the District, the lower of carrying value or fair value should be reported and disclosure should be made of the amount of the impaired assets that are idle at fiscal year-end. If the asset will continue to be used by the District, the asset should be written down based on the nature of the impairment and a loss reported.

How the impairment loss is reported depends on whether the impairment is considered a program expense in the Statement of Activities or an operating expense in the Statement of Revenues, Expenses, and Changes in Fund Net Assets, a special item, or an extraordinary item.

If the loss is reported as a program expense in the Statement of Activities, it should be reported as a direct expense of the program that uses or used the impaired capital asset.

CAPITAL IMPROVEMENT PLAN/E- SPLOST FUND SUMMARY

CAPITAL IMPROVEMENT PLAN / E-SPLOST FUND SUMMARY

An Education Special Purpose Local Option Sales Tax (E-SPLOST) is a one-penny tax that may be used by Georgia school systems for capital improvements and/or long-term debt reduction from previous bonds. School systems must ask permission from the voters in their district, through a referendum, in order to implement a SPLOST. By law, a SPLOST expires after five years unless citizens vote to renew it. SPLOST 2017 was approved by voters May 2016 and went into effect July 1, 2017. SPLOST 2022 was approved by voters November 2021 and went into effect on July 1, 2022.

The SPLOST 2017 (budgeted at \$464.3 million over five years but actual revenue was \$561 million) has a breakdown as follows:

CONSTRUCTION AND RENOVATION (\$208M)

Priorities include: Completing major renovation projects for schools in great need of physical upgrades, including several not addressed in prior E-SPLOST programs:

- Tuskegee Airmen Global Academy (Venetian ES/Connally ES merger), \$23.5M
- Morningside ES, \$20M
- Gideons ES, \$16.5M (includes \$6.5M from current E-SPLOST)
- D.H. Stanton ES, \$10M
- Humphries ES, \$10M
- Hollis Innovation Academy (Kennedy Building), \$10M
- West Manor ES, \$10M

Addressing capacity challenges in the Grady Cluster:

- Middle school for Grady Cluster (former historic Howard HS), \$47M (includes \$5M from current E-SPLOST)
- Grady HS, \$33M
- Walden Athletic Complex (\$8M from current E-SPLOST)

BUILDING INFRASTRUCTURES & SYSTEMS (\$128.1M)

Projects will be funded based on need and availability of resources, based on the following criteria (in priority order):

- Fire protection/safety
- Critical HVAC
- Roofs & enclosures
- Electrical
- Plumbing and other factors

DEBT SERVICE/COPS (\$35.8M)

Payments of over \$7 million per year for 5 years to retire certificates of participation (COPs) debt for the new North Atlanta High School Project.

TECHNOLOGY INFRASTRUCTURE & EDUCATIONAL SUPPORT EQUIPMENT (\$47M)

Priorities include:

- Investing in up-to-date hardware for students and employees
- Upgrading critical infrastructure including school intranet
- Implementing necessary system upgrades
- Ensuring students and employees have access to newest instructional and operational software

VEHICLE REPLACEMENT / TRANSPORTATION (\$16.3M)

- Transporting students in safe and reliable buses (Recommended replacement metric is 10 years or 100,000 miles; 367 of 406 buses will meet or exceed 10 years of age at the end of the SPLOST cycle in the year 2022)
- Providing maintenance, IT, athletic, operations, and security staff with safe and reliable work vehicles (163 of 266 vehicles will meet or exceed 15 years of age the end of the SPLOST cycle in 2022).

ATHLETIC FIELDS & UPGRADES (\$9.1M)

Priorities include:

- Ensuring all high schools have field houses and artificial turf (\$8.1M)
- Complete upgrades to Grady (\$600K) and Lakewood (\$400K) Stadiums, per facility assessments
- Complete necessary upgrades at Cheney Field to provide much needed relief for athletic competition space (if funds allow)

THE NEW SPLOST 2022 (BUDGETED AT \$520 MILLION) HAS A BREAKDOWN AS FOLLOWS:

CONSTRUCTION AND RENOVATION (\$146M)

Priorities include: Completing major renovation projects for schools in great need of physical upgrades, including several not addressed in prior E-SPLOST programs:

- Toomer Elementary Schools (ES) (Addition and Renovation) (\$20.7M)
- C.W. Hill Building/Kindezi O4W Charter (Renovation) (\$14.4M)
- Oglethorpe Building/North Metro (Renovation) (\$11.2M)
- F.L. Stanton ES (Renovation) (\$19.2M)
- Hank Aaron New Beginnings Academy (Cafeteria and Gym Addition) (\$10.1M)
- Northwest Transportation (New Bus Depot) (\$13.2M)
- Cook Building/Wesley International Charter (Renovation) (\$8.7M)
- Jackson ES/Main Campus (Renovation) (\$12.7M)
- Peyton Forest ES (Addition) (\$27.7M)
- Miles ES (Renovation & Parking Addition) (\$8.1M)

Retaining Wall East Elevation

Underground Plumbing Rough-In

Retaining Wall North Elevation

Cooler freezer demo is complete

Continue Underground plumbing in area

Continue installing refrigerant piping overhead

Continue installing new conduit overhead

BUILDING INFRASTRUCTURES & SYSTEMS (\$174.1M)

Projects will be funded based on need and availability of resources, based on the following criteria (in priority order):

- Infrastructure Projects Systems Replacement (6 projects, ranging from \$6.8M-\$15.1) (\$62.3M)
- HVAC Standalone Projects (8 projects, ranging from \$2.1M-\$6.9M) (\$36.1M)
- Roofs Standalone Projects (8 Projects, ranging from \$0.3M-\$2.6M)
- Break/Fix (2.0M per year) (\$10.0M)
- Electrical Switchgear (8 of 13) (\$3.2M)
- Furniture Fixtures and Equipment (FFE) (\$3.5M)
- Generators (18 of 34) (\$11.4M)
- Grease Traps (5 of 12) (\$2.7M)
- General Infrastructure (\$2.1M per year) (\$10.5M)
- Theater/Auditorium Equipment Upgrades (5 of 5) (\$5.0M)
- LED Marquee Signs (9 Schools) (\$0.9M)
- Program Contingency (\$13.1M)

ATHLETIC FIELDS & UPGRADES (\$29.8M)

Priorities include:

- High School Bleacher Initiative (10 HS) (\$9.0M)
- Turf & Track Refresh at High Schools (\$12.4M)
- Athletic Infrastructure Refresh (e.g., tennis, softball, stadiums, etc.) (\$8.4M)

NUTRITION/KITCHENS (\$5M)

- Walk-in Cooler and Freezer Temperature Monitoring System (81 Kitchens) (\$4.05M)
- Reach-in Blast Chillers (50 Kitchens) (\$1.12M)
- Walk-in Cooler and Freezer Refrigeration Upgrade (60 Kitchens) \$900K)
- Equipment Replacement (50 Kitchens) (\$1.5M)
- Menu Display Monitors (162 Kitchens) (\$130K)
- Equipment for New Construction (1 Kitchen) (\$600K)
- Program Contingency (\$345K)

SAFETY & SECURITY (\$30.2M)

