Complete updates to Strategic Plan by selecting ranked Items for completion:

***Select chair and members of Family Engagement Committee-** Sarah Richards volunteered to chair our Family Engagement Committee.

6:35 – 6:55: **Discussion Items**

Data Review- The team will discuss the GMAS scores at a later date.

Rezoning issues- Mrs. Sofianos gave an overview of the Grady Cluster Go Team Meeting regarding rezoning. Since the initial letters went out to families affected by the rezoning, some changes have been proposed as a result of concerns voiced at the meeting with Dr. Carstarphen. The rezoning will take place in phases. Currently, the district is trying to find a Kindergarten Annex for next school year to relieve the overcrowding concerns facing our school. Mrs. Sofianos is already touring potential locations. The team discussed further ways that we can impact and stay involved in the rezoning decisions concerning our school, the cluster, and district wide. It is important that the entire cluster understand that other schools could be impacted by growth and face rezoning due to over capacity. We need to think out of the box, be proactive, stay informed about the school and cluster growth patterns, and provide continuous communication to the school community.

Strategic Plan- The team reviewed our plan and talked about making minor changes to the Lexile expectations for each grade and revisiting our current mission and vision

statements. The team will continue to work on prioritizing our goals and create an action plan.

6:55 – 7:00: **Announcements and Adjournment**
