RETURN+LEARN

PARTITIONS: SCIENCE & SAFETY

Each learning pod has individual, sturdy partitions to mitigate the spread of aerosolized droplets that facilitate the spread of germs. Students will have an assigned learning pod and station; it will be sanitized daily. This is just one way that JLIA is helping to flatten the curve. Students will eat their meals in their learning stations to limit close contact with others while they are maskless. We are committed to keeping our students, faculty, and staff safe!

RETURN + LEARN

APS has a robust plan to allow our faculty, staff, and students return to our buildings safely. Click the [RETURN+LEARN](#) link above to learn more about the District's vision to phase in students back to the building. At JLIA, we anticipate that our 6th-8th graders who chose the face-to-face (F2F) option will return to our campus on Tuesday, February 16th. If you have *not* elected to return to F2F learning, it is too late, and your student(s) must remain virtual. We will have a townhall for all parents/guardians of F2F students. Stay tuned for more information.

WATER STATIONS

We are fortunate to have a consummate maintenance team that is lead by our Building Engineer, Mr. Harvey. He and his team have ensured that our bathrooms are fully functional, and stocked with anti-bacterial hand soap. In addition, they have installed two automated water stations that deliver cold, filtered water. Students are permitted to bring empty, clear water bottles, and then safely fill them at our water stations. We are reducing waste, as we ensure safety ensues in all areas of our campus.

#RENEWED, MASKED UP, & READY TO LEARN

Remember--students will be required to wear a mask at all times (except while eating/drinking). This is an APS mandate, and we will enforce it to ensure everyone's safety. We are looking forward to welcoming our Royal Lions back to our campus! We have missed you! Let's all come back #ReNEWed, Masked Up, and Ready to Learn with Perseverance, Respect, Integrity, Disciplined, Excellence--that spells P.R.I.D.E.