- Security Vestibules at 53 Schools (35 ES, 9 Middle Schools (MS) and 9 High Schools (HS) (\$23.M)
- Upgrades to the Intercoms Systems, CCTV Systems, Fire Alarms, Intrusion Protection Systems and Ballistic Film (\$6.9M)

TECHNOLOGY INFRASTRUCTURE & EDUCATIONAL SUPPORT EQUIPMENT (\$52M)

Priorities include:

- New HPE Nimble Storage environment (\$0.4M)
- HPE Synergy Servers (\$0.7M)
- Uninterrupted Power Supplies (\$0.4M)
- Voice System-UCS Hard Drive Upgrade (\$.02M)
- Upgrade remaining Cisco Desk Phones (\$0.5M)
- Technology/Classroom Management Solution (\$0.3M)
- Lawson Implementation Services (\$1.0M)
- PVE Server Clusters & Backup System (\$0.2M)
- Network Access Control (NAC) Solution for MS & ES (\$0.2M)
- Wireless Access Point Upgrade (\$2.5M)
- Palo Alto Firewalls Trays (\$0.1M)
- HP Switch Replacement (\$3.5M)
- Firewall Hardware Upgrade (\$0.7M)
- Devices for students (e.g., Chromebooks, iPads, etc.) (\$25.0M)
- Auditorium Upgrades and A/V accessories (\$0.6M)
- LED Panels for Classrooms (\$5.3M)
- Devices for teachers, school staff (including accessories)-Laptops, Desktops, etc. (\$6.0M)
- Devices for non-school staff (including accessories)-Laptops, Desktops, etc. (\$4.0M)
- Replacement of School Marquee Signs (10 Units) (\$0.5M)
- Hotspots & Broadband for students needing connectivity at home (\$0.0M)

VEHICLE REPLACEMENT / TRANSPORTATION (\$17.5M)

- Bus Replacement (with air conditioning) (\$13.3M)
- Transportation Fuel Tank Construction (\$1.0M)
- Safety Vehicle Replacement (\$0.8M)
- Security Vehicle Replacement (\$0.1M)
- Logistics Service Center Vehicle Replacement (\$0.1M)

- Facilities Vehicle Replacement (\$2.0M)
- IT Vehicle Replacement (\$0.1M)
- Program Contingency (\$0.1M)

SURPLUS BUILDING/DEMOLITION (\$5.8M)

- Venetian Hills Building (\$1.0M)
- Anderson Park Building (\$0.6M)
- Carey Building (\$0.5M)
- Pryor Street Building (\$0.7M)
- A.D. Williams Building (\$1.5M)
- Brewer Building (\$0.5M)
- Program Contingency (\$1.0M)

PROPERTY ACQUISITION (\$5.0M)

DEBT SERVICE/COPS (\$39M)

Payments of over \$7 million per year for 5 years to retire certificates of participation (COPs) debt for the new North Atlanta High School Project.

PROGRAM MANAGEMENT (\$16.1M)

LIFE CYCLE OF MAJOR BUILDING SYSTEMS

The district completed an updated Facilities Needs Assessment of each facility in late 2020. The last such assessment was completed in 2015. The data from the past and the current assessments has informed and will continue to inform our decision-making process in the prioritization of major capital projects. Capital project are currently funded by revenue from a Special Purpose Local Option Sales Tax (or SPLOST). The current SPLOST funding was approved in Nov 2021 and receipts began in Jul 2022 and will cover a 60-month period to Jun 2027.

COMPONENT / SYSTEM	LIFE CYCLE (years)
Access Control	15
Building Envelope	30
Burglar Alarm	15
CCTV	15
Electrical	30
Fire Alarm	15
Flooring	20
HVAC Controls	20
HVAC Equipment	20
Intercom	15
Site / Drainage / Landscape	30
Painting	7
Plumbing	30
Roofing	20

While it does vary significantly by component and location, the basic life cycle that can be expected from major building systems is noted in the matrix that follows.

DEBT AND OPEB OBLIGATIONS

INTERGOVERNMENTAL AGREEMENT

Over the years, the City of Atlanta has issued various annual general obligation bonds and general obligation refunding bonds on behalf of the School System. The debt service for the bonds has been funded through the School System's bonded debt portion of the annual tax levy. The maturity date for the bond is June 30, 2027. The bonded debt portion of property taxes collected by the City on behalf of the School System is retained by the City and used to pay the annual debt service on the outstanding bonds. The debt service payments are calculated using assumptions and estimates based on the most current information available. General Obligation Bonds currently outstanding at the City of Atlanta on behalf of the School System are as follows:

EDUCATION REFORM SUCCESS, INC. (ERS)

In June 2011, ERS issued Series 2011A certificates of participation on behalf of the School System in the amount of \$72,460,000. The proceeds from the certificates were used to finance the construction and renovation of North Atlanta High School. For Series 2011A, interest-only payments are due on March 1 and September 1 of each year until the maturity date of March 1, 2027, with interest rates varying from 5.457% to 5.657%.

CHANGE IN LONG-TERM DEBT AND OBLIGATIONS

Changes in long-term debt and obligations during the fiscal year ended June 30, 2022 were as follows:

	Beginning Balance	Additions	Deductions	Ending Balance	Amounts Due within One Year	Amounts Due in More Than One Year
Governmental activities:

FINANCED PURCHASES FROM DIRECT BORROWING

The School System has entered in a financed purchase agreement for student laptops. The agreement matures on August 3, 2025 and bears an interest rate of 2.72%. Debt service payments of varying amounts are made annually on August 3 beginning on August 3, 2021. As of June 30, 2022, the outstanding balance on the purchase agreement is \$12,863,406 and the accumulated depreciation on the laptops acquired under the financed purchase is \$4,399,171. Annual depreciation of this asset is included in depreciation expense.

The debt service requirements to maturity on the School System's financed purchases are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 4,173,319	\$ 349,702	\$ 4,523,021
2024	4,286,774	236,247	4,523,021

RETIREMENT PLANS

Atlanta Independent School System participates in two (2) defined benefit pension plans: the Teachers Retirement System of Georgia ("TRS") and the City of Atlanta General Employees' Pension Plan (the "Plan").

Plan Description: All teachers of the School System as defined in §47-3-60 of the Official Code of Georgia Annotated (O.C.G.A.) and certain other support personnel as defined by §47-3-63 are provided a pension through the Teachers Retirement System of Georgia. TRS, a cost-sharing multiple-employer defined benefit pension plan, is administered by the TRS Board of Trustees (TRS Board). Title 47 of the O.C.G.A. assigns the authority to establish and amend the benefit provisions to the State Legislature. TRS issues a publicly available financial report that can be obtained at www.trsga.com/publications.

Benefits Provided: TRS provides service retirement, disability retirement, and death benefits for its members. Normal retirement benefits are determined as 2% of the average of the employee's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. An employee is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. Ten years of service is required for disability and death benefits eligibility. Disability benefits are based on the employee's creditable service and compensation up to the time of disability. Death benefits equal the amount that would be payable to the employee's beneficiary had the employee retired on the date of death. Death benefits are based on the employee's creditable service and compensation up to the date of death.

Contributions: Per Title 47 of the O.C.G.A., contribution requirements of active employees and participating employers, as actuarially determined, are established and may be amended by the TRS

Board. Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employer by the State of Georgia. Contributions are expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Employees were required to contribute 6.00 % of their annual pay during fiscal year 2022. The School System's contractually required contribution rate for the fiscal year ended June 30, 2022 was 19.81% of annual payroll. School System contributions to TRS were \$73,401,454 for the fiscal year ended June 30, 2022.

OTHER POST EMPLOYMENT BENEFITS (OPEB)

Georgia School Employees Postemployment Benefit Fund

Plan Description: The School System participates in the State of Georgia School Employees Postemployment Benefit Fund (the "School OPEB Fund") which is another postemployment benefit (OPEB) plan administered by the State of Georgia Department of Community Health (DCH). Certified teachers and non-certified employees of the School System as defined in §20-2875 of the Official Code of Georgia Annotated (O.C.G.A.) are provided OPEB through the School OPEB Fund - a cost-sharing multiple-employer defined benefit postemployment healthcare plan, reported as an employee trust fund of the State of Georgia and administered by a Board of Community Health (DCH Board). Title 20 of the O.C.G.A. assigns the authority to establish and amend the benefit terms of the group health plan to the DCH Board. The School OPEB Fund is included in the State of Georgia Annual Comprehensive Financial Report which is publicly available and can be obtained at <https://sao.georgia.gov/statewide-reporting/acfr>.

Benefits: The School OPEB Fund provides healthcare benefits for retirees and their dependents due under the group health plan for public school teachers, including librarians, other certified employees of public schools, regional educational service agencies, and non-certified public school employees. Retiree medical eligibility is attained when an employee retires and is immediately eligible to draw a retirement annuity from Employees' Retirement System (ERS), Georgia Judicial Retirement System (JRS), Legislative Retirement System (LRS), Teachers Retirement System (TRS) or Public School Employees Retirement System (PSERS). If elected, dependent coverage starts on the same day as retiree coverage. Medicare-eligible retirees are offered Standard and Premium Medicare Advantage plan options. Non-Medicare eligible retiree plan options include Health Reimbursement Arrangement (HRA), Health Maintenance Organization (HMO) and a High Deductible Health Plan (HDHP). The School OPEB Fund also pays for administrative expenses of the fund. By law, no other use of the assets of the School OPEB Fund is permitted.

Contributions: As established by the Board of Community Health, the School OPEB Fund is substantially funded on a pay-as-you-go basis; that is, annual cost of providing benefits will be financed in the same year as claims occur. Contributions required and made to the School OPEB Fund from the School System were \$1,948 per covered employee, totaling \$10,709,587 for the fiscal year ended June 30, 2022. Active employees are not required to contribute to the School OPEB Fund.

At June 30, 2022, the School System reported a liability of \$311,254,040 for its proportionate share of the net OPEB liability.

INFORMATIONAL SECTION

PROPERTY TAXES

Property taxes (also called ad valorem taxes) are locally assessed taxes and the major source of district financial funding. The Fulton and DeKalb County Appraisal Offices appraise property located in the district, while the district (a local taxing unit) sets tax rates and collects property taxes based on those values. The property tax is a result of multiplying the millage rate by the assessed value less any exemptions.

Tax rates for properties are the same for each class of property (residential, commercial, etc.) The assessed value is 40% of the fair market value as determined by the property appraiser. That rate then may be adjusted downwards by exemptions depending upon the nature of the property (ex: basic homestead) or the homeowner's status (ex: age / income exemptions). This value is then multiplied by the millage rate to achieve the annual tax bill.

Tax Bill for Typical \$325,000 Homesteaded Property			
Fiscal Year	Tax Year	Millage Rate	Total Tax Bill
2019	2018	20.74	\$ 1,037.00
2020	2019	20.74	\$ 1,037.00
2021	2020	20.74	\$ 1,037.00
2022	2021	20.74	\$ 1,037.00
2023	2022	20.5	\$ 1,025.00
2024	2023	20.5	\$ 1,025.00

Almost 78% of this year's General Fund revenue used to operate Atlanta Public Schools is derived using this simple formula: the value of the tax digest multiplied by the millage rate.

	Proposed Millage at 20.500		Proposed Full Roll Back at 18.784	
Without Homestead Exemption:				
Home Value	\$325,000	\$325,000	\$625,000	\$625,000
Assessed Value (at 40%)	\$130,000	\$130,000	\$250,000	\$250,000
Millage Value	\$2,665	\$2,442	\$4,696	\$5,125
Tax increase/(decrease)	\$0	\$223		\$429
With Homestead Exemption:				
Home Value	\$325,000	\$325,000	\$625,000	\$625,000
Assessed Value (at 40%)	\$130,000	\$130,000	\$250,000	\$250,000
Less Homestead* (50,0000)	\$80,000	\$80,000	\$200,000	\$200,000
Millage Value	\$1,640	\$1,503	\$4,100	\$3,757
Tax increase/(decrease)	\$0	\$137		\$343

*First \$10,000 of value is still taxed

The Atlanta Board of Education kept the millage rate constant at 20.740 from 2018 through 2021. Slight increases in the digest through reassessment of property and through new construction kept the district in operation with a consistent tax rate. For the FY2023 (2022) digest, we were able to provide some relief to taxpayers with a partial roll-back to a millage rate of 20.500 and for FY2024 (2023) we will maintain the same rate of 20.500.

APS receives Property Tax (less Ad Valorem) as the biggest revenue source. Local revenue compromises almost 78% of the General Fund budget. Our 2nd largest revenue stream is from state revenue. The other revenue sources are comprised of other local taxes that APS collects that total only \$27 million for FY2024.

ASSESSED VALUE OF TAXABLE PROPERTY

Assessed values are established by the Fulton & DeKalb Counties Board of Tax Assessors on January 1 of each year at 40% of the market value.

The Atlanta economy has been growing at a steady rate and the population has been increasing. The City of Atlanta added 14,300 residents in the past year, nearly three times the previous 12-month period, bringing the city’s population to 521,315. Atlanta’s growth spurt reflects a surge in multi-family housing unit construction which is expected to continue. The forecast accounts for the growth in population and housing and hence the digest has been grown at 8% for the fiscal years 2025, 2026 and 2027.

STATISTICAL & SUPPLEMENTAL INFORMATION

SNAPSHOT OF ATLANTA PUBLIC SCHOOLS

APS marked its 150th anniversary this year, having been established in 1872. As one of the oldest districts in Georgia, APS is home to many notable alumni, including civil-rights activists, renowned engineers, scientists, entertainers, nationally elected officials, and professional athletes. The District is also home to Booker T. Washington High School, the oldest high school in Atlanta, built to educate African-American students.

The District continues to reinforce its commitment to APS stakeholders through academic excellence, educational equity, ethics and engagement. We remain focused on becoming a high performing school district where students love to learn, educators inspire, families engage, and the community trusts the system.

APS began implementing the Common Core Georgia Performance Standards (CCGPS) at the start of the 2013 school year and moved to full implementation of the Standards at the start of the 2014 school year. The CCGPS are more rigorous than Georgia's previous standards and are designed to ensure that students obtain the knowledge and skills required to meet 21st century challenges such as strong verbal and written communications, perseverance in problem solving, technical reading and writing, literacy across disciplines, and mathematics proficiency.

Since becoming a Charter System in 2016, APS has used its autonomy and flexibility to develop innovative ways to overcome challenges so that it can ensure every student in every neighborhood has the tools, resources, and support needed to be successful.

The Charter System philosophy supports the belief that a district must want to truly change how it does business and that, in order to increase student achievement, schools must be operated in a different way, with greater parent and community buy-in at every single school. Schools are empowered to develop solutions free from the established educational bureaucracy of legislature driven education mandates, State Board rules, and even the District's own policies and practices. With this flexibility, the district and its schools in turn agree to be held accountable for significant increases in student achievement.

The Charter System model has become a vehicle for changing APS culture throughout the organization; building an academic program that meets the needs of all students; providing support needed to sustain signature programs throughout the district; developing a funding model that maximizes transparency while providing autonomy and flexibility to schools; and allowing true, authentic decision-making at the school level by local school governance teams (GO Teams).

ENROLLMENT & STAFFING PROJECTIONS

Atlanta Public Schools uses a modified cohort survival method to forecast future student enrollment. Firstly, the department assumes a natural progression through the grades (e.g., current seventh graders will become next year's eighth graders). Next, the department determines student yield factors based on the number of students that certain types of developments traditionally produce. Those factors are then multiplied by the number of new housing units in an area to predict the number of additional students generated by new housing.

Finally, mobility factors are applied to each grade which considers the in- and out-migration of students. For instance, some areas may see more ninth graders enrolling in school than last year's eighth graders and new housing development alone may predict.

For future kindergarten students, birth factors are determined based on current and historical trends.

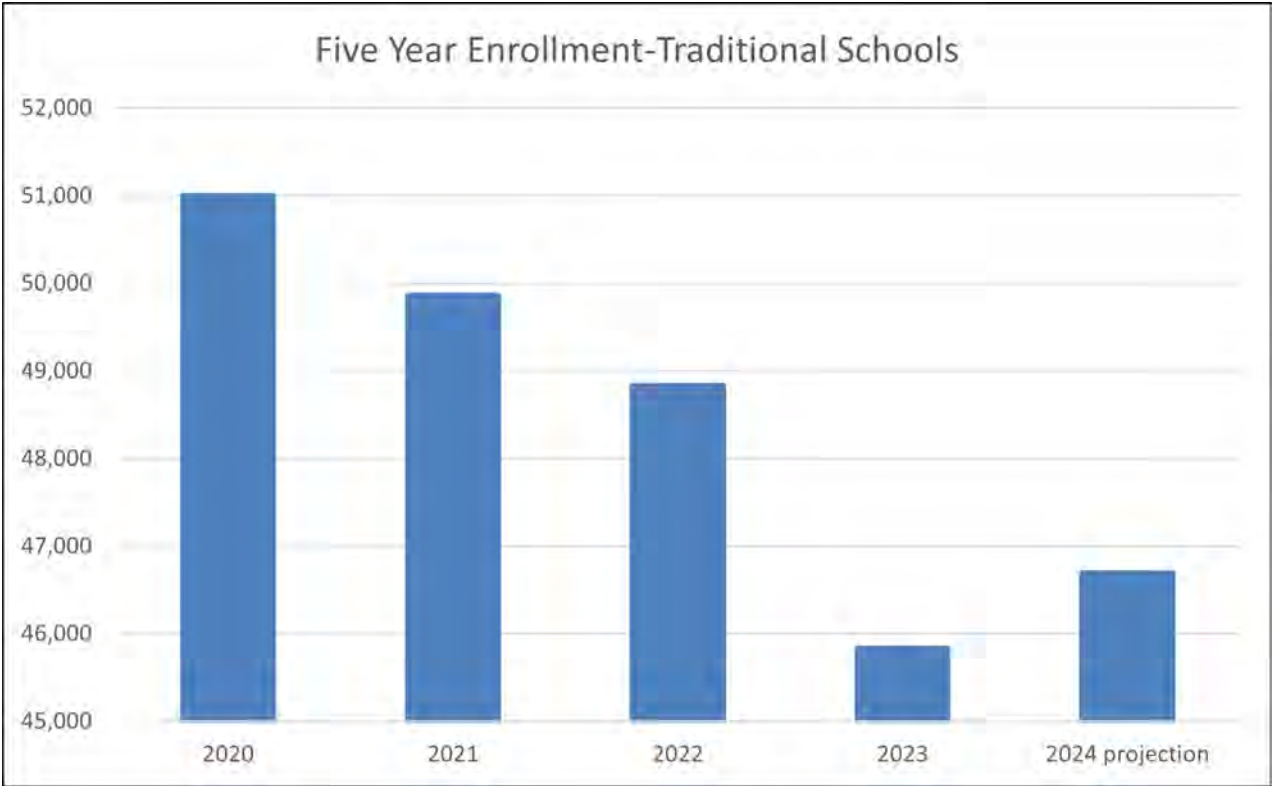

Additional factors that go into the enrollment forecast for each school include special programs at the individual schools such as Pre-kindergarten and special education. Planning staff also consider transfers between schools and out-of- district students.

Preliminary forecasts are shared with principals, with an invitation to comment on the numbers. Oftentimes, principals may be aware of future changes within their communities which can aid to further refine the forecast (e.g., an apartment complex may be planning an expansion or renovation).

Residential development has been occurring in the city, but the district's enrollment has not yet caught up to it, as it is a lagging indicator. APS expects to see a slight uptick in enrollments for the next few years because of this. This growth, however, might be mitigated as recent kindergarten enrollment numbers have been declining. Added complexity to the forecasting efforts is the local issues concerning annexation by the city and student growth through those measures. APS is continually updating forecasts with these factors in mind.

STUDENT PERFORMANCE MEASURES

With most of the district's resources going into the classroom it is a priority to ensure that these resources are assisting students in academic areas. Standardized testing is one measure used to ensure that students are receiving and retaining information in the classroom for core subjects. The Georgia Milestones Assessment System is designed to provide information about how well students are mastering the state-adopted content standards in the core content areas of language arts, mathematics, science, and social studies.

Importantly, Georgia Milestones is designed to provide students with critical information about their own achievement and their readiness for their next level of learning – be it the next grade, the next course, or endeavor (college or career). Informing parents, educators, and the public about how well students are learning important content is an essential aspect of any educational assessment and accountability system. Parents, the public, and policy makers, including local school districts and boards of education, can use the results as a barometer of the quality of educational opportunity provided throughout the state of Georgia. As such, Georgia Milestones serves as a key component of the state's accountability system – the College and Career Ready Performance Index (CCRPI).

This rating is an important indicator for the district as part of the Charter System operating model. If an individual school's actual CCRPI is above the predicted range, then that school beat the odds. "We view these schools as major success stories," State School Superintendent Richard Woods said. "In fact, it's difficult to fully express the magnitude of what they've achieved. Statistically, a high rate of poverty presents multiple barriers to achievement, but these schools are beating the odds and doing excellent work on behalf of Georgia students."

Georgia Milestones Assessment Format:

The Georgia Milestones Assessment System (Georgia Milestones) is a comprehensive summative assessment program spanning grades 3 through high school. Georgia Milestones measures how well students have learned the knowledge and skills outlined in the state-adopted content standards in language arts, mathematics, science, and social studies. Students in grades 3 through 8 will take an end-of-grade assessment in each content area, while high school students will take an end-of-course assessment for each of the eight courses designated by the State Board of Education.

Features of the Georgia Milestone Assessment System include:

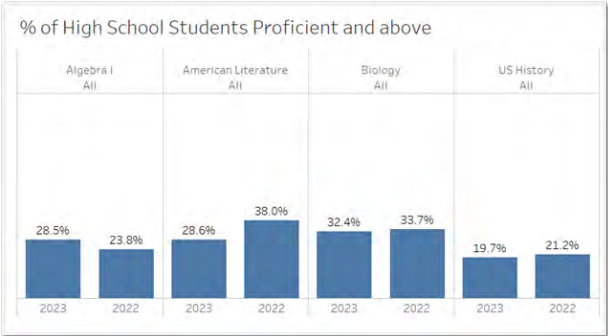

- open-ended (constructed response) items in language arts and mathematics (all grades and courses).
- a writing component (in response to passages read by students) at every grade level and course within the language arts assessment.
- norm-referenced items in all content areas and courses, to complement the criterion-referenced information and to provide a national comparison; and transition to online administration over time, with online administration considered the primary mode of administration and paper-pencil as back-up until the transition is complete.

During the 2021-2022 school year, the Georgia Department of Education released an alternative version of CCRPI that focused on content mastery and a modified version of readiness. The following schools earned scores of at least 80 in 2022 on content mastery.

Jackson Elementary	Elementary	100.0

2023 Georgia Milestones

APS saw gains in English Language Arts (ELA) and Math compared to the Spring 2021-2022 results. Our scores indicate 33.3% of APS students in grades 3-8 scored proficient or above in ELA compared to 31.2% for Spring 2021-2022 and 28.7% scored at proficient or above in Math as compared to 26.0%. Disaggregated by grade bands, the gains show an even greater picture of the impact of our work.

Here are several highlights from the 2023 Milestones Assessments:

- 58 schools saw increases in the percent of students performing at or above proficient on the End-of-Grade ELA assessment compared to the 2021-2022 school year. The greatest increase was seen by Burgess-Peterson Academy, which improved from 53.4 percent to 67.0 percent.
- 56 schools saw increases in the percentage of students performing at or above proficient on the End-of-Grade Math assessment. Atlanta Classical Academy showed the greatest increase, 57.6 percent to 71.4 percent.
- 27 schools saw increases in the percent of students performing at or above proficient on the End-of-Grade Science assessment, with John Lewis Invictus Academy showing the greatest increase, 7.4 percent to 23.1 percent.
- 15 schools saw increases in the percentage of students performing at or above proficient on the End-of-Grade Social Studies assessment. The Kindezi School showed the greatest increase at 42.9 percent, up from 5.3 percent in 2021-2022.
- 4 schools saw increases in the percent of students performing at or above proficient on the American Literature and Composition Spring End-of-Course assessment with Atlanta Classical Academy achieving the highest increase at 93.9 percent, up from 75.0 percent.
- 14 schools saw increases in the percent of students performing at or above proficient on the Spring Algebra End-of-Course assessment. John Lewis Invictus Academy had the largest increase, 100 percent compared to 0 percent.
- 9 schools saw increases in the percent of students performing at or above proficient on the Spring Biology End-of-Course assessment, with Atlanta Classical Academy showing the greatest gain, 79.2 percent compared to 68.5 percent.
- 7 schools saw increases in the percent of students performing at or above proficient on the Spring U.S. History End-of-Course assessment. Coretta Scott King Young Women's Leadership Academy showed the greatest improvement – 42.9 percent compared to 15.8 percent.

Other major highlights:

- Atlanta Public Schools reaches its all-time graduation rate high of 84.0 percent for cohort 2022. By achieving its all-time high graduation rate, APS has narrowed the gap with the state rate – 84.1% – to a difference of 0.1 percentage points. This is the first time that APS has been this close to the state graduation rate.

Atlanta Public Schools Four-year Graduation Rates

* The Governor's Office of Student Achievement (GOSA) defines these as non-traditional schools.

- Of the 16 schools with graduating classes, seven achieved percentage-point gains compared to 2021. The largest increase was at Mays High School, which achieved a 13.0-percentage-point gain. Other schools achieving gains include KIPP Collegiate (+7.0), BEST MS/HS (+3.6), Atlanta Classical (+3.4), Therrell (+2.5), Carver Early College (+1.3), and South Atlanta (+1.2).

- In addition, six schools had graduation rates greater than 90 percent: Coretta Scott King Young Women's Leadership Academy (100%), Drew Secondary (98.4%), BEST MS/HS (96.3%), Atlanta Classical Academy (96.1%), KIPP Collegiate (92.1%), and Carver Early College (91.7%).

DISTRICT GRADUATION AND DROPOUT RATE

To comply with the No Child Left Behind Act of 2001 (NCLB), Georgia has defined a graduate as a student who leaves high school with a Regular Diploma (this does not include Certificates of Attendance or Special Education Diplomas) in the standard time (i.e., 4 years).

The graduation rate calculation is the number of graduates divided by the number of students that attended the school. The number of students that attended the school is based on any student reported in the Student Record and excludes no-shows.

Students are reported as dropouts if they leave school for one of the following reasons:

- Marriage
- Expelled
- Financial Hardship/Job
- Incarcerated/Under Jurisdiction of Juvenile or Criminal Justice Authority
- Low Grades/School Failure
- Military
- Adult Education/Postsecondary
- Pregnant/Parent
- Removed for lack of attendance
- Serious illness/Accident
- Unknown

The dropout rate calculation is the number of students with a withdrawal code corresponding to a dropout divided by the number of students that attended the school. The number of students that attended the school is based on any student reported in the Student Record and excludes no-shows.

AVERAGE SAT SCORES (HIGHEST)

The SAT is a college admissions test developed by the College Board and Educational Testing Service. The SAT consists of Math, Evidence-based Reading and Writing, and an optional Essay components. The scoring format for the SAT was revised in March 2016 as well as several test features.

The total score for an individual is calculated by adding the section scores (Math and Evidence-based Reading and Writing). Each section score ranges from 200-800, for a possible total score ranging from 400-1600. The optional essay component receives three scores ranging from 2-8; there is no composite score for the essay component.

The College Board releases SAT scores annually by reporting on the scores for seniors from their most recent administration. Some colleges, however, may take into consideration for college admission a student’s highest section score, even if received on separate testing administrations. GOSA presents SAT results in both ways. Only school, system, and state scores based on the most recent administration can be compared to the national scores. It should also be noted that the national scores released by The College Board include both private as well as public school students.

This report displays the average highest total SAT score across state, district, and school levels.

ACT SCORES

The ACT is a college admissions test developed by the American College Testing Program. The ACT results are based on student scores from their most recent administration so that they are comparable to the national averages released by The American College Testing Program. An ACT composite score is a combination of the component scores in the areas of English, mathematics, reading, and science reasoning. Composite and component scores range from 1 to 36. The school and system ACT data are for public schools in Georgia. The state results are for all Georgia schools, public and non-public.

The data-sets contain comparison data of the average highest composite and component ACT scores for all students.

GLOSSARY OF TERMS / ACRONYMS

This section contains definitions of terms used in this document and additional terms as deemed necessary to achieve common understanding concerning financial accounting procedures. School activity funds are defined as all local school funds derived by any public school from all activities or sources. Some of the definitions shown are taken or adapted from the recommendations of the National Committee on Governmental Accounting.

ABE – Atlanta Board of Education

Account - A record of financial transactions that is similar in terms of a given frame of reference such as purpose, objective, or source.

Accounting System - The recording and reporting of activities and events affecting the money of an administrative unit and its programs. Specifically, it describes: (1) what accounting records are to be maintained, how they will be maintained, and the procedures, methods, and forms to be used; (2) data recording, classifying, and summarizing activities or events; (3) analyzing and interpreting recorded data; and (4) preparing and initiating reports and statements which reflect conditions as of a given date, the results of operations for a specific period, and the evaluation of status and results of operation in terms of established objectives.

Accrue - to record revenues when earned, or when levies are made and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received, or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds. See also Accrual Basis.

Accrual Basis of Accounting - The basis of accounting under which revenues are recorded when levies are made and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received, or the payment is actually made. See also Revenue and Expenditures.

ACFR – Annual Comprehensive Financial Report

ADAP – Alcohol and Drug Awareness Program

Appropriation - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in amount and as to the time when it may be expended.

APS – Atlanta Public Schools

ARC – Atlanta Regional Commission

Asset - Something of value that is owned by an entity. Assets, Fixed - Land, buildings, machinery, furniture, and other equipment that the school system intends to hold or continue in use over a long

period of time. "Fixed" denotes probability of intent to continue use or possession and does not indicate immobility of an asset.

Audit - An examination of records and documents by an auditor in the process of securing evidence for one or more of the following purposes: (a) determining the propriety of completed transactions, (b) ascertaining whether all transactions have been recorded, (c) determining whether transactions are accurately recorded in the accounts and in the statements drawn from the accounts.

AVA – Atlanta Virtual Academy

AVID – Advancement via Individual Determination

Balance - The difference between the total debits and the total credits of an account; the total of an account containing only debits or only credits.

Balance Sheet - A financial statement disclosing the assets, liabilities and equity of an entity at a specified date in conformity with GAAP.

Balanced Budget - A financial plan where revenues equal, or exceed, expenditures.

BCM – Budget Center Manager

Budget and Finance Advisory Committee (BFAC) - In advisory body established by the Superintendent to provide guidance and counsel on matters of budget and finance, as determined by the district's administration.

Board of Education, District - The elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers State boards, intermediate administrative unit boards, and local basic administrative unit boards.

Bond – A written promise, generally under seal, to pay a specified sum of money, called the face value, at a fixed time in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality.

Bonded Debt - The part of the school district debt that is covered by outstanding bonds of the district. Sometimes this is called "Funded Debt."

Budget - A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget making authority together with a summary of the proposed expenditures and the means of financing them. The second part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. The third part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates.

Budget Calendar - The schedule of key dates used in the preparation and adoption of the Annual Budget.

Budget Control - The control or management of the business affairs of the school district in accordance with an approved budget with a responsibility to keep expenditures within the authorized amounts.

Budget Document - The instrument used as a comprehensive financial plan of operations of the Board of Education.

CACFP – Child and Adult Care Food Program

Capital Funds – Monies set aside for the purchase of capital or fixed assets, such as land, equipment, and buildings.

Capital Projects – Long term investment projects aimed to acquire, develop, improve, and/or maintain an organization's capital assets.

Capital Outlay - Expenditures for land or existing buildings, improvement of grounds, construction of buildings, additions to buildings, remodeling of buildings, or equipment.

Cash - Currency, checks, postal and express money orders, and bank deposits including certificates of deposit.

CCRPI – College and Career Ready Performance Index

Certified Tax Digest - An annual property tax digest certified by the tax receiver or tax commissioner of a county to the Department of Revenue and approved by the State Revenue Commissioner.

CFO – Chief Financial Officer

Classification, Function - As applied to expenditures, this term has reference to an activity or service aimed at accomplishing a certain purpose or end; for example, Instruction, School Administration, Plant Maintenance and Operation.

Classification, Object - As applied to expenditures, this term has reference to an article or service received; for example, payroll costs purchased and contracted services, materials, and supplies.

Consolidation of Funds - Consolidation of funds means that each schoolwide school treats the funds it is consolidating as a single “pool” of funds. Funds from the contributing programs lose their identity – but not all the benefits and the school use funds from this consolidated schoolwide (SW) pool to support any activity of the SW Plan

CRCT – Criterion Referenced Competency Tests

Cost per Student - Financial data (either budget or expenditures) for a given period of time divided by a pupil unit of measure (average daily membership, average daily attendance, etc.).

CTAE – Career, Technical, and Agricultural Education

CTI – Career and Technical Instruction

Debt - An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

Deficit - The excess of the obligations of an account over its resources.

Disbursements - Payments for goods and services.

DLI – Dual Language Immersion

EIP – Early Intervention Program

Elementary School - A school classified as elementary by state and local statutes or practice and composed of kindergarten through grade five.

ELL – English Language Learners

Encumbrance - A restriction of available money by issuance of a purchase order.

Encumbrance Accounting - A system or procedure which involves giving recognition in the accounting budgetary expenditure control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

EOC – End of Course

EOG – End of Grade

Equipment - A material item of a non-expendable nature, such as a built-in facility, a movable or fixed unit of furniture or furnishings, an instrument or apparatus, a machine (including attachments), instructional skill-training device, or a set of small articles with parts are that replaceable or repairable, the whole retaining its identity and utility over a period of time which is characteristic for items of its class.

ESOL - English to Speakers of Other Languages

ESSA – Every Student Succeeds Act

Expenditures - Decreases in net financial resources. If accounts are kept on the accrual basis, this includes total charges incurred, whether paid or unpaid. On the cash bases, payments are termed disbursements.

Expenses - Outflows or other using up of assets or incur of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

FCC – Federal Communications Commission

FDIC – Federal Deposit Insurance Corporation

FFVP – Fresh Fruit and Vegetable Program

FHLMC – Federal Home Loan Mortgage Corporation

Financial Statement - A formal written presentation that sets forth information concerning the financial condition of the school internal funds.

Fiscal Period - Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of operations and requirements for managerial control and reporting.

Fiscal Year - A twelve-month period of time to which the annual budget applies, and at the end of which a local education agency determines its financial position and the results of its operations.

Fixed Assets - Land, buildings, machinery, furniture, and other equipment which the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue use or possession and does not indicate immobility of an asset.

FNMA – Federal National Mortgage Association

Forecast - A projection made for the development of next fiscal year's budget. The projection is based primarily on the annualized cost of providing the same level of services as in the current year.

FTE – Full Time Equivalent

Function - An accounting term relating to both the budget and the financial report. A "function" is a grouping of activities being performed for which salaries and other types of direct costs are expended and accounted. Functions and sub functions consist of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities should be combinable, comparable, relatable and mutually exclusive. Both the budget and the financial reports group activities within "functions".

Fund - A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, and expenditures (or expenses) necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for purposes of legal compliance, different natures of the activities performed, measurement of different objectives, and to facilitate management control.

Fund Balance - The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

Fund Balance, Unreserved - The portion of Fund Balance that is not reserved for encumbrances, debt service or similar items.

Fund, Capital Projects - Used to account for all resources used for acquiring capital sites, buildings, and equipment as specified by the related bond issue. Capital project funds are designated to account for acquisition or construction of capital outlay assets that are not acquired directly by the general fund, special revenue funds, or enterprise funds. Capital project funds have been developed to account for the proceeds of a specific bond issue and revenue from other possible sources which is designated for capital outlay, i.e., for land, buildings, and equipment.

Fund, Debt Services - Used to finance and account for payment of principal and interest on all long-term general obligation debts. Debt service funds are used to accumulate resources over the outstanding life of the bond issue in an amount equal to the maturity value. Cash of the debt service may be invested in income producing securities that are converted back into cash at the maturity date for use in retiring bonds.

Fund, Enterprise - Used to finance and account for the acquisition, operations, and maintenance of school district facilities and services which are entirely or predominantly self-supportive by user charges. Budgetary accounts and formal budgetary accounting are recommended for Enterprise Funds. The accounting consists primarily of proper recording of receipts and disbursements.

Fund, General - The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some

other particular purpose.

Fund, Special Revenue - A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

ACADEMICS AND SCHOOLS

ACADEMICS & SCHOOLS

FY2024

PURPOSE

The Academics Division is focused on providing direct support to schools through a variety of programs and services including: curriculum & instruction, social & emotional learning, professional learning, early learning, Career, Technical and Agricultural Education (CTAE) , student services, special education, student assignment & records, summer & after school, etc. Following significant restructuring in past years, the FY24 focus is on continued streamlining of services and redirecting of resources to schools.

1230 READING/LANGUAGE ARTS

FY2024

PURPOSE

Reading/Language Arts will foster and support the implementation of the Georgia Standards of Excellence in English/Language Arts. Funds are included to support instructional resources that are targeted for increasing student learning and support of phonemic and phonological awareness. Additionally, funds provide opportunities for teachers and leaders to participate in ongoing, job-embedded professional learning so that students are able to become strategic readers, effective communicators, engaging speakers, and critical thinkers. Aligned with our district's strategic plan, the Reading/Language Arts budget includes funding for targeted professional learning and curricular resources aimed at appropriately differentiating instruction for striving readers and writers.

1235 FOREIGN LANGUAGE

FY2024

PURPOSE

This budget supports the K-12 World Languages and the Dual Language Immersion (DLI) programs. Both programs are designed to develop and enhance student competence to communicate effectively and to interact with cultural competence in local and global communities. For students to succeed in a global economy, they will need to possess a new set of skills that were not required for the success of prior generations. Regional expertise, cross-cultural competence, and advanced language proficiency are no longer skills reserved only for those who plan for a career overseas - they are skills that will enhance any career field, encourage international investment in our city and state, and develop a workforce that is successful in working on diverse international teams to collaborate and solve global problems. Developing international perspectives and advanced language proficiency are the fastest route to success in an increasingly competitive global economy. The funds for program 1235 include the salaries for the Director for ESOL, DLI, and World Languages, a coordinator for World Language, and two teacher support specialists. Funds also include the cost of supplemental resources and professional learning emphasizing proficiency-based classroom instruction with a continued focus on building oral proficiency through comprehensible input pedagogy.

1237 ESOL/BILINGUAL

FY2024

PURPOSE

The ESOL program is a standards-based instructional program designed to promote academic and social language development for eligible students. ESOL instruction is guided by the WIDA English Language Development Standards and grade-level content area Georgia Standards of Excellence. Students in the ESOL program develop proficiency in the language domains of listening, speaking, reading, and writing while simultaneously acquiring academic content knowledge and skills. The ESOL program is federally mandated for eligible students in grades K-12. Per federal law, district-home and school-home communication must be provided in a language the parent/guardian understands at no cost to the parent. The funds in this program include the salaries of 3.0 fulltime staff and 5 hourly staff who provide the translation and interpretation services for the district and all schools and outreach and engagement activities for English Learner and immigrant families and 90% of the salaries for 3.0 fulltime staff who support and ensure the effective implementation ESOL instructional program.

1243 MATHEMATICS

FY2024

PURPOSE

The Office of Mathematics seeks to support the development of all students as problem solvers through effective, consistent and impactful implementation to the letter and spirit of the Georgia Standards of Excellence for Mathematics, with hopes that they attain significantly higher levels of student achievement in mathematics as measured by state and/or national assessments and common district performance assessments (NCSM, 2013). To this end, the Office of Mathematics will provide instructional staff and administrators, purposeful and targeted support specifically designed to build teacher capacity toward equitable mathematics pedagogy. In continuing the implementation of a continuous learning model designed to promote the development of positive mathematics learner identities, we are also designing opportunities for advanced and accelerated mathematics placement for students. In order to ensure that ALL students and teachers have access to rigorous learning experiences aligned to state standards, inclusive of mathematics enrichment experiences, equity pedagogy, and the Standards for Mathematical Practice (SMP), the budget outlines funds to support effective professional learning, provisions for resources and stipends, and mathematics programming.

1248 SCIENCE

FY2024

PURPOSE

The K-12 science program is designed to provide students with the knowledge and practices for mastery of content standards in science. The Science program is also designed to increase opportunities for students to engage in real world scientific experimentation and engineering practices. Opportunities include engagement in local, state, and national science based extension activities. Professional learning resources are provided to support the new Georgia Standards of Excellence in Science: Science and Engineering Practices, Crosscutting Concepts, and Core Ideas with a focus on argumentation and the use of models. Additionally, targeted professional learning and endorsement programs are provided to enhance the content knowledge of non-science content educators. Professional learning includes supporting inquiry based instruction, 5E model lesson, Argumentation, Project Based and Problem based learning are funded by this program.

1255 SOCIAL SCIENCE

FY2024

PURPOSE

The social studies program will foster and support the implementation of the Georgia Standards of Excellence in Social Studies. Funds are included to support instructional resources that are targeted for increasing student learning and support of social studies instruction. Additionally, funds provide opportunities for teachers and leaders to participate in ongoing, job-embedded professional learning so that students are able to become strategic learners, effective communicators, engaging speakers, and critical thinkers. Aligned with our district's strategic plan, the social studies budget includes targeted professional learning, curricular resources, provisions for meaningful student experiences, content area enrichment projects, and programming aimed at appropriately differentiating instruction for all APS students.

1266 PHYSICAL ED ELEMENTARY

FY2024

PURPOSE

Supports a comprehensive health and physical education curriculum grades K-12, plus provides the support for CPR-AED and First Aid instruction/equipment, and delivers the Georgia Department of Driver Services Alcohol and Drug Awareness Program (ADAP) to all high school students. In grades K-12 it addresses a planned, age appropriate, program of instruction that provides information about the use, misuse and abuse of alcohol, tobacco (including vaping), disease prevention, environmental health, nutrition, safety, growth and development, consumer health, community health, health careers, family living, violence prevention, human trafficking, stress reduction, legal, and illegal drugs as well as sex education/AIDS education. In grades 4-12 it delivers the Fitness assessment program, an annual assessment measuring and reporting health related fitness in the areas of aerobic capacity, body composition, flexibility, muscular strength, and muscular endurance to all student enrolled in physical education classes. The program's outcome is to provide all students with a robust, well-rounded educational experience, reduce childhood obesity, and promote lifelong physical activity, fitness, and a healthy lifestyle.

1268 FINE ARTS

FY2024

PURPOSE

The arts are an essential human experience for all that should be taught by engaging and highly trained arts educators using 21st century skills. The vision of the Office of Fine and Performing Arts is to develop a caring, creative, and diverse community immersed in rigorous instruction that inspires globally aware arts advocates who will graduate ready for college and career. In order to achieve this vision, students and teachers must have the adequate materials, supplies, instruments, and equipment necessary to perform, produce, and master content standards and teachers must be engaged in content-specific professional learning. In this section, you can go into further detail. Make your content more accessible by writing short sentences, choosing words and phrases you'd use when talking to a neighbor, and avoiding jargon.

1299 EARLY LEARNING

FY2024

PURPOSE

To support early learning by ensuring schools have the resources, knowledge, and mindsets necessary to support students in making a smooth transition from Pre-K to K through 3rd grade. Additionally, to continue to support the recruitment and retention of high-quality pre-kindergarten teachers and assistants by providing employment incentives through competitive salaries and pay parity.

1303 GIFTED AND TALENTED

FY2024

PURPOSE

Program 1303 coordinates and supports the gifted identification process, program implementation, and the capacity building of staff. A variety of state-approved delivery models are used to ensure identified students receive the minimum requirements of 5 segments per week. The program also supports the charter schools by providing guidance for program development and student identification. Additionally, charter school teachers participate in the gifted endorsement program.

1305 GIFTED AND TALENTED SUMMER PROGRAM

FY2024

PURPOSE

Provides XANADU for gifted and high achievers in grades K-12 for four weeks during the summer. XANADU means “a place of wonderment and awe” and was selected as the summer enrichment program name because the aim of the program is to enrich the learning experiences of students. Students engage in morning academic classes where they focus on creative and critical thinking skills. The afternoon classes are comprised of fine arts classes which culminate in a closing production.

1309 SCHOOL SOCIAL WORKERS

FY2024

PURPOSE

School social work is a specialized area of practice in the broad field of social work. Many of the economic, educational, and social challenges in the families of school-aged children have increased over the years, thus expanding the scope of services provided by the school social worker. These services include, but are not limited to, supporting student attendance to school; providing uniforms, shoes and clothing; supporting the educational needs of homeless children. Ultimately, school social work practice creates a link between home, school, and community by bringing people together to promote the educational success of students.

1310 HEALTH

FY2024

PURPOSE

Health Services includes support of school nurses who are, full-time, hourly and contracted. The mission of the School Health Services Program is to support and enhance educational achievement by improving and protecting the health status of students through prevention of illness, early detection, and removal or modification of health-related barriers to learning. School-based nursing service allocations are data-driven based on the number of students with documented health conditions, required therapeutic physician ordered treatments for individual students during school hours, and school enrollment. Additionally, Health Services serves as the liaison with new and current School based Health Clinics in APS.

1512 OFFICE OF STUDENT SERVICES

FY2024

PURPOSE

The Office of Student Services (OSS) provides comprehensive, collaborative, and coordinated services to students, staff, parents, and communities to ensure that all efforts focus on student success and the goals central to the Atlanta Public Schools' strategic plan. Additionally, these programs are fundamental to providing wrap-around services. OSS develops and coordinates early intervention strategies to ensure that curriculum, instruction, and behavioral practices best meet the educational needs of all students.

1698 SCHOOL DISCIPLINE (NOW RISE)

FY2024

PURPOSE

Ensures teachers and students have school environments that are safe, supportive, and conducive to teaching and learning. Creating a supportive school climate—and decreasing suspensions and expulsions—requires close attention to the social, emotional, and behavioral needs of all students.

9650 IT VIRTUAL SCHOOLS

FY2024

PURPOSE

Atlanta Virtual Academy (AVA) is a NCAA approved program designed to provide students an alternative, flexible approach to increase opportunities for academic success. Students completing courses can gain initial credit, recover credit and/or accelerate. Students enroll in courses during the day as part of their regular schedule or after school in addition to their regular schedule. AVA's curriculum includes both online and offline resources for a well-rounded learning experience.

CENTER FOR EQUITY AND SOCIAL JUSTICE

CENTER FOR EQUITY & SOCIAL JUSTICE

FY2024

PURPOSE

The Atlanta Public Schools Center for Equity and Social Justice (CES) is committed to ensuring EVERY APS student thrives — not by accident, but by design. CES is the district's first office devoted solely to advancing equity in education. CES will examine current policies and practices, work to interrupt and eliminate inequitable practices, and create inclusive and just conditions for all students, in particular ensuring that our most vulnerable and marginalized students receive a quality education, including the necessary social-emotional supports, and enroll in supportive postsecondary institutions.

FINANCE

FY2024

PURPOSE

Resource stewardship is a central perspective of the district. The Finance Division is made up of seven departments and is responsible for preparing, maintaining and presenting the district's budget, managing the financial transaction records related to the daily operations of the school district, ensure appropriate controls are placed in operation and that risks of material misstatement are mitigated, procuring staff-requested goods and services at the most economical cost for the highest possible quality, and protecting the district against the adverse effects of accidental loss in the areas of personnel, property, liability, and income.

1513 TESTING AND ASSESSMENT

FY2024

PURPOSE

The Atlanta Public Schools' Testing + Assessment Program (part of the Data + Information Group) supports teaching and learning by measuring achievement of the state-mandated curriculum and sharing results with students, teachers, and administrators in order to identify successes and areas for improvement. Testing + Assessment in APS includes state and national summative assessments as well as interim formative and diagnostic tests. The assessment of student learning provides a basis for promoting student achievement, institutional effectiveness, and the continuous improvement of student support. The Data + Information Group is comprised of the Analytics + Accountability, Research + Evaluation, Student Information + Applications, and Testing + Assessment teams.

1681 RESEARCH AND EVALUATION

FY2024

PURPOSE

The mission of the Research + Evaluation department (part of the Data + Information Group) is to provide analytics to inform school improvement and inform the strategic direction based on the most current and meaningful research and internal evaluation. Currently, R + E provides direct support to schools through the production of actionable data, the support and professional learning provided by Data Strategists, and the management of the College and Career Ready Performance Index (CCRPI) used for statewide accountability. Important projects to note include a partnership with Georgia State University to establish a joint research agenda that benefits the field of educational research and, most importantly, the students of APS. The Data + Information Group is comprised of the Analytics + Accountability, Research + Evaluation, Student Information + Applications, and Testing + Assessment teams.

8207 STRATEGY AND CHARTER SYSTEM

FY2024

PURPOSE

The charter system transition budget provides the necessary resources for the implementation of the charter system operating model across all district-wide schools. The budget supports major charter system support processes including elections of local school boards, training and communication tools, and methods with governance teams, administration, and the general public.
